Hi Stuart,

It was a pleasure meeting you yesterday before the organizing meeting of the Queen Mary Land Planning Task Force. Best wishes with this important assignment.

Attached please see the web address for the RMS Queen Mary Facebook Page that I help edit. We have over 5,000 "likes". A brief article on the meeting last night is the most recent posting.

On the left side of the page as you scroll down you will find a link to the petition we forwarded. It is now closed but has over 3,000 signatories from around the world. Some of the comments, not scripted by us, are telling.

A bit further down under **Notes** are links to:

A Deck by Deck Study of the Queen Mary. This includes article on all of the major rooms on the ship.

Alternative Visions - a series of essays on operation.

There are also links to essays on the operation of similar maritime operations in port, namely the SS Rotterdam and the former Royal Yacht Britannia.

I hope you find this helpful.

Best regards,

Bill Cwiklo
