Subject: Basement Lounge

To whom it may concern:

I am the owner of unit 603 in the LaFayette and have lived here for over 9 years. I would like to state my support for The Basement Lounge which is across the street from my building.

As a resident, I am aware that there are a number of other businesses selling alcoholic beverages in the area and do not believe the Basement Lounge should be blamed for all of the problems on this block. I have chosen to live downtown and would expect others in the area who have made this choice to appreciate the thriving night life that comes with urban living.

It is my sincerest hope that this information is taken into consideration when the decision is made about their permit for entertainment with dancing.

Sincerely,
Amanda Garrick
Unit 603
The Lafayette
