SCHEDULE A

DESCRIPTION OF PROGRAM AND PURPOSES:

The *Case Management Summit – Linkage to Services for Older Adults in Long Beach* is a preliminary step needed to understand the landscape of services and referral networks available to the older population in Long Beach. The overarching goal of the summit is to begin formulating an integrated health and social services linkage to care network for older adults in Long Beach. The summit will consist of a ½ day meeting to be held in Long Beach and facilitated by a consultant experienced in guiding a process similar to that described below. The summit participants will include up to 50 field case management staff representatives of health plans, government, hospitals and community-based organizations from throughout the County of Los Angeles that provide services in Long Beach. Summit participants will expand on sharing information that will be used for a gap analysis via mapping of service access points, transportation links and availability of services for older adults in Long Beach. The summit participants will also provide context for identifying cross-agency training opportunities for future development. Together, the group will explore the strengths and limitations of LBDHHS service capacity to improve the quality of life of older adults in Long Beach.

The following are the project objectives:

Objectives	Tasks/ Activities	Expected Completion Date	Assigned Person/ Deliverables
1. By September 2015, LBDHHS staff will have engaged at minimum 50 case management workers to participate in the Linkage to Services for Older Adults in Long Beach Summit.	LBDHHS staff and consultant will: a) Plan and coordinate summit logistics. b) Facilitate summit presentations and work groups c) Compile key summit findings, including map resource and referral systems currently in place; conduct gap analysis of service systems.	October 2015	The final measures for this objective are: a) Receive 80% or higher summit participants' satisfaction rate. b) Complete summit key findings report and mapping of existing service and referral networks

December 2015	LBDHHS staff will identify three key cross-agency training opportunities and possible funding streams for further development.

	b) Network nexus points where referrals can be improved.		
3. By December 2015, LBDHHS will have a Master's level intern conduct a state and county budget and resource allocation analysis report of older adult services within SPA 8, with specific emphasis on Long Beach	LBDHHS will: a) Secure a summer/fall intern LBDHHS intern will work with staff to: b) Develop budget analysis report on older adult related services; c) Electronically disseminate summit key findings report and state/county analysis.	December 2015	The final output for this objective is the electronic dissemination of the summit key findings report and budget analysis via our various web-links and social media.

The *Case Management Summit – Linkage to Services for Older Adults in Long Beach* is an essential step in laying out the ground work to support the Older Adult Theory of Change (OATC). The OATC model connects the Police Department, City and County Public Health Departments, and Adult Protective Services as lead service agencies that bridge population-specific community agencies to form an OATC committee. The case management summit will result in shared definitions (platform) on how to best provide services for older adults, an understanding of the strengths and limitations of LBDHHS service capacity network(s) and identification of how to improve the network(s) through cross-training opportunities. Deliverables for this project will include a summit key findings report and mapping of service and referral networks within Long Beach, a state and county analysis of funding resources of older adult services within our service area, and the identification of three cross-agency capacity building opportunities to enhance and begin integrating a service network. Both the summit report and budget analysis will be made available to the public through LBDHHS's LiveWell website, a free open data, and community information portal, and on the CLB-Health Department site.
