**RECOMMENDATION:**

To receive and file report on California League of Cities Policy Committee Meeting.

**DISCUSSION**

On January 17th, 2013, I traveled to Sacramento for a conference held by the California League of Cities. During this one-day visit, I attended a briefing held by the League on statewide issues affecting cities and participated in one of the League's policy committees. Among other topics, I advocated for an equitable distribution of Proposition 39 funding for cities, so that Long Beach and our peer municipalities can have the opportunity to apply for state clean energy grants.

**FISCAL IMPACT**

There is no significant fiscal impact for the receipt of this report.
