Identifying potential funding sources for digitization of documents; and</p> <p>3. Digitization schedule.</p>	Margaret Smith	mfarwellsmith@gmail.com			Long Beach	CA	90803	The Long Beach Public Library Foundation supports this recommendation. We feel it is vitally important to preserve the Library's archival collections to document the history of Long Beach for future generations. We recognize the need to prioritize the archiving of Main Library collections before the transition from the current Main Library to the new Main Library. We understand Library staff has prioritized this project and is researching how best to accomplish this important goal. Thank you.	1/4/2016

The library newspaper and photography collections are unique resources es for Long Beach history and are used be scholars, students and city officials. They must be preserved and digitized to make them available to future generations, and need an assessment by an archival expert.	1/4/2016
