Dear Mayor Foster and Members of the Long Beach City Council:

On behalf of my fellow board members, I am writing to express our **strong opposition** to the elimination of all General Fund support for Rancho Los Cerritos, as listed in **Plan B** of the City's FY10 budget book. This draconian proposal would result in shuttering the Rancho and **would have the negative long-term effect of destroying one of our cultural gems -- for near-term fiscal expediency.** Plan B suggests that our Foundation would eventually reopen Rancho Los Cerritos once we raise sufficient operational support. However, this is *not* our mandate as per our Operating Agreement with the City of Long Beach, *nor* is it realistic to think we can raise such sums once the City withdraws its own support and locks the doors!

Notwithstanding the City's fiscal challenges, we were shocked that the City would even think of closing Rancho Los Cerritos. Besides the great loss to the community, closing the site would **destroy the City's partnership with our Foundation and with Friends of Rancho Los Cerritos, the museum's volunteer support group,** by undermining our relationships with donors and our future ability to raise further money for the Rancho. Additionally, it would shut out hundreds of volunteers whose time and talents enrich our community. The Rancho is one of the most unique sites in the Parks, Recreation & Marine family – a **specialty park** actually – and the *only* park with both **State & National Historic Landmark** status within the City's boundaries. It currently provides nearly 5 acres of open space for families to share **quality time in a safe and nurturing environment,** and serves over 19,000 annually.

The Rancho offers educational programs and opportunities for children, teens, families, adults and seniors. Over 4,400 students participated in interactive tours this year that supplemented their studies of local and California history. Through our Teen Docent program we provided after-school tours and programs to hundreds of local youth. Our summer concert series this year has attracted record-breaking crowds, and we had over 1,700 attend *Mud Mania* last weekend – visitors from Long Beach and as far away as Corona, Lancaster and the Valley! These **programs provide healthy leisure-time alternatives and inspire, enrich, and connect people with our community, history and culture.**

The Rancho's programs rely heavily on volunteer support from **Friends of Rancho Los Cerritos**. The group currently **provides over 10,000 volunteer hours each year – the equivalent of 5 full time employees!** Friends also currently sponsor all public programs at the Rancho, paying for the concerts and providing supplies and entertainment for events.

15 years ago, upon the recommendation of a Mayor's Advisory Task Force that examined ways to enhance Rancho Los Cerritos, the City encouraged the formation of the Rancho Los Cerritos Foundation. As established, the Foundation was to work in partnership with the City, raising funds for restoration, new construction and educational enhancements while the City continued to provide general operating support for Rancho Los Cerritos. The Foundation developed a Master Plan for the site, later approved by the Long Beach City Council, and in the last two-and-a-half years, has raised \$3.8 million in funds from **individuals and grants** for construction of a much needed **Visitor Education Center** and associated improvements to enrich the visitor experience and upgrade site security. We expect to start construction in December of this year; this will **provide local jobs & economic stimulus for the city and residents.**

We understand that the City is facing significant fiscal challenges, and that under Plan A, Rancho Los Cerritos will sustain a 22% cut to its budget. Combined with last year's reduction, this equals **30% over two years.** *What does this mean for the Rancho?* The Rancho has already lost its full-time clerical position. Further cuts in FY10 will result in the **elimination of our school tours, teen programs, family events such as *Mud Mania*, and our ability to recruit and coordinate the work of volunteers.** Because these are essential educational services, the Foundation will have no choice but to rise to the challenge and replace the \$100,000 cut through vigorous new fundraising efforts in this next year—including site rentals and filming. **These efforts by the Foundation are intended as a stopgap measure, showing a good faith effort towards our public private partnership with the City of Long Beach. We trust that the City will restore this funding, e.g. eliminate the revenue commitment, once its fiscal situation has stabilized. Unlike our sister Rancho, Rancho Los Alamitos, the Rancho Los Cerritos Foundation was *not* formed to operate the site. We on the Foundation need to direct our efforts towards our mission--that of raising private dollars and grant funds for implementation of the Rancho Los Cerritos Master Plan.**

In conclusion, our board has agreed to accept the challenge of raising an additional \$100,000 this next year to maintain the current level of services at Rancho Los Cerritos, while at the same time continuing our capital campaign efforts and raising funds for our own development operations. This is an enormous task, but one we believe is necessary to ensure that Rancho Los Cerritos remains a vibrant part of our community's cultural and historical fabric. We ask in return that the Plan B option be unilaterally withdrawn from the table, and that you work with us to restore operational funding and security to Rancho Los Cerritos once the City's budget improves.

Sincerely,

Lovetta Kramer
Chair, Rancho Los Cerritos Foundation
