1. (15-0868) Recommendation to receive supporting documentation into the record, conclude the hearing, declare ordinance relating to the temporary limitation (moratorium) of certain construction and development activities in the R-1-L zone in the Los Cerritos and Virginia Country Club areas of the City read, adopted as read, and laid over to the next regular meeting of the City Council for final reading; declaring the urgency thereof; and declaring this ordinance shall take effect immediately. (Citywide)	La Vonne Miller	lmiller853@aol.com		Los Cerritos Area	Long Beach	CA	90807	I hope that all the members of the City Council will agree to take the first step to preserve the character of one of Long Beach's loveliest and most distinctive neighborhoods and that they will vote yes on the temporary moratorium so that overbuilding in Los Cerritos, our only R-1-L neighborhood, can be studied further.	9/1/15

(Citywide)	sabunas							I am opposed for the following reasons: 1.The survey presented to me to sign does not reflect what will be presented today. The man who came to my home w/the petition expressed it was in opposition to the tear down of multiple homes to build 10,000 sq ft homes. I believe that the petition has been changed to fit a different agenda. The second reason I am opposed to this is--have you seen the Los Cerritos/Virginia CC neighborhood? Much of the allure are the many, beautiful large homes that line Pacific Ave & Country Club Dr. The large homes are part of the neighborhood's charm that drive the high property values. 3.The third reason I am opposed to this recommendation is that it appears to be a private matter between parties that should be addressed should be reviewed on a case by case basis by the Planning Commission or Zoning Admin. One person should not unjustly impose additional costs & restrictions on other remodel projects in which there are no issues.	9/1/15

18. (15-0859) Recommendation to receive and file minutes for: Civil Service Commission - August 5, 2015. Medical Cannabis Task Force - August 19, 2015. Planning Commission - July 2, 2015.	Chuck Brewer	cbrewer@kw.com			Long Beach	CA	90808	Our city DOES NOT need to be the Pioneer in distribution of Medical Marijuana. I say vote no Dispensaries. It is a law breaker on the Federal level and it will be a headache on the local level. Let that be another cities problem.	9/1/15
18. (15-0859) Recommendation to receive and file minutes for: Civil Service Commission - August 5, 2015. Medical Cannabis Task Force - August 19, 2015. Planning Commission - July 2, 2015.	Diana Lejins	dianalejins@yahoo.com						Please receive and file item 18 re Medical Marijuana Sep 1, 2015 Agenda.	9/1/15
20. (15-0869) Recommendation to receive and file the Medical Cannabis Task Force recommendations regarding the establishment of a medical cannabis regulatory ordinance. (Citywide)	Susan Blair	sblair9821@aol.com			Long Beach	CA	90808	I urge you to oppose legalizing medical marijuana dispensaries in Long Beach. My primary concerns are the crime and types of people our city will attract as our surrounding areas are not legalizing marijuana and the proven fact that marijuana will be made more available to younger children and teens. Recommendation #1 from the Task Force had a vote of Yes=9, No=3 and Absent=6. That's a 9 to 9, even, vote-not a solid, clear recommendation from the Task Force.	8/29/15

20. (15-0869) Recommendation to receive and file the Medical Cannabis Task Force recommendations regarding the establishment of a medical cannabis regulatory ordinance. (Citywide)	Lorraine Mahrt	randlmahrt@aol.com			Long Beach	CA	90808	I do not want legalized medical marijuana. It's just asking for trouble. More crime will come to our city. Young people will be more exposed than they already are. Police will be stretched too thin. Seems like the majority of people using dispensaries are not the seriously ill.	8/29/15
20. (15-0869) Recommendation to receive and file the Medical Cannabis Task Force recommendations regarding the establishment of a medical cannabis regulatory ordinance. (Citywide)	Joe Blair	jgblair@aol.com			Long Beach	CA	90808	Pls vote no on med mj ordinance. You will be protecting our kids from thinking that smoking mj is harmless because it is legal. You will be protecting all in our community from crimes related to selling and growing mj in their neighborhoods and an increased number of drugged drivers. You will protect our businesses from workers using mj and you can prevent a huge burden from being placed on the LB Police Dept. Legalized marijuana is not a Federal or State Law. Why does it have to be a LB law?	8/30/15

20. (15-0869) Recommendation to receive and file the Medical Cannabis Task Force recommendations regarding the establishment of a medical cannabis regulatory ordinance. (Citywide)	Laura Brewer	longbeachlaurab@aol.com			Long Beach	CA	90808	Medical marijuana dispensaries do not belong in Long Beach neighborhoods. While there are legitimate uses (ie cancer treatments) most are "fringe" users able to get a "prescription" for marginal reasons and these type of users do not belong around families in our neighborhoods. There is no positive reason for Long Beach to approve this. Complaints to law enforcement will increase adding to their burden.	9/1/15
20. (15-0869) Recommendation to receive and file the Medical Cannabis Task Force recommendations regarding the establishment of a medical cannabis regulatory ordinance. (Citywide)	Susan Southerland	susan.southerland@verizon.net			Long Beach	CA	90808	I disagree with several of the Task Force's recommendations and believe there should be no or very few dispensaries. A 1000-foot buffer from schools, libraries, parks, childcare centers and other dispensaries is inadequate. There is no need for 16 dispensaries - too many. Until funds are allocated/found to significantly increase law enforcement personnel numbers, dispensaries should be banned. The mayor/councilmembers should be required to disclose funds received from pro-dispensary groups.	9/1/15

20. (15-0869) Recommendation to receive and file the Medical Cannabis Task Force recommendations regarding the establishment of a medical cannabis regulatory ordinance. (Citywide)	Diana Lejins	dianalejins@yahoo.com						Please motion a recommendation to consider/adopt Larry King's MMj Ordinance. Sick and disabled citizens of Long Beach have waited long enough to have reasonable access to this medicine. The City Attorney's (and LBPD) draft is a litigation landmine that could cost the City millions \$\$\$\$\$. LK's Ordinance has the potential to minimize litigation and to bring in excess tax revenue \$\$\$\$\$. Please show your compassion and wisdom in this matter--it's the right thing to do.	9/1/15
