HONORABLE MAYOR AND CITY COUNCIL
City of Long Beach
California

RECOMMENDATION:

Authorize the City Manager to execute an Assignment Consent Agreement for Facility/Pipeline Permit Nos. P-160-89 and P-217-02 from Chemoil Refining Corporation to Chemoil Terminals Corporation, in accordance with Section 15.44.220, Permit-Transfer, of the City of Long Beach Municipal Code. (Districts 1, 6, 7)

DISCUSSION

The Chemoil Refining Corporation is requesting consent to assign its interest in Facility/Pipeline Permit Nos. P-160-89 and P-217-02 to Chemoil Terminals Corporation. The permits include gasoline and crude oil pipelines ranging in size from 4 inches to 10 ¾ inches, with lengths that total 35,941 feet. The routes of the pipelines in City property are shown on the attached vicinity map.

Since this is only a transfer of ownership with no use modifications, there will be no excavating involved as a result of this action. Liability insurance and bonding for faithful performance, as required by Section 15.44.220, Permit-Transfer, of the Long Beach Municipal Code, will be processed following City Council authorization of the consent for assignment.

This matter was reviewed by Deputy City Attorney Lisa Peskay Malmsten on May 10, 2005.

TIMING CONSIDERATIONS

City Council action on this matter is not time critical.

FISCAL IMPACT

An estimated pipeline permit fee of \$32,046 for the two permits will be deposited annually to the General Fund (GP) in the Department of Public Works (PW).
