HONORABLE MAYOR AND CITY COUNCIL  
City of Long Beach  
California

## RECOMMENDATION:

Receive supporting documentation into the record, conclude the public hearing and take the actions necessary to adopt the Fiscal Year 2016 budget as listed in Attachment A of this letter. (Citywide)

## DISCUSSION

On July 28, 2015, the City Manager's Proposed Budget for Fiscal Year 2016 (FY 16) was delivered by Mayor Garcia to the City Council and community with recommended amendments for consideration. Budget meetings were set for March 3, June 16, July 28, August 4, August 11, August 18, September 1, September 8, September 15, along with five Budget Oversight Committee (BOC) meetings, and nine community meetings at which the FY 16 Proposed Budget was discussed. We are pleased to report that through the scheduled hearings, BOC and community meetings, there have been 23 separate opportunities for public feedback, deliberation and input. In addition, this year, the City has solicited input through two informal survey mechanisms. The first is the Budget Challenge, which is an interactive simulation that provides citizens with the opportunity to balance the City's budget, while also deciding if funding levels should be changed. The second is the Budget Priority Survey to obtain input on what the City's General Fund priorities should be. These were both promoted, along with OpenLB, which shows the budget visually, on the City's website, through Twitter and Facebook, and at the community meetings.

At the conclusion of the hearings, the City Council will amend the proposed budget as it deems appropriate, and adopt the proposed budget as amended. Since the publication of the FY 16 Proposed Budget, updated estimates of revenue and expense, which primarily address technical corrections, are listed by fund and department in Attachments B and C to this letter, respectively. The reasons are discussed at the end of this letter.

There are two Ordinances in Attachment A; one is an Ordinance approving Resolution No. WD-1341 (A-3), which establishes the rates and charges for the water and sewer service, and the other is the Appropriations Ordinance (A-16), which officially adopts the FY 16 budget and authorizes expenditures in conformance with the adopted budget. In order for these two Ordinances to become effective October 1, 2015, the City Council must first declare an emergency to exist before adopting each Ordinance (A-2 and A 15). Specific Resolutions provide for approval of the budgets for the Harbor, Water and

Sewer funds, which are not in the Appropriations Ordinance and certain fee adjustments. There will also be motions that request approvals for the following: the Master Fee and Charges Schedule; the FY 16 Capital Improvement Program; the Mayor's Recommendations; the Budget Oversight Committee's Recommendations; the Departmental Organization Ordinance; and the Salary Resolution for the FY 16 Proposed Budget.

This matter was reviewed by City Attorney Charles Parkin on August 26, 2015.

### TIMING CONSIDERATIONS

In accordance with the Long Beach City Charter, the FY 16 budget must be adopted by September 15, 2015. Should the City Council fail to adopt the budget by that date, the City Manager's FY 16 Proposed Budget will be deemed the budget for the 2016 fiscal year. The Mayor has five calendar days from City Council adoption of the budget to use his veto authority. The City Council would then have until September 30, 2015, to override veto action by the Mayor with a two-thirds supermajority vote (six Councilmembers).

### FISCAL IMPACT

The City Charter requires that the Appropriations Ordinance shall govern and control the expenditure and commitment amounts stated therein relating to the City's departments, offices and agencies during each fiscal year. The total FY 16 budget for all departments and funds is \$3,123,674,238, which comprises \$2,673,694,658 in new appropriation and \$449,979,580, in estimated carry-over from FY 15 for multi-year grants and projects.

The Appropriations Ordinance, included as Attachment A-16 to this letter, totals \$2,168,945,541 for all funds except Harbor, Sewer, and Water, and \$2,174,310,315 for all departments except Harbor and Water. The \$5,364,774 difference between funds and departments in the Appropriations Ordinance is due to general City indirect costs budgeted in the Financial Management Department, but charged to the Harbor, Water and Sewer funds; which are not included in the Appropriations Ordinance by fund.

The proposed Harbor, Water and Sewer fund budgets are in separate City Council Resolutions included as Attachment A-1 and A-4 to this letter, respectively, and total \$954,973,379. The Board of Harbor Commissioners adopted the budget for the Harbor Department by minute order on May 27, 2015. The Board of Water Commissioners adopted the budget for the Water Department by Resolution on June 18, 2015.

User fees and charges in the Master Fee and Charges Schedule Attachment A-5 have been adjusted due to changes in service and other factors. For details regarding these proposed new fees, deletions and adjustments, please see the List of Proposed Fee Adjustments for FY 16 that has been incorporated as Exhibit C to the Master Fee and Charges Resolution.

Other requested City Council actions include approval of the FY 16 One-Year Capital Improvement Program (CIP) budget, included in Attachment A-6, which is contained in the Appropriations Ordinance. The Planning Commission, at its meeting of August 20, 2015, approved the CIP for FY 16 for conformance with the General Plan.

The City Council is also requested to adopt the Resolution, included as Attachment A-9, establishing the "Gann Appropriations Limit" (Limit) for general purpose expenditures. In November 1979, the voters of the State of California approved Proposition 4, also known as the "Gann Initiative" (Initiative). The Initiative places certain limits on the amount of tax revenue that can be appropriated each fiscal year. The Limit is based on actual appropriations during FY 79 and guards against overspending proceeds of taxes. Only those revenues which are considered as "proceeds of taxes" are subject to the Limit. The Limit is recalculated each fiscal year based on certain inflation and population factors provided by the State. The Proposed Budget includes tax revenue estimates that are at 42.17 percent of the 2015-2016 Appropriations Limit and, therefore, does not exceed the Limit. This calculation is reviewed by the City Auditor for conformance to the law.

A motion is also being requested to amend the Departmental Organization Ordinance, included as Attachment A-12. This amendment incorporates changes to departments, bureaus, and divisions for FY 16. These organizational changes are necessary to implement changes reflected in the Proposed FY 16 budget. (A redline version is also provided). A motion is also being requested to adopt the Salary Resolution, included as Attachment A-13.

After the City Manager delivered the FY 16 Proposed Budget to the Mayor, technical adjustments in nature were made to the budget. These changes are generally not substantive and are shown in Attachment B and C of this letter. Since the release of the FY 16 Proposed Budget, a few changes have occurred. The Civic Center rent allocation was revised to incorporate the addition of the Tidelands Capital Project Management group on the 5<sup>th</sup> Floor of City Hall. This addition resulted in a net increase of \$841 and \$51,354 to the Development Services Fund and Tidelands Operations Fund, respectively and a decrease of \$52,195 to the General Fund. The second item is a decrease of \$79,289 and an increase of \$1,666,194 to the Tidelands Operations Fund and the Tidelands Marina Fund, respectively, that relates to the Marina Fund debt service changes resulting from the issuance of the 2015 Marina Revenue Bonds, and the prepayment of previous State Department of Boating and Waterways loans. Additionally, the Capital Projects Fund was also decreased by \$230,000 due to timing of a project being completed earlier in FY 15 instead of FY 16. Also, a \$6,000 increase in the General Fund for an interdepartmental service charge related to parking validations for the Legislative Department was made to reflect actual charges. Revenue changes were made since the release of the budget and are reflected in Attachment D. Most of the changes were related to grants and a capital improvement project. A significant change included in Attachment D is the Department of Public Works postponing the proposed restructuring of the refuse rates. This has no impact on the Refuse operating budget, but will impact revenues for the Refuse Fund. The remaining changes were minor technical adjustments made to various funds and departments in order to align the budget with grants and/or revenues.

SUGGESTED ACTION:

Approve recommendation.

RESOLUTION NO.

A RESOLUTION OF THE CITY COUNCIL OF THE  
CITY OF LONG BEACH AMENDING THE MASTER FEE  
AND CHARGES SCHEDULE FOR SPECIFIED CITY  
SERVICES FOR CITYWIDE FEES AND CHARGES FOR  
THE CITY OF LONG BEACH FOR FY16

WHEREAS, the City Council of the City of Long Beach ("City") seeks to  
establish service fees and charges to recover the full, lawfully recoverable costs incurred  
by the City in providing services to those who request them by amending the Master Fee  
and Charges Schedule for specified City services for Citywide fees and charges for the  
City of Long Beach; and

WHEREAS, it is the City's policy to set fees and charges at full cost  
recovery levels, except where a greater public benefit demonstrates the need to impose a  
lesser fee or charge to the satisfaction of the City Council, or when it is not cost effective  
to do so; and

WHEREAS, the City has conducted an extensive analysis of its services,  
the costs reasonably borne by the City in providing those services, the beneficiaries of  
those services, and the revenues produced by those paying service fees and charges for  
said services; and

WHEREAS, the City Council, at a duly noticed public hearing, took public  
testimony and input regarding certain proposed new or increased service fees and  
charges; and

WHEREAS, California Government Code Section 66000, et seq.,  
authorizes the City to adopt service fees and charges for municipal services, provided  
such fees do not exceed the cost to the City of providing the service; and

WHEREAS, in accordance with Government Code Section 66016, at least

OFFICE OF THE CITY ATTORNEY  
ROBERT E. SHANNON, City Attorney  
333 West Ocean Boulevard, 11th Floor  
Long Beach, CA 90802-4664

1 fourteen (14) days prior to the public hearing at which this Resolution is adopted, notice  
2 of the time and place of the hearing was mailed to eligible interested parties who filed  
3 written requests with the City for mailed notice of meetings regarding new or increased  
4 fees or service charges; and

5 WHEREAS, in accordance with the Government Code 66016, data  
6 regarding the estimated cost of the services and the revenue sources anticipated to  
7 provide the services was available for public review and comment for ten (10) days prior  
8 to the public hearing at which this Resolution was adopted; and

9 WHEREAS, publication of the notice of public hearing was given in  
10 accordance with the provisions of Government Code Section 6062a, ten (10) days in  
11 advance of the public hearing at which the adoption of this Resolution was considered;  
12 and

13 NOW, THEREFORE, the City Council of the City of Long Beach hereby  
14 resolves as follows:

15 Section 1. The facts set forth in the Recitals of this Resolution are true  
16 and correct and are hereby incorporated by reference herein as though set forth in full.

17 Section 2. The City Council hereby approves publication of the Master  
18 Fee and Charges Schedule for FY16. Said fees are set forth in Exhibit "A", which is  
19 attached hereto and incorporated herein by this reference, for specified City services for  
20 Citywide fees and charges for the City of Long Beach, including those new, increased or  
21 adjusted fees as are described in Exhibit "B", and which are set forth and listed on  
22 Exhibit "C", which are attached hereto and incorporated herein by this reference as  
23 though set forth herein word for word.

24 Section 3. Said revised Master Fee and Charges Schedule is hereby  
25 directed to be made available to the public for its use for informational purposes, and is  
26 not intended as a re-adoption, modification, or amendment of any existing fee or charge  
27 previously established by resolution, or any previously adopted fee resolution that is not  
28 in conflict with the provisions of this Resolution.

1           Section 4. Adoption of the new, increased or adjusted fees and charges  
2 set forth and described in this Resolution, and in Exhibit "C" attached hereto, are  
3 intended to recover costs necessary to provide the services within the City for which the  
4 fees are charged. In adopting the new, increased or adjusted fees and charges set forth  
5 in this Resolution, the City Council of the City of Long Beach is exercising its powers  
6 under Article XI, Section 7 of the California Constitution.

7           Section 5. All requirements of California Government Code Sections  
8 66000, et seq., are hereby found to have been satisfied.

9           Section 6. The fees and charges set forth in Exhibit "C" ("Proposed Fee  
10 Adjustments for Fiscal Year 2015") are reasonable estimates of the costs incurred by the  
11 City in providing the services to those who request them. The service fees and charges  
12 for such services are necessary to recover the reasonable, estimated cost of providing  
13 such services.

14           Section 7. The fees and charges adopted and all portions of this  
15 Resolution are severable. Should any of the fees or charges or any portion of this  
16 Resolution be adjudged to be invalid and unenforceable by a body of competent  
17 jurisdiction, then the remaining fees and/or Resolution portions shall be, and continue to  
18 be, in full force and effect, except as to those fees and/or Resolution portions that have  
19 been adjudged invalid. The City Council of the City of Long Beach hereby declares that it  
20 would have adopted each of the fees or charges and this Resolution and each section,  
21 subsection, clause, sentence, phrase and other portion thereof, irrespective of the fact  
22 that one or more of the service fees, charges or sections, subsections, clauses,  
23 sentences, phrases or other portions of this Resolution may be held invalid or  
24 unconstitutional.

25           Section 8. All provisions of prior City Council ordinances and resolutions  
26 establishing fees are hereby rescinded and repealed in part or in whole to the extent of  
27 any conflict between said ordinances and resolutions and the provisions established by  
28 this Resolution.

DEPARTMENT: HEALTH & HUMAN SERVICES

DEPARTMENT OF HEALTH AND HUMAN SERVICES  
MEDICAL BILLING, CODING AND FEE SCHEDULES  
USER FEES BY PROGRAM

I. All third party medical billing and charges for medical services will be consistent with the most recent revision (payment methodology) of Medicare RBRVS (Resourced Based Relative Value Study); and/or the latest revision of the California Workers' Compensation Official Medical Fee Schedule; and/or the latest revision of the CMA CRVS (California Relative Value Study developed by the California Medical Association); and/or the latest revision of Medicaid (MediCal developed by the California Department of Health Services); and any other fee reimbursement format authorized by the California Department of Health Services.

Medical coding will be consistent with the most recent revision of Current Procedural Terminology

(CPT coding) communicating the services provided, and the most recent revision of International Classification of Diseases (ICD-9 coding) indicating the medical necessity of the encounter.

NOTE:

1. Any categories of service not listed above will be charged at a rate not to exceed the actual cost.
2. The City Health Officer, or designee, may waive any service fees where he/she determines a threat to the public health exists. Fee waiver shall be based upon financial need. Service fee waiver may be either total, or based on a sliding scale established by the Department of Health and Human Services.
3. The Department of Health and Human Services may increase or decrease public health vaccine and medication fees to respond to pricing changes.

II. VITAL STATISTICS

Fees charged are in accordance with the Vital Statistics fee schedule as established by the Department of Health Services, Office of the State Registrar of Vital Statistics.

DEPARTMENT: LONG BEACH AIRPORT				
Fee Name	Description	Fee	Per	Type
<b>AIRLINE FEES</b>				
Includes: Landing Fees, Gate Use Fees, Apron Parking Fees, Common Use Fees and Terminal Space Charges. These costs are used to calculate the cost per enplaned passenger.				
Landing Fees, 7:00 AM - 10:00 PM	All aircraft certificated under Federal Aviation Regulations (FAR) Part 121 or 125, or certified under FAR Part 135 (if such Part 135 operations are on a scheduled basis of 5 or more landings per week) conducting commercial landings at Long Beach Airport shall pay a landing fee based on the Gross Certified Landing Weight of the aircraft. For purposes of this Resolution, a commercial landing is defined as any landing where an aircraft is carrying persons or cargo for hire, compensation or reward or will do so in its next subsequent departure.	\$4.77	1000 lbs. Gross Certified Landing Weight	Fee
Landing Fees, 10:00 PM - 7:00 AM	All aircraft certificated under Federal Aviation Regulations (FAR) Part 121 or 125, or certified under FAR Part 135 (if such Part 135 operations are on a scheduled basis of 5 or more landings per week) conducting commercial landings at Long Beach Airport shall pay a landing fee based on the Gross Certified Landing Weight of the aircraft. For purposes of this Resolution, a commercial landing is defined as any landing where an aircraft is carrying persons or cargo for hire, compensation or reward or will do so in its next subsequent departure.	\$10.06	1000 lbs. Gross Certified Landing Weight	Fee
Diverted landings	Any scheduled commercial carrier diverted from landing at Long Beach Airport between 10:00 PM and 7:00 AM shall be credited for incremental expenses (over and above costs which would have been incurred at the Long Beach Airport) incurred for aircraft handling, airport use and facility fees, and fees incurred in transporting enplaning and deplaning passengers between Long Beach Airport and an authorized alternate airport. In order to qualify such incremental costs for a credit against Airport-related rents/fees owed the City of Long Beach, such expenditures must be consistent with a schedule of rates/charges which has been pre-approved by the Airport Director. Passengers on any qualified commercial carrier diverted from Long Beach Airport shall be eligible for a voucher for credit on their parking charges at Long Beach Airport's parking lots.			Fee

**DISCUSSION OF FISCAL YEAR 2016 FEE CHANGES**

**City of Long Beach**

**September 8, 2015**

# EXHIBIT B

## INTRODUCTION

City Council approval is requested for the List of Proposed Fee Adjustments for Fiscal Year 2016 (FY 16) included as Exhibit C, which describes the proposed changes to the City's Master Fee and Charges Schedule. City Council last approved an amended Master Fee and Charges Schedule for specified City services on March 24, 2015. The original basis for the schedule of fees and charges is the Fee Study, which was recommended by the Budget Oversight Committee and commissioned by the City Council to complete a cost accounting of the most significant City services and their related user fees.

Since the fee study was originally completed, costs borne by the City in providing fee-related services have changed for a variety of factors. In order to meet the City Council's Financial Policy on User Fees and Charges, which calls for full cost recovery whenever appropriate, a mechanism to allow broad-based changes to the City's fees is, therefore, necessary. Bi-yearly fee adjustments are the process by which the broad-based changes to fees are presented to the City Council and the public for consideration.

The proposed fee changes currently being presented to the City Council represent the FY 16 Budget Adoption Fee Adjustments, which will take effect October 1, 2015. The next citywide fee adjustment process will occur during the Second Quarter of FY 16. City staff will continue to bring proposed fee adjustments to the City Council on an ongoing basis to keep fees up to date. Please see Exhibit C for the latest List of Proposed Fee Adjustments.

Proposed changes to the Master Fee and Charges Schedule involve several factors as follows:

**City Council Financial Policy on User Fees and Charges** - Fees will be set at a level to fully recover costs, except where there is a greater public benefit through use of a lower fee, such as where full recovery may adversely impact overall revenue or may discourage participation in programs where the participation benefits the overall community.

**Increased Service Demands** - Certain new fees are being introduced to address the increased demand for City services. Charging a fee allows residents to enjoy the benefits of a service that may otherwise not be possible without sufficient revenue to offset the cost of providing the service. Some services in low demand are not initially assigned a fee because of the cost of developing a billing process. As demand increases, the impact on the organization increases, resulting in an improved cost/benefit ratio. In addition, services sometimes grow from a minimal impact to a larger impact resulting in the need to assign a cost to the service being provided. Changes in the regulatory environment may also result in new fees being developed.

## EXHIBIT B

### **REVENUE IMPACT**

Any revenue changes described in Exhibit C are only estimates, and are based on anticipated service usage in FY 16. The City's FY 16 adopted General Fund revenue estimates assumed natural growth of fees and charges; therefore, the requested fee increases are required to meet current revenue commitments in the respective departments and will support each department's General Fund operations during the current fiscal year. FY 16 revenue projections from proposed fee changes for all funds included in Attachment A are estimated to be approximately \$2,834,486 annually, but could vary depending on market or economic conditions at the time. Of this total amount, \$329,379 in new revenues is expected to be collected for the General Fund.

### **PROPOSED FEE CHANGES BY DEPARTMENT**

#### **Development Services**

##### **Sign Program Approval**

Sign Program approval is required when an applicant wishes to install signs for five or more business tenants at one location. This approval, which is given following review by the Site Plan Review Committee, ensures that multi-tenant building signage is compatible and uniform with the architecture and design of the site. The Department of Development Services proposes a \$750 fee to offset the costs to review and present Sign Program applications.

##### **Certificate of Appropriateness (COA) for Historic Properties**

A Certificate of Appropriateness (COA) is required for all exterior changes to buildings located in a historic district or to a building that is a registered historic landmark. During the FY16 Budget Development process, the Department of Development Services identified the need for three new COA fees. These fees, collected in the General Fund, will offset expenses for staff time and other costs related to the issuance of the COAs. They include:

- COA Pre-Application Review. Modeled after the existing Site Plan Review Pre-Application fee, this proposed fee would allow an applicant to pay a COA Pre-Application fee in exchange for a staff review that determines the viability of a proposed project before requesting approval from the Cultural Heritage Commission (CHC). The \$400 fee would offset the staff costs to perform research, review revisions and provide advice to an applicant. If, following this pre-application review, a project moves forward, the fee would be credited toward the full cost of a COA Application.
- COA Accessory Structure. This \$400 fee offsets staff costs to review, research and determine the appropriateness of an accessory structure in a historic district. Staff proposes this fee because accessory structures, such as garages, covered

## EXHIBIT B

porches, and storage sheds, are small in scope and require less complex review than a Major COA. A Major COA fee is for reviews over 500 square feet, which is greater than accessory structures.

- COA Appeal Fee. The current fee schedule does not provide a fee for an appeal of a COA application to either the CHC or the City Council. The Department of Development Services requests that a fee, equal to 85 percent of the original COA application fee, be added to offset staff costs for preparing these appeals.

### Mills Act Inspection Fee

On January 6, 2015, the City Council re-instituted the City's Mills Act Property Incentive Program, which allows owners of qualifying historic properties to receive potential property tax reductions in exchange for restoring or maintaining those properties. Staff from the Department of Development Services will perform annual inspections to ensure that the historical characteristics of properties receiving the incentive are maintained. The Department of Development Services proposes a \$200 fee to offset costs incurred in conducting site visits and determining any necessary corrective action.

### Surcharges

The Department of Development Services currently collects two surcharges totaling 9.3 percent of eligible plan check and permit fees. The Department proposes to adjust the amounts of each surcharge to better align revenue with costs. The proposal would reallocate the costs within the 9.3 percent total to better distribute the funds with minimal impact to customers at the Development Services Center. Specifically, the Department proposes to reduce the Technology Surcharge from 3.3 percent to 0.5 percent. This surcharge funds the cost of upgrades, improvement and maintenance of technology for development projects and services. Sufficient revenue is available for future developments even with this reduction. Concurrently, the Department proposes to increase the General Plan Surcharge from 6 percent to 8.8 percent. The General Plan Surcharge funds the continued amendment and maintenance of the City's General Plan, which sets forth the goals, policies, and direction of development in the City. Increasing this surcharge will enhance the Department's ability to conduct updates to the Plan to ensure it remains a strong and legally viable plan for the City's future.

### Housing Monitoring Fee

When the City provides loans to developers for affordable housing projects, regulatory agreements are recorded imposing income and affordability restrictions, among other requirements. The United States Department of Housing and Urban Development (HUD) and the California Department of Housing and Community Development (HCD) require the City to monitor these projects to ensure compliance with local, state and federal regulatory restrictions; however, no state or federal funding is provided to offset monitoring costs. To ensure that housing units remain affordable and that projects remain viable, staff verifies compliance with restrictions of a project's regulatory agreement, analyzes financial documents and reviews documentation verifying income, rents or other

## EXHIBIT B

restrictions. To offset staff costs associated with these tasks, the Department proposes a \$140 per unit annual housing monitoring fee. The new fee would only apply to units developed under new regulatory agreements and would not be imposed upon units under existing agreements.

### Deleted Fees

The Department of Development Services proposes to delete two fees that are no longer required as part of the Building Bureau's operations at the Development Permit Center. These fees include:

- **Express Plus Plan Check Fee.** The Express Plus Plan Check Fee was originally instituted to offer expedited plan review in a quarter of the standard time for triple the cost of a Standard Plan Check. This service has never been used and is not realistic in terms of the timeframe required to complete proper plan review. Therefore, the Department of Development Services is proposing elimination of this fee. Express Plan Check, which offers expedited plan review in half the standard time for double the cost of a Standard Plan Check, will remain available for applicants who wish to receive expedited review of their projects.
- **Appeal to the Disabled Access Appeals Board.** In 2014, the City Council amended the Long Beach Municipal Code dissolving the Disabled Access Appeals Board (DAAB) and transferring the functions of the DAAB to the Board of Examiners Appeals and Condemnation (BEAC). Because the BEAC will act as the DAAB in hearing any appeals related to the enforcement of State regulations pertaining to access to public accommodations by disabled persons, the Department of Development Services proposes to eliminate the Appeal to the DAAB fee, and instead, combine it with the BEAC Appeal fee, which is set at the same rate of \$221 per hour, or fraction thereof, for each appeal, but not less than \$442.

## **Financial Management**

### Financial Services Fees

The late charge for ambulance transport has been amended to include any amount owed and unpaid for treatment (first responder fee) in the calculation. In the case of treatment without transport, the late charge would just be applied to the amount owed and unpaid for the treatment.

### Utility Services Fees

The late payment penalty encourages prompt payment for charges related to utility services, and compensates the City for collection efforts and delayed receipt of funds.

## EXHIBIT B

The late payment penalty is proposed to be reduced from 5.0% (or \$5.25 minimum) to 4.5% (or \$4.50 minimum). The new rate is adequate to meet budgeted revenue.

### Towing Fees

The Department of Financial Management proposes to increase towing fees to the average of other local municipalities. This provides fees closer to, but still less than, full cost recovery. Fees proposed for change include the “drop” fees that apply in instances where a vehicle is released from a tow prior to leaving the site of origin, which will range from \$80 to \$270, the basic tow rates that apply when a vehicle is towed, which will range from \$160 to \$270, and the fee for releasing a vehicle or property from the tow yard after hours which will increase to \$80.

## **Fire**

### Fire Sprinkler Retrofit Alternative Permit

The Fire Sprinkler Retrofit Alternative Program was enacted by City Ordinance ORD – 11-0022, adopted by the City Council on September 13, 2011, at which time the initial fees were established. Under this portion of its Multi-Family Residential Inspection Program, the Fire Department inspects multi-family residential buildings with 50 or more units that do not have fire sprinklers installed. Staff has determined that inspections require more staff time than originally anticipated to complete, including reinspections to address deficiencies in the majority of properties. In order to recover the costs of the inspection, it is necessary to increase fees from \$127 to \$174 for buildings with 51-100 units; from \$145 to \$195 for buildings with 101-200 units; and from \$185 to \$241 for buildings with 201 or more units.

### Multi-family Residential Inspection Permit

The Fire Department inspects all residential properties with 3 or more units as required by the California Health and Safety Code. Properties are inspected to ensure proper fire and life safety systems are in place, as well as proper access, exits, emergency lighting, and storage of combustible materials. Fees for this program were developed in August, 2014, based on the estimated staff time required for inspections. Staff has determined that inspections require more staff time than originally anticipated to complete, including reinspections to address deficiencies in the majority of properties. In order to recover the costs of the actual time required for each inspection, it is necessary to increase fees from \$52 to \$87 for buildings with 3 to 10 units; from \$77 to \$116 for buildings with 11 to 50 units; from \$87 to \$127 for buildings with 51 to 100 units; from \$106 to \$149 for building with 101 to 200 units; and from \$145 to \$194 for buildings with 201 or more units.

### **Health & Human Services**

#### Community Food Producer/ Gleaner Registration

Assembly Bill 1990, known as the Community Food Producers Bill, was approved by the Governor and became effective January 1, 2015. This bill directs local health departments to allow and regulate the sale of certain produce foods grown or harvested by a private individual and sold to the public or restaurants. Currently, the Department does not have a fee for these types of Community Food Producers/Gleaners. To comply with this new State requirement, the Department of Health and Human Services (DHHS) requests the approval of this registration fee. The \$76 fee has been calculated to cover the cost of reviewing and approving applications.

#### Shared Food Facility Permit

A shared food facility is a kitchen where food businesses in need of using a commercial kitchen can rent space to prepare their food for sale as a retail or wholesale food business. As this is a new type of business, the DHHS does not currently have a fee for these facility types. The Department has received inquiries and has had discussions with caterers and other business owners that want to rent out their kitchens to tenants. The rise in inquiries is partially due to the growth of the cottage food industry and food entrepreneurs who are interested in expanding their business, and thus are in need of renting commercial kitchen space. Surrounding jurisdictions are starting to administer this type of permit and regulate these type of facilities. The DHHS requests the approval of this annual health permit fee, which have been calculated to cover the cost of conducting inspections of these facility types. The proposed fees and inspection frequency is also consistent with our neighboring health jurisdictions (Los Angeles County).

#### Non-Diagnostic General Health Assessment

The DHHS Public Health Laboratory (PHL) is the regulatory body that certifies health care organizations for non-diagnostic health assessments in the City of Long Beach. A non-diagnostic health assessment is a health screening conducted at an event outside of a doctor's office visit. Examples include a health fair or a screening offered by an employer, association, or retail store. Health professionals utilize on-site equipment to obtain a rapid result without sending samples to a lab. Currently, the fee for certification is variable based on the time of the year certification is issued, number of sites, and number of tests available. An organization initially will pay a certification for one site and one test. They may then return several times during the year to request additional sites and additional tests be certified where an additional fee is assessed each time. The DHHS is proposing to charge a flat fee of \$675 for certifications for all health care organizations regardless of the number of sites or tests during the entire year. This will simplify the process for clients and reduces administrative cost burden.

## EXHIBIT B

### Fecal Leucocytes

The DHHS proposes a new fee on fecal leucocytes. Fecal leucocytes is an adjunct test that helps in the diagnosis of inflammatory diarrhea that is usually caused by enteric pathogens such as Salmonella, Shigella, and Campylobacter. These same organisms are most commonly implicated in recent foodborne illness outbreaks. Tests are performed for clinic patients and billed to their payer source. If the patient is on a grant, the grant is billed. If the patient is insured, the insurance company is billed. These tests are commonly performed on HIV patients. Although this test has been administered in the past, a fee does not exist on the current fee schedule.

The proposed fee of \$34 is based on similar tests being done (i.e.: Same procedures and processes), which are based on MediCal reimbursement rates. The DHHS PHL will continue to conduct an assessment of all its fees, including this test, and the fee will be adjusted accordingly, if necessary.

### Enterovirus and Measles by PCR

Enterovirus and Measles virus are detected through PCR (polymerase chain reaction) testing. The new testing fees were brought on in response to the recent disease outbreaks in 2014 and 2015, respectively. These tests allow the DHHS PHL to determine if patients are positive for enterovirus or measles. The fees are set at \$110 and are based on existing fees for other infectious disease testing using the same PCR technology.

### Travel Nursing Assessment and Follow-up visit

The DHHS proposes to increase the fees for the Travel Nursing Assessment from \$34.40 to \$40 and Travel Follow-Up Visit from \$11.20 to \$18. These fees cover the staff time spent with patients for evaluation, education, and any administrative tasks associated with providing travel immunizations to City of Long Beach residents. This increase helps realize the true costs associated with providing these services.

### Water Testing

The DHHS PHL conducts testing of both recreational and potable water in the City of Long Beach. The Dissolved Oxygen Test has been discontinued as it is no longer a required test when performing recreation water testing and will be deleted. Additionally, the Potable/Drinking Water, Line Clearance, MF test has been replaced with the Potable/Drinking Water, Line Clearance, Colilert P/A test and will be deleted.

## **Long Beach Airport**

### Airline Fees, Aircraft Parking, and Terminal Space Charges

Each year, the Airport engages in a process with the airlines to develop the rates and fees charged for their landings, gate use, common use, apron parking and terminal space rental. One of the key drivers of rates and fees is targeted revenue set to meet the debt

## EXHIBIT B

service coverage ratio required by the bond covenants. An FY 16 fee adjustment is necessary due to under-utilization of allocated flights, resulting in a decline in direct and indirect revenue. Based on passenger enplanement projections, a 17.5 percent rate increase is proposed effective October 1, 2015 to ensure the Airport realizes its budgeted net revenue for the fiscal year.

### Airport Parking Fees

A comparison of parking rates at Airports in the region shows Long Beach as one of the rare Airports with special rates for parking. These special rates include discounted rates for handicap vehicles, zero charge rates for all-electric vehicles, and free "under 20 minutes" parking. In addition, the City Auditor's Office recently conducted an audit of parking operations at the Airport and recommended that the Airport consider strategies for changing these special rates. Eliminating these special rates will put Long Beach Airport in line with other Airports in the region and help generate new revenues to help counter declining parking revenues resulting from decreased enplanements.

### Security Access - Badge Fee Exemption

The Long Beach Airport is required under the Transportation Security Administration (TSA) to maintain a security access control system to prevent entry of unauthorized persons into restricted areas. Airlines, transportation companies, fixed based operators, and other businesses are required to pay a fee to obtain a badge for security access. In order to comply with Federal regulations and maintain safety and security at the Airport, the badge fee is requested to be waived for TSA, Federal Aviation Administration (FAA), City of Long Beach employees, contractors working on behalf of the Airport, law enforcement (all agencies), fire safety personnel, and other personnel mandated by federal regulations.

## **Parks, Recreation & Marine**

### Community Recreation Services Fees

The Department of Parks, Recreation & Marine is proposing new forfeit fees for Roller Hockey and Volleyball leagues in the Tidelands areas. If a team from the Adult Sports Program forfeits a game, the team will still be responsible for the officiating fees that would have normally been paid for that specific game to the official. The Forfeit Fee includes the officiating fee for the team forfeiting, as well as their opponent, and is assessed to the team forfeiting only. The Fee is set at the cost for officials and varies by sport. In the Tidelands area, the forfeit fee for Roller Hockey and Volleyball is \$24 per game. The estimated change in revenue is an increase of \$216 in the Tidelands Operations Fund.

### Marina Fees

The adjustments for Marina Slip permit fees reflect a proposed fee increase of 2.25% for concrete docks, 1.5% on wood docks, and 2.25% on temporary permit fees. The

## EXHIBIT B

proposed fee increases will help the Marina Fund meet the minimum debt service coverage ratio of 1.25, as required from the issuance of the 2015 Marina Revenue Bonds to finance completion of waterside improvements to the Alamitos Bay Marina. Staff estimates that the proposed fee changes will result in approximately \$401,538 of additional revenue in the Tidelands Fund. The proposed increase will enable the marina enterprise to cover operating costs, debt service, and generate a surplus to be used for the continued rebuild of the Alamitos Bay Marina.

In addition, the following fees reflect a proposed increase to ensure maximum return on the use of City facilities:

- Berth Rental Fee (Berths 1, 2, and 3 at Alamitos Bay) from \$2,331.25 to \$2,366.22 per month
- Marina Slip Permit Fee-Rainbow Harbor/Alamitos Bay Commercial Slip Fee from \$17.50 to \$17.89 per lineal foot/month
- Personal Watercraft Slip Fee from \$6.00 to \$6.15 per foot/month
- Visiting Vessel Permit Fee from \$1.15 to \$1.18 per foot/night
- Visiting Vessel-Short visit, up to four hours from \$6.60 to \$6.75 per visit

Lastly, the following fees reflect a proposed increase in order to offset administrative processing costs:

- Large Vessel Temporary Berthing Fee from \$345 to \$352.76 per day

### Animal Care Services (ACS) Fees

Dog Licensing Fees are increasing as a result of City Council approval of an Ordinance amending Chapter 6.08 on dog and cat licensing, to require mandatory spay/neuter of all dogs over six months of age, allowing for a transition period. License fees go directly toward the handling and processing of licenses, as well as enforcement of the licensing requirement and all of Title 6. There will be additional staff enforcement and marketing costs as a result of the approved spay and neuter action. These fee amounts are similar to the fees set for neighboring Orange County dog licenses. The proposed fee changes will result in approximately \$252,904 of incremental new revenue in the General Fund.

In addition, two new Urban Agriculture fees are proposed: one for 5–20 chickens; and the other for goats. ACS will issue permits to residents who wish to own two goats, or more than four chickens. The newly established fees are also a result of City Council approval with the changes to Title 6 of the Municipal Code relating to livestock and other animals. The proposed fees are indexed to the altered dog license fee, and are intended to provide full cost recovery. Until the program has been in place for at least one year, new annual revenue is estimated at \$1,000 in the General Fund.

# EXHIBIT B

## Public Works

### Parking Management

In conjunction with the upcoming formal opening of The Pike Outlets (Pike), the parking rates for the Pike Parking Structure and the Pike Surface/Valet Lot have been modified to encourage both an increase in use and an increase in the duration of each stay in the Pike parking facilities. The current rates, established in 1999, have remained unchanged. While the Pike Parking Structure has experienced an increase in revenue in recent years, this increase is primarily attributed to the installation of automated equipment, thus minimizing loss of funds due to human error. With its rebranding as The Pike Outlets, the Pike anticipates an increase in shoppers and visitors as evidenced by the strong performances of the first two outlet stores to already open, Restoration Hardware and H&M. The intent of the proposed fee changes is to provide consistency between the parking facilities in the Shoreline area for the benefit of visitors and shoppers.

The highlights of the parking rate changes include:

- An increase of 30 minutes in validation time for Retail/Restaurants (from 1.5 hours to 2 hours) and for Cinema/IMAX (from 3 hours to 3.5 hours);
- A decrease in the daily maximum rate for the Pike Parking Garage from \$24 to \$16 per day. This will allow the garage to be more in line with the maximum parking rates for other facilities in the area such as the Convention Center, the Aquarium Garage and Catalina Landing; and
- An increase in the maximum rate for parking in the Pike Surface/Valet Lot from \$12 to \$21. This will encourage more turnover in the surface lot and discourage the use of the surface lot for long-term parking.

The parking rate changes are designed to have the least impact on the average shopping visit of approximately 3-5 hours. With the change to The Pike Outlets, it is anticipated that the number of users in the 3-5 hour range will increase due to the increase in retail establishments. Concurrently, it is anticipated that the number of users staying longer than 6 hours will increase as a result of the lowered maximum daily rate both for users shopping solely at The Pike Outlets and users utilizing the Pike parking facilities for an all-day visit to the Shoreline area. The proposed changes are intended to provide consistency between parking facilities in the Shoreline area and are not intended to have a significant impact on total revenues.

**Revenue Notes:**

- (1) The Department is unable to project revenue impact due to the fact that the penalty is only charged upon late payments, which are difficult to predict.
- (2) This fee update balances the impact of changes made to the billing cycle with the new Utility Billing system, minimizes the impact on residents, and meets budgeted revenues.
- (3) The Department of Health and Human Services is unable to determine how many businesses are currently performing Community Food Producer / Cleaner duties, and therefore is unable to project annual revenue changes from the proposed fee at this time.
- (4) While DHH-S has fielded multiple inquiries from interested clients there are currently no known shared food facilities in Long Beach.
- (5) Testing is mainly conducted during outbreaks, which are unpredictable in nature.
- (6) Wood slips in these sizes no longer exist. Fee is in place to allow Marine Bureau opportunity to rent wood end ties.
- (7) The Temporary program was suspended as of January 2015. Fee updates submitted to allow the Marine Bureau the opportunity to reinstate the program as needed.
- (8) The Department of Public Works anticipates an increase in annual revenues, but is unable to project the total revenue impact at this time.

## PROPOSED FEE DELETIONS FOR FISCAL YEAR 2016

Fee Name	Description	Fee Amount	Per	Reasons for Deletion
<b>DEVELOPMENT SERVICES</b>				
Express Plus Plan Check	Plan check reviewed in a quarter of the time of Standard service - cutting the plan check turnaround time by 75%.	Triple the Standard Plan Check fee or the Standard Plan Check fee plus \$325,000 whichever is less.	Plan Check	Service has never been requested and is not realistic in terms of timeframe to complete proper plan review. However, Express Plan Check is still available for expedited plan review in half the standard time of a Standard Plan Check.
Appeal to Disabled Access Appeals Board	Appeal of Building Official Determination to Board of Disabled Access Appeals	\$221 per hour or fraction thereof for each appeal, but not less than \$442.	Appeal	Disabled Access Appeals Board (DAAB) matters are now heard by Board of Examiners, Appeals and Condemnation (BEAC). So DAAB fee is redundant; fee to appeal to BEAC will be charged.
<b>HEALTH AND HUMAN SERVICES</b>
