

Motion to approve the Green Airport Program with the following additions:

1. To amend A-1 to include:

**“A policy to reduce pollution related to aircraft, ground equipment, and vehicle transportation and strive to meet the AQMD 2020 attainment levels that give reference to PM 2.5 and less.”**

2. Amend A-1 (c) to include:

**“...to support national efforts to reduce air quality impacts of aircraft, including joining the National Organization to Insure a Sound-Controlled Environment (N.O.I.S.E.), and affiliate of the National League of Cities.”**

3. To amend A-2 to read:

**“A policy that the Airport will strive to achieve a “no net increase”<sup>or better</sup> pollution policy specific to LGB in its daily operations of the airport as well as the ongoing operations of all airport property tenants.”**

4. To amend A-3 (b) to include:

**“...for additional Long Beach area (including the Airport vicinity) air monitoring, and to provide real-time data from the monitoring that is publicly available on-line.”**

5. To add the intent of achieving a **Platinum LEED certification** on terminal and parking structure projects.

Motion to approve the Neighborhood Protection Plan with the following corrections:

1. To amend 8 to remove, **“pending resolution of EIR litigation .....**” and move forward in development and implementation of our Long Beach “Quieter Home Program”.
2. To amend 9 to read that **the independent monitor** will provide quarterly updates & progress reports.
3. To amend 10 to read: **“ The Airport will provide semi-annual passenger projection report and updates on nationwide airport growth, trends and concerns related to aviation impacted communities”.**
