***** California Budget Forum *****

Forum on Cuts for Seniors and Persons with Disabilities

Friday, February 4, from 2:00-4:00 P.M.

First Congregational Church of Long Beach
Patterson Hall
241 Cedar Ave, Long Beach, CA 90802

Disabled Resources Center, Communities Actively Living Independent and Free, along with Beach-Wood Chapter of Californians for Disability Rights, are presenting a forum on preserving quality of life for our most vulnerable citizens.

All of our local state Assemblymembers and Senators have been invited to be there to talk with us.

Two questions that we hope to have answered are:

- What are our legislators doing to preserve the quality of life for persons who are on SSI?
- What can persons on SSI do to avoid the worst of the planned cuts?

This will be of interest to anyone who has a friend, parent, sibling, child, or other relative living in California who is receiving SSI/SSDI as well as persons living on SSI/SSDI.

For more information you may call: Ben Rockwell at (562) 432-0448
