Re: Application No. 1912-09 (CUP19-044)

Dear Mr. Lopez,

In regards to your notice of incomplete documents, please see below for our response:

Operating Statement

1. Whole facility will be generally open from 9:00AM - 5:00PM, Monday through Saturday. Sunday service on the 2nd Sunday of each month. Open from 9:00 - 3:00. On the other Sundays, all buildings closed unless there are any special events. Special events may happen 2 - 3 time a year.

2. The new building (church) will start off every morning at 8:45AM with daily prayer performed by a minister. There may be some members in attendance (very small number). During the day, members and the public will be allowed to worship during open hours. On the 2nd Sunday of each month, the general membership will attend the Gratitude Service at 10:00 AM. Greetings and lectures will be presented by the ministers. Kitchen area may be used to serve refreshments and at times lunch. The church may also be used for special presentations to the public addressing spiritual energy healing and other wellness programs.

Existing building

-North building: currently used to hold services and wellness programs until the new church building is completed. After the new church building is completed, this building will be primarily used for spiritual energy healing. Also, smaller presentations and studies may be done here. In the small office area, administrative work is done there (prep room, security monitoring).

-South building: Daycare will not be continued. Instead, the west room will be used for meetings and a social relaxing area. The east room will be used for spiritual energy healing and other holistic wellness practices.

The middle courtyard area is being planned for a meditation garden with water elements and an area to do spiritual energy healing.

Thank you,
James Miyake
