eSlate/DAU

JBC

eSlate Voting Booth

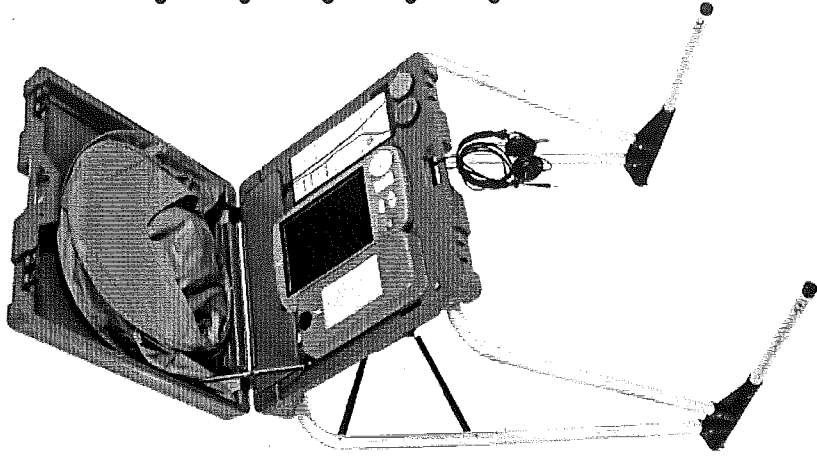

eSlate

DESIGN OBJECTIVES

- Accurate: Precise, reliable
- Secure: Multiple points of protection for data and extensive audit logs
- Easy-to-Use: Lightweight, intuitive
- Accessible: ADA compliant and beyond
- Durable: Rugged, low maintenance
- TCO: Low total cost of ownership

eSlate Voting Booth

- Privacy: voter screen for the sides and top
- Security: handle can be sealed
- Footprint is anti-tip configuration
- Easy to store, legs collapse
- Access to eSlate/DAU from booth

The Proposal

- Utilize the April 2012 Primary early voting period to provide independent and private voting as City Hall, wherein all eligible voters can cast ballots.
- Estimated costs: \$15,000 to \$25,000.
- Suggested Action: Approve recommendation.

What others have said about private and independent voting with eSlates.

"I want to let you know that our staff and consumers found your machine, the eSlate, to be the most accessible and the easiest to use of the four machines tested."
 – John A. Jansa, Program Director, Progress Center for independent living

Austin Mayor's Committee for People with Disabilities
 "Based on our positive experience with the eSlate voting system I encourage other communities to strongly consider the eSlate to meet their accessible voting needs."
 – Ron Lucey, Chair, AMCPD

Acpd
 Alexandria Commission on Persons with Disabilities

"We believe that the Hart eSlate provides the best opportunity for providing the most accessible voting technology."
 –Chet Avery, Chair, ACPD

"We like the eSlate the best because of its overall ease of use owing to its linear ballot style."

– AccessWorld
