PETITION

We, the undersigned occupants of properties on 4100-4400 blocks of Heather Road between Carson Street and Centralia Street, hereby request the establishment of preferential parking with associated "No Parking 8:00 A.M. to 8:00 P.M. Monday through Friday and 8 A.M. to 12 Noon on Saturdays, except holidays and by residential permit" parking prohibitions on our street.

We understand that all vehicles parked on our street not displaying a District F permit during the times noted above will be subject to a citation. We understand that residential permits for District F are limited to four per household (3 residential & 1 guest) and those permits have an annual fee of \$30 each. We also understand that parties who purchase a residential permit in District F are not guaranteed a parking space do to the limited on street parking available in the area.

LONG BEACH, CA 90808**

(562) 429-4528

Mr. Larry G. Herrera, City Clerk,
City of Long Beach
333 West Ocean Blvd.
Long Beach, CA 90802

SUBJECT: PREFERENTIAL PARKING DISTRICT "F"

This letter is a written response to your "Notice to Public of Hearing on June 22, 2004.

We are totally opposed to the proposed preferential parking area on "Heather Road" outside our residence. Some of our neighbors are also against this project.

We are perturbed that the petition being circulated is being done by people who are supporting this measure, shouldn't it have been done by City employees' who are completely impartial in the matter?

Also, as there appears to be little or no college activities on Friday & Saturday why is there the need for permits to be required on these days?

Shouldn't the College address the problem of the lack of sufficient parking spaces, why should we have to pay \$30 per vehicle when we are already paying high taxes, plus the new "Community College Assessment" which will go up each year as the value of our property increases.
