

### eComments Report for City Council Meeting Agenda of July 1, 2014

Item	Name	E-mail	Street	Neighborhood	City	St	Zip	Comment	Received
25. (14-0485) Recommendation to receive information and provide direction relative to the geotechnical analysis peer-review report for the Ocean Boulevard (Bluff) Erosion and Enhancement Phase 2 project. (District 3)	Dianne Sundstrom	dianne.sundstrom@verizon.net		East Side	Long Beach	California	90814	<p>Please consider</p> <p>Work on the park portion of the bluff should be finished ASAP</p> <p>For portions not covered in shotcrete, consider other options for stabilization. I would favor an alternative that re-slopes the toe of the beach and uses native vegetation</p> <p>Removing shotcrete should be considered.</p> <p>Direct staff to improve their collaborative efforts with neighborhoods</p> <p>Direct staff to review and correct problems with early phases of the project.</p> <p>Dianne Sundstrom 4507 E Barker Way, LB</p>	7/1/14
25. (14-0485) Recommendation to receive information and provide direction relative to the geotechnical analysis peer-review report for the Ocean Boulevard (Bluff) Erosion and Enhancement Phase 2 project. (District 3)	David Fiala	dcfiala@gmail.com		East Side	Long Beach	California	90804	<p>Our City deserves to have a beautiful bluff / beach frontage. The shotcrete that is in place should be removed at whatever expense and a natural looking alternative put in its place. The shotcrete leaves a sorry impression to anyone who glances at it. We can have a beautiful .looking shoreline if you take a position that requires it. Please considering removing the shotcrete.</p>	7/1/14
