

Existing Preferential Parking District R

Expanded Preferential Parking District R

Proposed Expansion of Preferential Parking District R

PETITION

NOV 22 2005

We, the undersigned occupants of properties on the west side of the 1800 block of the Palo Verde Avenue service road between the Atherton Street service road and Marita Street, hereby request the establishment of a preferential parking district and a two-hour parking restriction between the hours of 9:00 a.m. and 9:00 p.m. Monday through Friday, except Saturdays, Sundays and holidays along both sides of the 1800 block of the Palo Verde Avenue service road and the west side of the 1800 block of Palo Verde Avenue.

We understand that any party wishing to participate in the preferential parking program in this district must pay an annual fee of \$30 per vehicle for a preferential parking sticker.

We Specifically Understand that any party who purchases a sticker relating to the preferential parking program in this district is **Not Guaranteed A Parking Space** due to the limited on-street parking available on the west side of the 1800 block of Palo Verde Avenue and both sides of the 1800 block of the Palo Verde Avenue service road.

July 26, 2006

Dear Larry Herrera, City Clerk,

We would like to rescind our support for the proposed modification of Preferential Parking District 'R'. The restrictions on parking on Marita Street will simply move the parking problem to San Vicente Avenue. Although we signed the initial petition for establishment of restricted parking on Marita Street, we feel that it would create parking problems on other streets in the neighborhood.

We will be unable to attend the hearing on August 1, 2006 because we are leaving for a trip to Canada.

Sincerely,

Frances Mumm

RE: Proposed Preferential Parking District "R"

RECEIVED
CITY CLERK
LONG BEACH, CALIF.

05 JUL 31 AM 11:02

We oppose the proposed modification of Preferential Parking District "R". District "R" should not include Marita Street between Fanwood Avenue and San Vicente Avenue.

Marita Street residents living between San Vicente Avenue and Britton Drive will be negatively impacted by the proposed change. Due to the heavy traffic from Minnie Gant Elementary and parking from CSULB, Marita Street residents are already restricted in their amount of parking. Preferential Parking on the proposed section will restrict the amount of parking further.

Please consider the majority of the residents this will negatively impact.

Thank you for your time.

Sincerely,

David J. Murray 5930 E. Marita St. Long Beach CA 908

Subject: Preferred Parking District "R"

To Whom it may concern.

I object to the proposed "Preferential Parking District "R" " as it is now proposed.

It lies within the definition of "Conditions where a preferential parking district is NOT recommended".

The area is NOT self-contained. The area is already impacted by student parking. This change will only make it worse for the nearby residents.

"Preferential parking cannot be approved if it is likely to relocate a parking problem onto other residential streets."^[1]

The proposed "Preferential Parking District "R" " consists of areas that fall within "NOT recommended".

The Marita Street part of District "R" consist of 5 houses. Ten properties is the minimum size of a district.^[2]

The Marita Street part of District "R" is not well defined. San Vicente Avenue does not cross Marita Street and thus there is no natural boundary between the restricted parking and unrestricted parking. This will cause a lot of confusion as to where parking is restricted. See the green arrow in the map below.

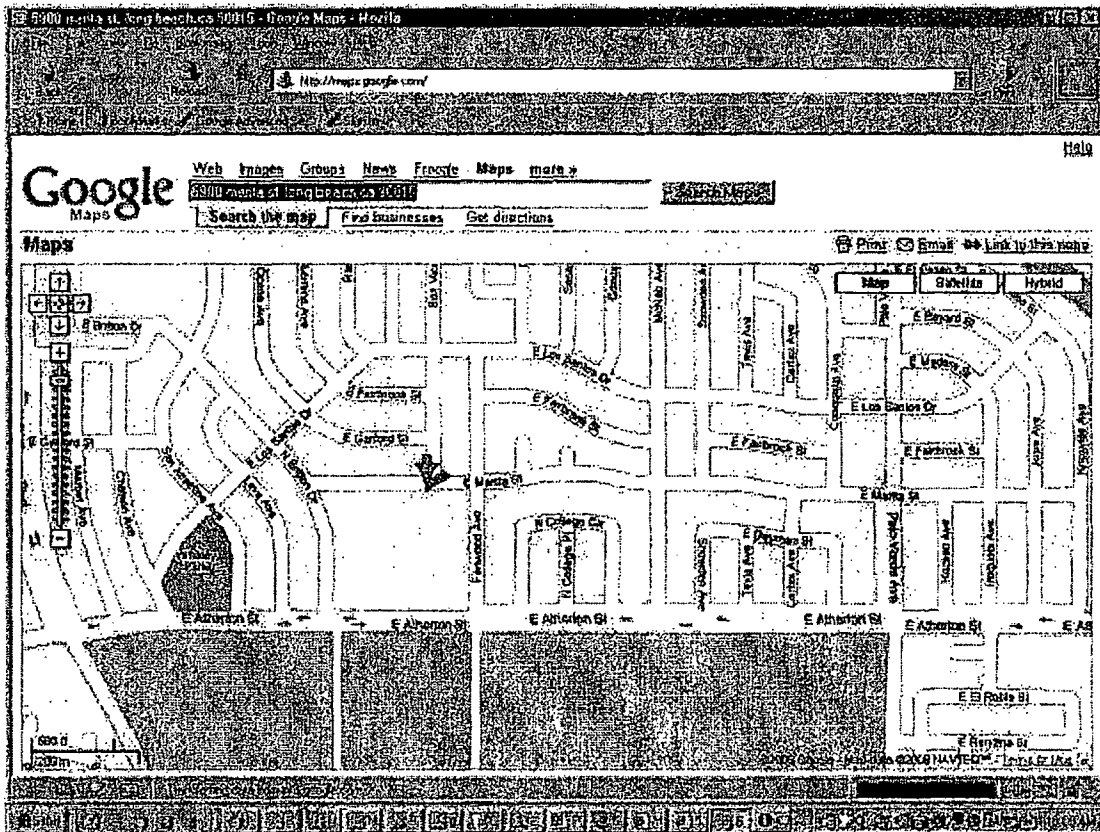

Therefore I recommend that Modification to Preferential Parking District "R" be rejected, or the Marita Street portion of Preferential Parking District "R" be removed from the definition of Preferential Parking District "R".

Subject: Preferential Parking District 'R'

I am contacting you regarding the Preferential Parking of District 'R' on Marita Street between Fanwood Avenue and San Vicente Avenue.

We strongly oppose the recommendation for the Preferential Parking because it will cause parking congestion on the neighboring streets, i.e., the rest of Marita Street and San Vicente Avenue in particular.

We believe that the heavy parking on our streets has been due to the building of the CSULB parking.

structure on Palo Verde Avenue. Once this structure has been completed, the parking congestion will be alleviated.

Please re-consider the Preferential Parking on Marita Street until after the CSULB parking structure is completed and re-evaluate if the residents that originally requested the Preferential Parking are still in need.

Thank you for your time and consideration.
