Dear City Council,

As a neighbor who also lives on Pine Avenue, I support this motion to grant a liquor license to Rose Park Roasters. First, it's worth noting their recent collaboration to make a coffee-infused stout beer, a unique local product that the coffee shop would benefit from selling. Second, I can envision this being a fantastic coffee shop/wine bar. In this time of difficult economic conditions, our shops need the ability to expand their offerings. Please vote yes.

Regards,
Padric
