MOBILE PAYMENTS

ParkSmarter™ Mobile Payment Solution

Product/Service	Price per unit
ParkSmarter™ mobile payment decals for SSPM	\$2.00
ParkSmarter™ mobile payment decals for MSM	TBQ
Decal Shipping	TBQ
On-site Setup and Installation	see below
Additional signage or scope of work to be quoted upon request	TBQ

On-site setup: IPS shall provide the City with instructions on how to setup / install decals in support of the ParkSmarter™ mobile payment application. However, IPS will send staff to provide installation and setup services. The costs for these services will be based on the costs of travel, rental car, hotel, and per diem expenses and will be added to the setup invoice at the completion of the service based on \$950/day/person.

Per Transaction Fees	Fees
Secure Credit Card Gateway Fee (per transaction)	\$0.13
Optional: Pushing Time to Meter	\$0.10
Optional: Merchant Processing Fees (per transaction)	\$0.06-\$0.08

Per transaction fees: IPS shall charge the City the same per transaction gateway fee as we currently charge for the meter program in place today. No additional convenience charges are required, but can be added to the user transaction if the City does not wish to pay this fee.

Preferred Card Processing Rates: Using our own payment provider IPS can provide preferred pricing for small ticket mobile payment merchant processing. Quotes for this service are available upon request.

Integration Services

Product/Service	Price per unit
Implementation with 3 rd party for enforcement	TBD
Customizations	\$200/hr

Implementation: IPS shall integrate with 3rd party enforcement software or IPS can provide the City with IPS enforcement software at prices not included in this proposal. If any city designated 3rd party charges IPS for such implementation, then those charges will be passed along to the City at IPS costs.

Note: This pricing is FOB, IPS Group, San Diego, CA. Sales taxes and shipping charges will be added to the final invoice. IPS shall have the right to adjust Agreement pricing due to increases in Inflation as published by the US Bureau of Labor Statistics for All Items Consumer Price Index for All Urban Consumers (CPI-U) for the U.S. City Average compounded annually.

REPLACEMENT PARTS & REPAIR SERVICES:

IPS shall provide warranty and non-warranty repair services based out of our office in San Diego, CA. For repair services not able to be first achieved on-site by the Customer or by phone, these meters will be returned to IPS at 7737 Kenamar Court, San Diego, CA, 92121, for repair or rework and IPS will endeavor to ship within 3-4 weeks of receipt, depending on the quantities received and work schedules. ALL RETURNS REQUIRE AN "RMA" NUMBER prior to shipment to IPS in order to avoid additional delays. An RMA may be requested by contacting the responsible IPS customer support manager, by contacting the IPS Help desk, phone ((877) 630-6638 or (858) 404-0607) or email (customersupport@ipsgroupinc.com). All items returned to IPS must be securely package to avoid further damage in shipment and all shipments will be via Ground Freight Service unless expedited service and payment of associated fees are requested. Automated RMA tracking, including work performed to repair meters, can be viewed at any time using IPS meter management system.

Product/Service	Price per unit
Single Space M3™ Non-Warranty repair work (includes parts/labor)	\$125.00 + shipping
Single Space M5™ Non-Warranty repair work (includes parts/labor)	\$95.00 + shipping
Multi-Space MS1™ Non-Warranty repair work	To be quoted
On-site technical services: shall be quoted to include labor, travel costs, accommodation, car rental and per diem costs. Spare Parts shall be quoted and added to final costs based on the identified needs.	\$150 per hour or \$950 per day
Shipping costs for any of the above shall be added to the final invoice	

Note: This pricing is FOB, IPS Group, San Diego, CA. Sales taxes and shipping charges will be added to the final invoice. IPS shall have the right to adjust Agreement pricing due to increases in Inflation as published by the US Bureau of Labor Statistics for All Items Consumer Price Index for All Urban Consumers (CPI-U) for the U.S. City Average compounded annually.

IPS Limited Warranty

IPS will provide a limited parts warranty for any new meter or sensor product manufactured and supplied by IPS for 12 months under normal use. The warranty protects against defects in materials and workmanship from the point of installation or 15 months from the date of delivery, whichever is sooner, and 90 days from the date of delivery received in the case of spare or repaired products. Software Services are provided "as-is" and IPS shall provide bug fixes at no cost during the contract term.

Additional Warranty Provisions: IPS must have the opportunity to assist in the initial deployment and system installation. Repair or replacement under warranty of any defective product (including any meter or subcomponent) does not extend the warranty period for that product or subcomponent. IPS will either repair or replace products or subcomponents, at our discretion, that are found to be defective within the defined warranty period, with transportation costs pre-paid by the customer. Returns for credit will only apply once IPS has received defective product (including any meter or subcomponent) and confirmed that defects were within the warranty period and are covered under the terms and conditions of the warranty provided. IPS strongly recommends that customers pre-purchase spare parts inventory for immediate access. Defective parts can be replaced immediately from customer stock and IPS shall replace such components upon receipt and determination of defect. On-site labor is explicitly not included in this limited warranty. Customer shall be sufficiently trained to perform all on-site work, including meter or sub-component removal/replacement. IPS can provide additional on-site services under a separate maintenance agreement or quoted on an as-needed basis. THE WARRANTIES CONTAINED IN THE AGREEMENT DOCUMENTS ARE IPS'S SOLE AND EXCLUSIVE WARRANTIES. THE EXTENT OF IPS'S LIABILITY FOR A WARRANTY CLAIM IS LIMITED TO THE REPAIR OR REPLACEMENT OF THE DEFECTIVE EQUIPMENT OR DEFECTIVE SERVICE OR SOFTWARE AT THE SOLE OPTION OF IPS. IPS AFFIRMATIVELY EXCLUDES ANY AND ALL OTHER WARRANTIES, CONDITIONS, OR REPRESENTATIONS (EXPRESS OR IMPLIED, ORAL OR WRITTEN), WITH RESPECT TO THE EQUIPMENT AND/OR SERVICES OR SOFTWARE PROVIDED INCLUDING ANY AND ALL IMPLIED WARRANTIES OR CONDITIONS OF TITLE, MERCHANTABILITY, OR FITNESS OR SUITABILITY FOR ANY PURPOSE (WHETHER OR NOT IPS KNOWS, HAS REASON TO KNOW, HAS BEEN ADVISED, OR IS OTHERWISE IN FACT AWARE OF ANY SUCH PURPOSE) WHETHER ARISING BY LAW OR BY REASON OF CUSTOM OF THE TRADE.

Exclusions: Warranty voided with use of imitation or non-genuine IPS replacement parts, un-authorized alterations, abuse, vandalism, improper installation by customer, handling or general misuse to the equipment (hardware or software), including attempted repairs that result in damage. Warranty specifically excludes any consumable items such as paper, batteries, etc. Software warranty is void if usernames and/or passwords are shared with 3rd parties, or allowance of 3rd party access to IPS software without IPS written consent. Force Majeure: IPS shall not be liable for any warranty provisions where such product failure is as a result of Acts of Nature (including fire, flood, earthquake, storm, hurricane or other natural disaster), war, invasion, act of foreign enemies, hostilities (whether war is declared or not), civil war, rebellion, revolution, insurrection, military or usurped power or confiscation, terrorist activities, nationalization, government sanction, blockage, embargo, labor dispute, strike, lockout or interruption or failure of electricity, internet services or cellular telecommunication failures caused by any of the events or causes described above. IPS provides no warranty with respect to any 3rd party hardware or software, whether supplied in connection with this Agreement or otherwise.

Preventative Maintenance: The primary operational elements will be a working battery, card reader, coin validator and printer (if applicable). All product surfaces should be kept clean with mild soap and water. No harsh chemicals should be used on any plastic surfaces. The card reader heads should be cleaned with a cleaning card every 1-2 months to ensure optimum performance. Cleaning cards may be purchased from IPS. Batteries should be replaced when notified by the IPS Data Management System. At 6 month increments, the coin validator shall be visually inspected for any damage or debris. Compressed air may be used to keep the card reader, coin acceptor or printer (if applicable) clear of debris, every 6 months. Additional preventative maintenance shall be administered by customer staff at such time as it is apparent to be necessary, even if it should occur on a more frequent basis than described herein.
