

Date: February 7, 2006

To: Honorable Mayor and Members of the City Council

From: Councilmember Tonia Reyes Uranga, Seventh District 

Subject: **AGENDA ITEM: Travel Report on Advocacy Efforts on Behalf of the City**

I would like to request an opportunity to address the City Council on my recent advocacy of City issues at the State of California Air Resources Board (CARB) Meeting and the National Association of Latino Elected Officials (NALEO) Conference in Sacramento, California. While my travel to Sacramento for the Latino Health Conference was paid by NALEO, I took this opportunity to testify before CARB to oppose the Memorandum of Understanding affecting rail yards operating near the Port in West Long Beach. I believe a report regarding the City's efforts to clean our air and health issues affecting a large population of our City is timely and important for the well being of our residents. Additional information will be provided for the presentation to Council.

Suggested Action: Receive and File report on Health and Clean Air Advocacy in Sacramento, California.
