HONORABLE MAYOR AND CITY COUNCIL
City of Long Beach
California

RECOMMENDATION:

Adopt the attached Statement on Investment Policy for Calendar Year 2014 pursuant to Section 53646 (a) of the State of California Government Code. (Citywide)

DISCUSSION

In accordance with the State of California Government Code, Section 53600, et seq., the City Treasurer must present an annual Statement of Investment Policy to the City's legislative body. The Investment Policy is based on those standards recommended by several professional organizations including the California Municipal Treasurers' Association and the California Society of Municipal Finance Officers.

The City Council last adopted the Statement of Investment Policy on November 13, 2012. The Statement of Investment Policy for calendar year 2014 was presented for review on November 26, 2013 to the Investment Advisory Committee, which consists of the Assistant City Manager, Deputy City Attorney, Assistant City Auditor, Director of Financial Management, City Treasurer, City Controller, Budget and Performance Management Bureau staff and designated representatives from the Harbor and Water departments.

There were no changes to the California Government Code related to investments; therefore, the Investment Advisory Committee recommends no change to the City's policy for calendar year 2014.

TIMING CONSIDERATIONS

The Government Code requires the City Council's adoption of the City's Investment Policy annually.

City of Long Beach Investment Policy
2014

1.1 Scope

- 1.1.1 In accordance with Resolution No. C-22401, the City Treasurer is authorized to invest the City's funds in accordance with the State of California Government Code, Section 53600, et seq. The objective of this policy is to ensure that the temporarily idle funds of the City of Long Beach are prudently invested to preserve capital and provide necessary liquidity, while maximizing earnings.
- 1.1.2 Investments may only be made as authorized by the State of California Government Code, Section 53600, et seq., the ("Code") and this policy. This policy conforms to the Code as well as to customary standards of prudent investment management. Should the provisions of the Code become more restrictive than those contained herein, such provisions will be considered as immediately incorporated in this policy.
- 1.1.3 This policy sets forth the City's guidelines for the investment of surplus funds in the Treasurer's Pooled Fund. Excluded from this policy are guidelines for the investment of Debt Service and Reserve and Deferred Compensation Funds. The investment of debt proceeds is governed by each transaction's indenture. Employees select the Investments for their deferred compensation accounts.
- 1.1.4 All investment managers may be governed by Portfolio Guidelines, which on an individual basis may differ from the total fund guidelines outlined herein. The City Treasurer is responsible for monitoring and ensuring that the total funds subject to this policy remain in compliance with this policy, and shall report to the City Council regularly on compliance.

1.2 Investment Objectives

- 1.2.1 The primary objectives, in priority order, of the City's investment activities shall be:
 - A. Safety: Safety of principal is the foremost objective of the investment program, however risk is inherent throughout the investment process. The City's investments shall be undertaken in a manner that seeks to maximize the preservation of capital in the overall portfolio and minimize the risk related to capital losses from institutional default, broker-dealer default, or erosion of market value.
 - B. Liquidity: The City's investment portfolio will remain sufficiently liquid to meet all operating requirements that might be reasonably anticipated.
 - C. Yield: The City shall manage its funds to maximize the return on investments consistent with the two primary objectives of safety and liquidity. The investment goals are to maximize interest income through

City of Long Beach Investment Policy
2014

the prudent implementation of the Investment Policy and developed guidelines.

- 1.2.2 It is the City's policy to hold investments until market value equals or exceeds (historical) cost. However, if the City's liquidity needs require that investments be sold at a loss, or because of a downgrade of credit quality, national or public issues, or to take advantage of market conditions which will result in a gain on reinvestment of the sale proceeds, the security may be sold and the decline in value shall be recorded as a loss.
- 1.2.3 Investments shall be made in the context of the "Prudent Investor" standard which states: "investments shall be made with judgment and care, under circumstances then prevailing, which persons of prudence, discretion, and intelligence exercise in the management of their own affairs, not for speculation, but for investment, considering the probable safety of their capital as well as the probable income to be derived in the context of managing an overall portfolio".
- 1.2.4 Investment officials in the management of the City's funds shall use the "Prudent Investor" standard. Investment officers acting in accordance with this investment policy, written portfolio guidelines and procedures and exercising due diligence shall be relieved of personal responsibility for an individual security's credit risk or market price changes, provided deviations from expectations are reported in the quarterly investment report to the City Council, and appropriate action is taken to control adverse developments.

1.3 Delegation of Authority

- 1.3.1 The City Council shall be the trustee of funds received by the City. In accordance with the Code, Section 53607, and Resolution C-22401, the City Council hereby delegates the authority to invest or reinvest the City's funds, to sell or exchange securities so purchased and to deposit securities for safekeeping to the City Treasurer.
- 1.3.2 The City Treasurer shall establish written procedures for the operation of the investment program consistent with this investment policy, including establishment of appropriate written agreements with financial institutions. The City Treasurer may engage independent investment managers to assist in the investment of the City's financial assets.
- 1.3.3 No person may engage in an investment transaction except as provided under the terms of this policy and the procedures established by the City Treasurer.
- 1.3.4 Officers and employees involved in the investment process shall refrain from personal business activity that could conflict with the proper execution of the investment program or which could impair their ability to make impartial investment decisions. All investment personnel shall comply with the reporting

City of Long Beach Investment Policy
2014

requirements of the Fair Political Practices Committee and include an annual filing of a Statement of Economic Interests.

1.4 Permitted Investments

- 1.4.1 All City funds which are not required for immediate cash expenditures shall be invested in income producing investments or accounts, in conformance with the provisions and restrictions of this investment policy as outlined in Appendix A and as specifically authorized by the Code, Section 53600, et seq.

In order to reduce overall portfolio risk, investments shall be diversified among types of investments, maturities of those investments, issuers and depository institutions. See Appendix A for specific concentration limits by type of investment.

- 1.4.2 Maturities of individual investments shall be diversified to meet the following objectives:

- A. Investment maturities will be first and foremost determined by the City's anticipated cash flow requirements.
- B. No investment instrument shall be purchased which matures more than five years from the date of purchase, unless the instrument is specifically approved by the City Council or is approved by the City Council as part of an investment program and such approval must be granted no less than three months prior to the investment.
- C. The maximum weighted average maturity of managed funds subject to this policy shall be three (3) years.

- 1.4.3 This Investment Policy specifically prohibits the investment of any funds subject to this policy in the following securities:

Derivative securities, as defined in Section 53601.6 of the Code as any security that derives its value from an underlying instrument, index, or formula, are prohibited. The derivative universe includes, but is not limited to, structured and range notes, securities that could result in zero interest accrual if held to maturity, variable rate, floating rate or inverse floating rate investments, and mortgage derived interest or principal only strips.

1.5 Selection of Depository Institutions, Investment Managers and Broker-Dealers

- 1.5.1 To minimize the risk to the City's overall cash and investment portfolio, prudence and due diligence as outlined below shall be exercised with respect to the

City of Long Beach Investment Policy
2014

selection of financial institutions in which the City's funds are deposited or invested.

- A. In selecting Depositories pursuant to the Code, Section 53600, et seq., the credit worthiness, financial stability, and financial history of the institution, as well as the cost and scope of services and interest rates offered shall be considered. No funds will be deposited in an institution unless that institution has been evaluated by a nationally recognized independent rating service as satisfactory or better.
 - B. Deposits of \$250,000 or less which are insured pursuant to federal law by the Federal Deposit Insurance Corporation (FDIC), or the National Credit Union Administration (NCUA) may be excluded from the independent rating service evaluation requirement above and from the collateralization requirements of Section 1.6.3 of this Policy, at the City Treasurer's discretion.
- 1.5.2 In selecting external investment managers and brokers, past performance, stability, financial strength, reputation, area of expertise, and willingness and ability to provide the highest investment return at the lowest cost to the City within the parameters of this Investment Policy and the Code shall be considered. External investment managers must be registered with the Securities and Exchange Commission (SEC) under the Investment Advisor Act of 1940.
- 1.5.3 Pursuant to Code, Section 53601.5, the City and its investment managers shall only purchase statutorily authorized investments either from the issuer, from a broker-dealer licensed by the state, as defined in Section 25004 of the Corporations Code, from a member of a federally regulated securities exchange, a national or state-chartered bank, a federal or state association (as defined by Section 5102 of the Financial Code), or from a brokerage firm designated as a primary government dealer by the Federal Reserve Bank.
- A. Internal investment managers will only purchase or sell securities from broker-dealers defined in section 1.5.3 of the City's Investment Policy and meet the minimum requirements of being registered and licensed by the National Association of Securities Dealers (NASD) and possess an active Series 7 license, an active Series 66 license (or Series 63), submission of a NASD form U4 (employment history) and a current NASD form U5 Disclosure Statement and have completed the City's broker/dealer questionnaire.
 - B. Internal investment managers will only use broker-dealers that have a minimum of three years experience working for a primary dealer or five years working for a non-primary dealer.

City of Long Beach Investment Policy
2014

- C. External investment managers may purchase or sell securities from non-Primary Dealers qualified under U.S. Securities and Exchange Commission Rule 15C3-1, the Uniform Net Capital Rule, and provided that the dealer is a certified member of the National Association of Securities Dealers. External investment managers shall submit to the City at least quarterly, a list of the non-Primary Dealers used during the period.
- D. External investment managers must certify in writing that they will purchase securities in compliance with this Investment Policy, City Procedures, and applicable State and Federal laws.

1.5.4 Depositories, and external investment managers, who do business with the City, shall sign a Certification of Understanding (see Appendix B). All broker-dealers who do business with the City's internal investment managers shall acknowledge receipt of the City's Investment Policy (see Appendix C).

1.6 Custody and Safekeeping of Securities and City Funds

- 1.6.1 For investments in Repurchase Agreements, securities and collateral shall be purchased and maintained for the benefit of the City in the Trust Department or safekeeping department of a bank as established by a written third party safekeeping agreement between the City and the bank.
- 1.6.2 All investment transactions shall be settled "delivery vs. payment", with the exception of deposits, mutual fund investments, and Local Agency Investment Fund or other Local Government Investment Pools. Delivery may be physical, via a nationally recognized securities depository such as the Depository Trust Company, or through the Federal Reserve Book Entry system.
- 1.6.3 Funds deposited by the City shall be secured by a Depository in compliance with the requirements of the Code, Section 53652. Such collateralization shall be designated and agreed to in writing.
- 1.6.4 Investment securities in bearer form such as Negotiable Certificates of Deposit and Bankers' Acceptances shall be held in a qualified safekeeping institution.

1.7 Reports and Communications

- 1.7.1 The City Treasurer is responsible for ensuring compliance with all applicable Local, State, and Federal laws governing the reporting of investments made with public funds. All investment portfolios will be monitored for compliance. Non-compliance issues will be included in the quarterly City Council report as stated in Section 1.7.3 of this Policy.

City of Long Beach Investment Policy
2014

1.7.2 The City Treasurer shall annually submit a statement of investment policy to the City Council for approval. The existing approved policy will remain in effect until the City Council approves the recommended statement of investment policy.

1.7.3 The City Treasurer shall render a quarterly cash, investment, and transaction report to the City Manager (referred to as the Chief Executive Officer by the Code, Section 53646, b), the City Auditor and the City Council within 30 days following the end of the quarter covered by the report, subject to Investment Advisory and City Council meeting schedules. The report shall include a description of the City's funds, investments, or programs that are under the management of the contracted parties, including lending programs. The report shall include at a minimum:

- A. The type of investment, name of the issuer, date of maturity, par value and cost in each investment.
- B. Investments and moneys held by the City.
- C. List and describe any of the City's funds, investments, or programs that are under the management of contracted parties, including any lending programs.
- D. Current Market value as of the date of the report, and shall include the source of this same valuation.
- E. Statement of compliance of the investment portfolio to the Investment Policy, or manner in which the portfolio is not in compliance.
- F. Statement denoting the ability of the City to meet its pool's expenditure requirements for the next six months, or provide an explanation as to why sufficient money shall, or may not, be available.

1.7.4 Investment managers shall monitor investments and market conditions and report on a regular and timely basis to the City Treasurer.

1.8 Portfolio Guidelines

1.8.1 Portfolio Guidelines are the operating procedures used to implement the Investment Policy approved by the City Council. The City Treasurer may impose additional requirements or constraints within the parameters set by the Investment Policy.

1.9 Internal Control

1.9.1 The City Treasurer shall establish a system of internal controls designed to prevent losses of public funds arising from fraud, employee or third party error,

City of Long Beach Investment Policy
2014

misrepresentation of third parties, unanticipated changes in financial markets, or imprudent actions by City employees or agents.

2.0 Purchasing Guidelines

2.0.1 Investment managers shall purchase and sell securities at the price and execution that is most beneficial to the City. The City's liquidity requirements shall be analyzed and an interest rate analysis shall be conducted to determine the optimal investment maturities prior to requesting bids or offers. Investments shall be purchased and sold through a competitive telephone bid/offer process. Bids/offers for securities of comparable maturity, credit and liquidity shall be received from at least three financial institutions, if possible.

2.0 Benchmarks

2.0.1 Investment performance shall be compared and evaluated against the following benchmarks:

- Short Maturity Portfolios: Three-month Treasury Bill
- Intermediate Term Portfolios: One Year Constant Maturity Treasury or equivalent Index whose duration is equal to one (1) year
- Long Maturity Portfolios: Merrill Lynch AAA U.S. Treasury/Agency 1-5 yr Index

3.0 Ethics and conflicts of Interest

The City Treasurer, along with the members of the Investment Advisory Committee, and other employees involved in the investment decision-making process are required to file annual disclosure statements as required by the Fair Political Practices Commission (FPPC) and, in addition, comply with the City of Long Beach current guidelines of disclosure on annual basis.

APPENDIX E
CITY OF LONG BEACH
INVESTMENT POLICY GLOSSARY

ADJUSTABLE RATE MORTGAGE (ARM): A mortgage that features predetermined adjustments of the loan interest rate at regular intervals based on an established index. The interest rate is adjusted at each interval to a rate equivalent to the index value plus a predetermined spread, or margin, over the index, usually subject to per-interval and to life-of-loan interest rate and/or payment rate caps.

ASKED: The price at which securities are offered from a seller.

ASSET BACKED SECURITIES: Securities issued by corporations organized and operating in the United States that are collateralized with some class of assets; credit cards, mortgages, etc. Examples of some issuers are Citibank, Chase Manhattan Bank, American Express.

BANKERS' ACCEPTANCE (BA): Time drafts that a bank "accepts" as its financial responsibility as part of a trade finance process. These short-term notes are sold at a discount, and are obligations of the drawer (or issuer- the bank's trade finance client) as well as the bank. Once accepted, the bank is irrevocably obligated to pay the BA upon maturity if the drawer does not.

BID: The price offered by a buyer of securities.

BOND: A debt security. It is usually issued by government agencies, municipalities and corporations. The purchaser actually lends the entity money and is considered the creditor. The entity is the seller and is considered the debtor or issuer. The issuer agrees to repay the principal amount of the loan at a specified time (maturity). Interest bearing bonds pay interest periodically at a predetermined time. A discounted bond such as a Zero Coupon bond pays no interest. It is sold at a discount from face value (par value) and the investor receives a rate of return through price appreciation and the bond is redeemed at face value.

BOOK VALUE: The original cost of the investment, plus accrued interest and amortization of any premium or discount.

BROKER: A broker brings buyers and sellers together for a commission.

CERTIFICATE OF DEPOSIT (CD): A time deposit with a specific maturity evidenced by a certificate. Large-denomination CDs are typically negotiable (marketable or transferable).

COLLATERAL: Securities, evidence of deposit, or other property that a borrower pledges to secure repayment of a loan. Also refers to securities pledged by a bank to secure deposits of public moneys.

COLLATERALIZED MORTGAGED OBLIGATION SECURITIES (CMOS): are mortgaged securities consisting of "pools" of real estate properties. These securities are broken into individual pools or sectors by maturity date called **TRANCHES**.

COMMERCIAL PAPER (CP): Unsecured promissory notes issued by companies and government entities at a discount. Commercial paper is negotiable, although it is typically held to maturity. The maximum maturity is 270 days, with most CP issued for terms of less than 30 days.

CUSTODY or SAFEKEEPING: A service to customers rendered by banks for a fee whereby securities and valuables of all types and descriptions are held in the bank's vaults for protection.

DEALER: A dealer, as opposed to a broker, acts as a principal in all transactions, buying and selling for his own account.

DELIVERY VERSUS PAYMENT: Delivery of securities with a simultaneous exchange of money for the securities.

DRAFT or TIME DRAFT: financial instrument used in international trade, such as a Bankers Acceptance.

FEDERAL AGENCIES AND U.S. GOVERNMENT SPONSORED ENTERPRISES (AGENCIES or "GSE"): U.S. Government related organizations, the largest of which are government financial intermediaries assisting specific credit markets (housing, agriculture). They include:

- Federal Home Loan Banks (FHLB)
- Federal Home Loan Mortgage Corporation (FHLMC or "Freddie Mac")
- Federal National Mortgage Association (FNMA or "Fannie Mae")
- Federal Farm Credit Banks (FFCB)
- Student Loan Marketing Association (SLMA or "Sallie Mae")
- Tennessee Valley Authority (TVA)

FINANCIAL FUTURES AND FINANCIAL OPTIONS: A financial future is a contract to buy or sell a specific standard financial instrument during a specific future month at a price determined in a central, regulated marketplace, such as the Chicago Board of Trade (CBOT), etc. Futures contracts are available for a wide variety of financial instruments. Financial Options on financial futures contracts provide a purchaser the right (but not the obligation) to purchase or sell a given futures contract within a specified time period.

INTEREST ONLY (I.O.) SECURITIES: Securities that consist of the interest coupon of a bond. See Principal Only (P.O.).

LOCAL AGENCY INVESTMENT FUND (LAIF): The State of California created the Local Agency Investment Fund as an alternative investment for local agencies. The current restrictions are a maximum of \$40 million per account and ten transactions

per month. The funds are protected under Section 16429.3 of the State of California Government Code and cannot be attached or seized by the State.

MARKET VALUE: The price at which a security is trading and could presumably be purchased or sold.

MASTER REPURCHASE AGREEMENT: A written contract covering all future transactions between the parties to repurchase/reverse repurchase agreements that establish each party's rights in the transactions. A master agreement will specify, among other things, the right of the buyer-lender to liquidate the underlying securities in the event of default by the seller-borrower.

MATURITY: The date upon which the principal or stated value of an investment becomes due and payable.

MEDIUM TERM NOTES (MTN): Interest bearing, continuously offered debt, issued in the nine-month to ten-year maturity range. Deposit notes, like Certificates of Deposit, actually represent an interest bearing deposit at a bank or other depository institution.

MORTGAGED-BACKED SECURITIES: A bond or security that is secured by a lien on property, equipment or other real assets.

NEGOTIABLE CERTIFICATE OF DEPOSIT: A large denomination (generally \$1 million or more) Certificates of Deposit that can be sold in the secondary market but cannot be cashed in before maturity.

OFFER: The price asked by a seller of securities.

PAR VALUE: The face value or principal amount payable at maturity.

PRIMARY DEALER: A group of government securities dealers who submit daily reports of market activity and positions and monthly financial statements to the Federal Reserve Bank of New York, and are subject to its informal oversight.

PRINCIPAL ONLY (P.O.) SECURITIES: A Security that has the interest coupons stripped from the body of the bond. The bond is a non-interest investment and is treated as a discounted/zero security.

RANGE NOTES: A security whose interest rate coupon is calculated on a formula that only pays interest if the value of the coupon falls within a prescribed "range" of interest rates.

REPURCHASE AGREEMENT (RP OR REPO): A purchase of securities under a simultaneous agreement to sell these securities back at a fixed price on some future date. This is in essence a collateralized investment, whereby the security "buyer" in effect lends the "seller" money for the period of the agreement, and the difference between the purchase price and sale price determining the earnings. Dealers use RP extensively to finance their positions.

REVERSE REPURCHASE AGREEMENTS: The opposite or "reverse" of a repurchase agreement. The City puts up securities as collateral to borrow funds. The collateral is "marked to market" by the lending institution daily and if the market value falls below the amount of funds borrowed, the City is required to put up additional funds; either cash and/or securities with a market value equal to or greater than the loan amount. The State of California Government Code limits the maturity term of this investment to 92 days. An additional restriction is a maximum of 20% of the City's funds can be invested in Reverse Repurchase Agreements.

SECURITIES AND EXCHANGE COMMISSION (SEC): An agency by Congress to protect investors in securities transactions by administering securities legislation.

SECURITIES LENDING: An activity that places investment securities with a contracted counterparty (dealer) who will lend the securities temporarily to another party against a commission. The borrower party is legally obligated to return the same type and amount of securities at the end of a specified period. This action is similar to a reverse repurchase transaction.

TRANCHE: see CMOs

TREASURY BILLS (T-BILLS): A non-interest bearing discount security issued by the U.S. Treasury to finance the national debt. Most bills are issued to mature in three months, six months or one year.

TREASURY NOTES AND BONDS: Long-term U.S. Treasury securities having initial maturities of 2 to 30 years.

VARIABLE RATE SECURITIES: A security whose coupon interest rate is not fixed but is adjusted periodically according to a prescribed formula or index.

WARRANTS: A short-term obligation of a governmental body (as a municipality or state) issued in anticipation of revenues.

YIELD: The rate of annual income return on an investment expressed as a percentage.

YIELD TO MATURITY (YTM): is the rate of return earned on an investment considering all cash flows and timing factors: interest earnings, discounts, and premiums above par.
