Subject Please don't reject the appeals against the ATA deal - Have
a Hearing

Hello,

As a council member you have the authority to deliberate and examine.

I ask that you make use of that authority by having a hearing on the deal with the American Trucking Association.

The industry deal is a change that could reasonably be expected to have an affect on emissions. Therefore, it will trigger CEQA, by rubber stamping this deal you may be exposing the City to litigation.

And the industry deal does little to address community impacts compared to the Clean Trucks Program. It will bear the brunt that change. You owe it to them to find out more. Please hold a hearing.

Use your authority, and honor your office's responsibility, by examining the deal. Understand what you think is indeed losing.

You are the people's representative, please also be their advocate and make sure their interests are truly served.

Thank You

David Greene
