Dear Alex,

I am writing this letter to you because I strongly oppose the proposed car wash project at 1911 E. PCH. I think there are too many car washes in the area for one and don't understand how the city can allow another one. Especially since we are in a water shortage and the property can be used for much better purposes such as affordable housing or in other ways to serve our city best!

With that being said, I strongly oppose approval of this new car wash and hope that the space will be used in a better way that will better serve the city's needs. Thank you for your time.

Best,

Sarah Golshan

Hello Alex,

Thank you for reading this email. I am writing because I oppose the car wash project at 1911 E. PCH. I believe there are already too many car washes in the area and especially since there is a water shortage. I believe this property can be used for much better purposes such as affordable housing for example.

I oppose approval of this new car wash and hope that the property will be used in a way that will better serve the city. Thank you.

Sincerely,

Amanda Papo
