

Dear Mayor and Council

Have you ever needed to get away from it all.....or walk down a beautiful tree-lined path.....or sit in quiet meditation.....or share the wonder of nature with your children or grandchildren?

It's within your reach at this City's very special El Dorado Nature Center. Please do not despoil this extraordinary gem by depleting its budget. We must preserve it, not only for now, but for many generations to come. We have entrusted you with our lives, our parks, our City, our taxpayer dollars.....How will you be remembered??

Diana Lejins

P.S. Please enjoy these photos of the nature center as you contemplate its fate.....

EL DORADO
NATURE
CENTER
LONG BEACH, CALIF.
