HONORABLE MAYOR AND CITY COUNCIL
City of Long Beach
California

RECOMMENDATION:

Adopt a Resolution of Intention declaring the intention of the City Council to add new business types to the East Anaheim Street Parking and Business Improvement Area methodology of assessment and, set the date of Tuesday, April 23, 2019, for the public hearing. (Districts 3, 4)

DISCUSSION

The City of Long Beach (City) contracts with the Zaferia Business Association (ZBA) to promote and market the commercial area along East Anaheim Street using funds generated through the assessment of businesses located in the East Anaheim Street Parking and Business Improvement Area (EASPBIA). The ZBA Board of Directors serves as the Advisory Board to the City Council and makes recommendations regarding the EASPBIA boundaries, improvements, maintenance, and activities to be provided, including the method and basis of levying the assessment.

The Advisory Board has voted to make a formal request to the City Council to add new business types to the existing EASPBIA methodology of assessment. The new business types include:

1. Financial institutions (banks)
2. Insurance companies
3. Nonprofits

The "Request for New Members Report," transmitting the recommendations of the Advisory Board, proposes the following assessment rates for the new business types:

Method of Assessment

Assessments are calculated as follows:

- Type 1 Businesses: Financial institutions shall pay an annual assessment fee of:
 - Base Fee: \$300 per year, except that secondary licensees in these classes are exempt; and,
 - Employee Fee: \$15 per employee up to \$300 maximum.

HONORABLE MAYOR AND CITY COUNCIL

April 9, 2018

Page 2 of 3

- Type 2 Businesses: Insurance companies shall pay an annual assessment fee of:
 - Base Fee: \$200 per year, except that secondary licensees in these classes shall pay a base fee of \$120; and,
 - Employee Fee: \$15 per employee up to \$300 maximum.
- Type 3 Businesses: Nonprofit organizations shall pay an annual assessment fee of:
 - Base Fee: \$100 per year; and,
 - Employee Fee: not applicable.

It is estimated that the changes to the EASPBIA methodology of assessment will generate an additional \$2,255 per fiscal year. The ZBA proposes to add the new revenue to the ZBA marketing budget, which will help fund the creation of "welcome" brochures that can be provided to all new members of the ZBA.

The Resolution of Intention grants approval of the Request for New Members Report, and declares the intention of the City Council to add new business types to the methodology of the assessment, levy the assessment for proposed activities, and sets the date of the public hearing for April 23, 2019. An amendment to the Ordinance establishing the EASPBIA will be required and will be an additional approval item during the public hearing, to add the new business types to the methodology of assessment.

This matter was reviewed by Deputy City Attorney Amy R. Webber on March 19, 2019 and by Budget Management Officer Rhutu Amin Gharib on March 14, 2019.

TIMING CONSIDERATIONS

City Council action is requested on April 9, 2019, to set the date of the public hearing for April 23, 2019.

FISCAL IMPACT

It is estimated that the changes to the EASPBIA methodology of assessment will generate \$2,255 in FY 19. Assessment funds are collected through additional fees attached to EASPBIA business licenses. All revenues are passed directly through to the ZBA for implementation of annual programs. This recommendation has minimal staffing impact beyond the normal budgeted scope of duties and is consistent with existing City Council priorities. There is no local job impact associated with this recommendation.

Re: Request for City Council Approval

Dear Eric,

On behalf of the Board of Directors of the Zaferia Business Association ("ZBA"), I am writing to formally request that you put forth the following for consideration by the Long Beach City Council: Financial institutions, insurance companies, and nonprofit businesses, are to be classified as General Members of the organization; and the City of Long Beach Business Licensing Department shall follow the Method of Assessment as outlined in the attached Request for Council Approval.

The ZBA Board of Directors is aware that other Parking and Business Improvement Areas, such as the Belmont Shore Business Association, have implemented these additional business types into their organization and that the Business Licensing Department assesses them at their annual business license renewal.

The reasoning for adding these business types is that these businesses are already benefitting from the ZBA. They benefit from the sidewalk and gutter cleaning program that keeps our district well maintained, they participate in the ZBA monthly programs and events, they have been included in our marketing efforts, including social media posts and "Zooming in on ..." articles on our website, and the district brand identity, which all the other businesses benefit from.

We estimate that the additional assessment revenue will be approximately \$2,255. These funds will contribute to the ZBA marketing budget, including the printing of a new "welcome" brochure that we can provide to all new members of the ZBA, outlining benefits and services. It has been a goal of the ZBA Board of Directors to provide this; however, budget limitations prevented it.

The ZBA Board of Directors scanned the district for insurance agents, including a review of the commercial building directories that was cross-checked with online research. We also obtained a list of the nonprofits from Business Licensing (see attached spreadsheet). Each business received a letter dated September 25, 2018, stating the Board's intention to ask City Council to consider adding their business as General Members of the ZBA (see letters, attached.) The letter provided them the opportunity to respond via telephone, email, or in-person at the October 11, 2018, meeting of the Board of Directors. To date, I received three phone calls stating that they were happy to join and wanted to be official members of the ZBA.

Thank you, Eric, for shepherding this request through to the City Council. Please let me know if you require any additional information or if you have any questions.

Zaferia is managed by the Zaferia Business Association ("ZBA") whose mission is to promote, enhance, and represent the business members of the Zaferia district. The ZBA serves its mission by providing additional opportunities and services for its members with marketing, promotions and publicity, networking events, supporting local events, cleanliness of sidewalks and gutters, and being a voice with the City of Long Beach and our elected officials.

On behalf of the Board of Directors, I am writing to inform you that the ZBA will be asking the Long Beach City Council to consider adding nonprofit businesses, agents (i.e., insurance and real estate), and financial institutions, as General Members of the organization. The Board will submit their formal request on October 15, 2018. Please refer to the ZBA Bylaws and Management Report dated August 24, 2018, posted on the ZBA website "About" page (www.zaferia.org/about/). They will be requesting that banking institutions be categorized as Type 1 Businesses, agents as Type 2 Businesses, and nonprofits as a new category Type 4 business that will be assessed an annual flat fee of \$100. If you would like to express your opinion on this matter with the ZBA Board of Directors, we encourage you to either email us at director@zaferia.org, or attend the next meeting of the Board on October 11, 2018, at 8:30 a.m., at the Long Beach Playhouse, 5021 E.
