26. (19-0207) Recommendation to approve naming the new chambers at the Civic Center the "Bob Foster Civic Chambers".	Bob Livingstone	boblivy@gmail.com						As I stated when this first came forward, Mr. Foster was good for some of the issues facing LB when he served, but anyone knowledgeable of LB history would clearly see that there are many more deserving of this naming of our civic meeting place (plus that pesky AR that says naming should happen only after one passes away). Consider Mayors Burton Chace, Ray Kealer, Ed Wade & Tom Clark or probably the most deserving civic servant in LB history, Harbor Commissioner Emmet Sullivan.	4/22/2019
28. (19-0393) Recommendation to authorize City Manager, or designee, to amend Contract No. 34122 with Comprehensive Housing Services, Inc., of Fountain Valley, CA; Contract No. 34110 with Harris & Associates, Inc., of Irvine, CA; Contract No. 34109 with Pacifica Services, Inc., of Pasadena, CA; Contract No. 34173 with Padilla & Associates, Inc., of Santa Ana, CA; Contract No. 34108 with Perceptive Enterprise, Inc., of Los Angeles, CA; and Contract No. 34123 with Contractor Compliance and Monitoring, Inc., of San Mateo, CA, for as-needed professional labor compliance monitoring services, to increase the annual aggregate contract amount by \$900,000, for a revised annual aggregate amount not to exceed \$1,500,000 through November 14, 2019, with the option to extend for an additional one-year period, if necessary. (Citywide)	Michael Facon	faxon5@outlook.com						We need SSOs at our airport for two reasons: 1. It's better to have a specialized trained detail, than one of the 800+ police officers the city employs who is just there for overtime. 2. It's more cost effective and will help keep fares down. The cost of one overtime police officer is more expensive than 3 SSOs	4/23/2019
29. (19-0394) Recommendation to receive and file the Factfinding Report issued by the Factfinding Panel as part of the impasse process; and Adopt resolution pursuant to California Government Code Section 3505.4, authorizing the implementation of the terms of the City's Last, Best and Final Offer, described in the October 24, 2018 correspondence to the International Association of Machinists and Aerospace Workers (IAM), detailing the Scope of Service on the Airport Security Division and Long Beach Police Department Integration. (Citywide)	Lily Lacuesta	lilylac3@gmail.com						I am very thankful to have the officers in green daily around the clock at the airport. I work there and deal with irrate people constantly and knowing the officers are there for protection makes my job easier. Prior to LB I worked at a airport where officers were not available and was often in desperate need of them. It's a very comforting environment knowing the officers are there to protect the people and airport. Officer Woodbey and Jeff L are among the most caring and best officers	4/23/2019

(Citywide)	Joseph Balderian	josephbalderian1972@gmail.com						Training is very important to the SSOs. The only thing that differentiate them from POs is that SSOs cannot make arrests, but otherwise, they also have the same training. If this is taken away from them, it will greatly diminish the SSOs range of effectiveness. The airport will receive the same, or even better quality of services from the SSOs cost effectively. I fully support the retention of training and skill options currently being maintained by the SSOs and expand their roles as sworns.	4/23/2019

(Citywide)	FJ Greene	francesjuamg@gmail.com						Long Beach Police violating someone else rights and it is gonna cost us the tax payers more money. The money machine has to be stopped. We need city council to stop the rampant abuse of power. We are tired of writing checks for their abuse and mismanagement. The airport has always been protected and been a jewel for the city but if this happens I am sure we will see that change. LBPD does not have enough Officers to patrol the street but the want more territory and responsibility.	4/22/2019

(Citywide)	Jeffrey Litzinger	franchise1377@gmail.com						The LBPD has stated that the IAM only submitted one proposal during the meet and confer process. While that is true it is very misleading. We were actively negotiating the items they want to take away. By providing a proposal asking for items we all ready have is in my opinion conceding to there demands. This was just another bullying tactic by the LBPD	4/22/2019

(Citywide)	Eric Woodbey	eric8871@gmail.com						With the Integration proposal by Chief Luna the Special Services officers will lose their law enforcement training and will not be allowed to respond to any law enforcement incident at the Long Beach airport. If you were being rape, robbed or assaulted it would be against policy of the Long Beach Police department for the Special Services officers to assist you. They would only be allowed to notify dispatch and wait for a response from LBPD.	4/22/2019
