## **SECTION TWO**

**2.1 Orders.** The Contractor shall receive written or verbal requests for Goods or Services on an as-needed basis for items on this Agreement, subject to the terms, conditions, and pricing listed herein. The Contractor shall be responsible for confirming specifications, quantities, and pricing with the Contract Administrator prior to order entry/delivery.

Orders may be placed at any time during the term of the Agreement even if delivery may not be made until after the expiration of the Agreement. Order dates take precedence over delivery dates. The Contractor must clearly identify the order date on all invoices to OCFA.

**2.2 Substitutions.** The Contractor is required to meet all specifications and requirements contained herein. No substitutions will be accepted without prior OCFA written approval.

**2.3 Delivery.** Time of delivery of Goods or Services is of the essence in this Agreement. OCFA reserves the right to refuse any Goods or Services and to cancel all or any part of the Goods or Services not conforming to the Statement of Goods or Services to Be Provided, as set forth in Exhibit "A". Acceptance of any part of the order for Goods shall not bind OCFA to accept future shipments nor deprive it of the right to return Goods already accepted at Contractor's expense. Over-shipments and under-shipments of Goods shall be only as agreed to in writing by OCFA. Delivery shall not be deemed to be complete until all Goods or Services have actually been received and accepted by OCFA.

In the event the delivery location does not have a loading dock, it will be the Contractor's responsibility to make all necessary arrangements to complete delivery.

**2.4 Freight (F.O.B. Destination).** Contractor assumes full responsibility for all transportation, transportation scheduling, packing, handling, insurance, and other services associated with delivery of all Goods deemed necessary under this Agreement.

**2.5 Taxes.** OCFA is subject to applicable sales and use tax. Unless otherwise provided herein or by law, prices do not include applicable sales or use tax. Sales tax will be paid directly to the state of California if not collected by the Contractor.

**2.6 Acceptance.** Unless otherwise agreed to in writing by OCFA: 1) acceptance shall not be deemed complete unless in writing and until all the Goods or Services have actually been received, inspected, and tested to the satisfaction of OCFA, and 2) payment shall be made in arrears after satisfactory acceptance.

**2.7 Payment.** In any month in which Contractor wishes to receive payment, Contractor shall no later than the first working day of such month, submit to OCFA an invoice for Goods provided and Services rendered prior to the date of the invoice. Invoices should be sent by electronic mail to:

Orange County Fire Authority, Accounts Payable  
[ap@ocfa.org](mailto:ap@ocfa.org)

OCFA shall pay Contractor for all expenses stated thereon which are approved by OCFA consistent with this Agreement, within thirty (30) days of receipt of Contractor's invoice. Partial payments are authorized for partial shipments with signature approval.

**2.8 Usage.** No guarantee is given by OCFA to Contractor regarding usage of this Agreement. Usage figures, if provided, are approximate, based upon the last usage. The Contractor agrees to supply the Goods or Services requested, as needed by OCFA, at prices listed in Exhibit "B", attached hereto, regardless of quantity requested.

Contractor acknowledges that this Agreement is subject to and contingent upon funds being appropriated therefore by the OCFA Board of Directors for each fiscal year covered by the Agreement. If such appropriations are not made, or are otherwise limited, OCFA may immediately terminate or modify this Agreement without penalty.

**2.9 Disaster/Emergency Incident Requirements.** In the event of a disaster or emergency incident, this Agreement may be subject to extraordinary usage. The Contractor shall service OCFA during such a disaster or emergency incident under the same terms and conditions that apply during non-emergency conditions. The pricing set forth in the Exhibit "B" shall apply to serving OCFA's needs regardless of the circumstances. If Contractor is unable to supply the Goods or Services under the terms of the Contract, then upon request from OCFA, Contractor shall provide proof of such disruption and a copy of the invoice for the Goods or Services from Contractor's supplier(s). Additional profit margin as a result of supplying Goods or Services during a disaster or emergency incident shall not be permitted.

**2.10 Provision of Additional Goods or Services.** Contractor shall provide Goods or Services in addition to those specified in Exhibit "A" when directed to do so in writing by the Purchasing Manager or designee, hereinafter "the Purchasing Manager", provided that Contractor shall not be required to provide any additional Goods or Services without compensation. Additional compensation in an amount within management authority must be approved in writing by the Purchasing Manager. Any greater increase must be approved in writing by the Executive Committee of the OCFA Board of Directors. In the event any change or changes to the Goods or Services is requested by OCFA, the parties hereto shall execute an addendum to this Agreement, setting forth with particularity all terms of such addendum, including, but not limited to, any additional fees.

**2.11 Reports/Meetings.** As required by the Contract Administrator, the Contractor shall develop reports and any other relevant documents necessary to complete the requirements set forth in this Agreement. The OCFA's Contract Administrator and Contractor's Representative will meet on reasonable notice to discuss Contractor's performance and progress under this Agreement. If requested, Contractor's Representative and other project personnel shall attend all meetings. The Contractor shall provide such information that is requested by OCFA for the purpose of monitoring progress under this Agreement.

The Contractor shall submit usage reports on an annual basis to and in a format specified by the Contract Administrator 90 days prior to the expiration date of the Agreement term or subsequent renewal term, if requested.

**2.12 Records.** Contractor shall keep such books and records as shall be necessary to properly provide the Goods or Services required by this Agreement and enable the Contract Administrator to evaluate the performance of such requirements. The Contract Administrator shall have full and free access to such books and records at all reasonable times, including the right to inspect, copy, audit and make records and transcripts from such records.

**2.13 Performance.** Contractor shall perform all work under this Contract, taking necessary steps and precautions to perform the work to the reasonable satisfaction of OCFA. **2.14 Time for Completion.** All Goods or Services rendered pursuant to this Agreement shall be performed within the time periods prescribed in Exhibit "A". The extension of any time period specified must be approved in writing by the Contract Administrator.

**2.15 Contractor Personnel.** If providing services, the Contractor warrants that it and all employees, subconsultants and subcontractors providing any Services pursuant to this Agreement shall have a sufficient skill and experience to perform the Services.

If required in Exhibit "A", all Contractor's employees shall wear uniforms, badges, or other means of identification at all times while on OCFA property. If requested, the Contract Administrator must be notified of the means of identification to be worn by employees prior to beginning work and notified seven days prior to any changes in identification.

**2.16 Conflict of Interest – Contractor's Personnel.** The Contractor shall exercise reasonable care and diligence to prevent any actions or conditions that could result in a conflict with the best interests of OCFA. This obligation shall apply to the Contractor; Contractor's employees, agents, and relatives; sub-tier Contractors; and third-parties associated with providing Goods or Services hereunder. The Contractor's efforts shall include, but not be limited to establishing precautions to prevent its employees or agents from making, receiving, providing or offering gifts, entertainment, payments, loans or other considerations which could be deemed to appear to influence individuals to act contrary to the best interests of OCFA.

Further, the Contractor warrants that no gratuities in the form of entertainment, gifts or otherwise were offered or given by Contractor or any agent or representative of Contractor to any officer or employee of OCFA with a view toward securing the Agreement or securing favorable treatment with respect to any determinations concerning the performance of the Agreement. **2.19 News/Information Release.** The Contractor agrees that it will not issue any news releases in connection with either the award of this Agreement or any subsequent amendment of or effort under this agreement without first obtaining review and written approval of said news releases from OCFA through OCFA's Communications Director.

**2.20 Licenses and Permits.** Contractor shall obtain at its sole cost and expense such licenses, permits and approvals as may be required by law to provide the Goods or Services required by this Agreement.

**2.21 Sub-Contracting.** The Contractor shall not contract with any other entity to provide in whole or in part the Goods or Services required hereunder without the express written approval of the Purchasing Manager. If Contractor is authorized to subcontract any part of the work specified herein, Contractor shall be responsible to OCFA for the acts and omissions of its subcontractor(s) and subconsultant(s) in the same manner as it is for persons directly employed. For purposes of this Agreement, all persons engaged in the provision of Goods or Services will be considered employees of Contractor. OCFA will deal directly with and will make all payments to Contractor. Nothing contained in this Agreement shall create any contractual relationships between any subcontractor and OCFA. Contractor shall ensure that all subcontractors maintain insurance in accordance with the requirements set forth herein are complied with prior to commencement of work by each subcontractor.

Transfers restricted hereunder shall include the transfer to any person or group of persons acting in concert of more than twenty five percent (25%) of the present ownership and/or control of Contractor, taking all transfers into account on a cumulative basis. In the event of any such unapproved transfer, including any bankruptcy proceeding, this Agreement shall be void. No approved transfer shall release Contractor or any surety of

Contractor from any liability hereunder without the express written consent of the Purchasing Manager.

**2.25 Proof of Insurance (If Applicable).** The Contractor must furnish OCFA with the documents specified in Exhibit "C" proving the necessary levels of insurance coverage, as required. The certificates of insurance and original endorsements for each insurance policy shall be signed by a person authorized by that insurer to bind coverage on its behalf.

**2.27 Indemnification.** To the fullest extent permitted by law, Contractor shall defend (at Contractor's sole cost and expense with legal counsel reasonably acceptable to OCFA), indemnify and hold the OCFA, its board members, officials, officers, employees, agents and volunteers, free and harmless from any and all claims, demands, orders, causes of action, costs, expenses, liabilities, losses, penalties, judgments, arbitration awards, settlements, damages or injuries of any kind, in law or in equity, including but not limited to property or persons, including wrongful death, (collectively "Claims") in any manner arising out of, pertaining to, related to, or incident to any alleged acts, errors or omissions, or willful misconduct of Contractor, its officers, directors, employees, subconsultants, subcontractors, agents or invitees in connection with performance under this Agreement, or in any manner arising out of, pertaining to, related to, or incident to an alleged breach of this Agreement, including without limitation the payment of all consequential damages, expert witness fees and attorneys' fees and other related costs and expenses.

Notwithstanding the foregoing, and only to the extent that the work performed by Contractor are subject to California Civil Code Section 2782.8, the above indemnity shall be limited, to the extent required by Civil Code Section 2782.8, to claims that arise out of, pertain to, or relate to the negligence, recklessness, or willful misconduct of the Contractor.

Under no circumstances shall the insurance requirements and limits set forth in this Agreement be construed to limit Contractor's indemnification obligation or other liability hereunder. Notwithstanding the foregoing, such obligation to defend, hold harmless and indemnify the OCFA, its board members officials, officers, employees, agents and volunteers, shall not apply to the extent that such Claims are caused by the sole negligence or willful misconduct of that indemnified party.

**2.28 Independent Contractor.** The legal relationship between the Parties is that of an independent contractor, and nothing herein shall be deemed to make Contractor, or any of its personnel, an OCFA employee. During the performance of this Agreement, Contractor and its officers, employees, and agents shall act in an independent capacity and shall not act as OCFA officers or employees. Contractor shall pay all wages, salaries, and other amounts due its employees in connection with the provision of Goods or Services under this Agreement and shall be responsible for all reports and obligations respecting them, including but not limited to social security income tax withholding, unemployment compensation, workers' compensation, and other similar matters. The personnel performing the Services under this Agreement on behalf of Contractor shall at all times be under Contractor's exclusive direction and control. Neither OCFA nor any of its officials, officers, employees, agents or volunteers shall have control over the conduct of Contractor or any of its officers, employees, or agents, except as set forth in this Agreement. Contractor, its officers, employees or agents, shall not maintain a permanent office or fixed business location at OCFA's offices. OCFA shall have no voice in the selection, discharge, supervision, or control of Contractor's officers, employees, representatives or agents or in fixing their number, compensation, or hours of service.

No OCFA benefits shall be available to Contractor, its officers, employees, or agents, in connection with the provision of Goods or Services under this Agreement. Except for fees paid to Contractor as provided for in this Agreement, OCFA shall not pay salaries, wages, or other compensation to Contractor for the provision of any Goods or Services under this Agreement. OCFA shall not be liable for compensation or indemnification to Contractor, its officers, employees, or agents, for injury or sickness arising out of providing any Goods or Services hereunder. If for any reason any court or governmental agency determines that OCFA has financial obligations, other than pursuant to Section 1.3 herein, of any nature relating to salary, taxes, or benefits of Contractor's officers, employees, representatives, agents, or subconsultants or subcontractors, Contractor shall defend, indemnify, and hold harmless OCFA from and against all such financial obligations.

Notwithstanding any other agency, state or federal policy, rule, regulation, law or ordinance to the contrary, Contractor and any of its employees, agents, and subcontractors providing any Goods or Services under this Agreement shall not qualify for or become entitled to, and hereby agree to waive any claims to, any compensation, benefit, or any incident of employment by OCFA, including but not limited to eligibility to enroll in an employee retirement system as an employee of OCFA and entitlement to any contribution to be paid by OCFA for employer contribution and/or employee contributions for employee retirement system benefits.

### **SECTION THREE**

**3.1 Governing Law and Venue.** This Agreement shall be construed and interpreted both as to validity and to performance of the Parties in accordance with the laws of the State of California. Legal actions concerning any dispute, claim or matter arising out of or in relation to this Agreement shall be instituted in the Superior Court of the County of Orange, State of California, or any other appropriate court in such county, and Contractor covenants and agrees to submit to the personal jurisdiction of such court in the event of such action.

**3.2 Compliance with Laws.** Contractor represents and warrants that all Goods or Services rendered hereunder shall be provided in accordance with all laws, ordinances, resolutions, statutes, rules, and regulations of OCFA and any federal, state or local governmental agency of competent jurisdiction.

**3.3 Severability.** In the event that any one or more of the phrases, sentences, clauses, paragraphs, or sections contained in this Agreement shall be declared invalid or unenforceable by valid judgment or decree of a court of competent jurisdiction, such invalidity or unenforceability shall not affect any of the remaining phrases, sentences, clauses, paragraphs, or sections of this Agreement, which shall be interpreted to carry out the intent of the Parties hereunder.

**3.4 Authority.** The persons executing this Agreement on behalf of the Parties hereto warrant that they are duly authorized to execute this Agreement on behalf of said Parties and that by so executing this Agreement the Parties hereto are formally bound to the provisions of this Agreement.

**3.5 Calendar Days.** Any reference to the word "day" or "days" herein shall mean calendar day or calendar days, respectively, unless otherwise expressly provided.

**3.6 Amendments.** No alteration or variation of the terms of this Agreement shall be valid unless made in writing and signed by the Parties; no oral understanding or agreement not incorporated herein shall be binding on either of the Parties; and no exceptions, alternatives, substitutes or revisions are valid or binding on OCFA unless authorized by the Purchasing Manager in writing.

**3.7 Entire Contract.** This Agreement contains the entire agreement between the Parties with respect to the matters herein, and there are no restrictions, promises, warranties or undertakings other than those set forth herein or referred to herein.

**3.8 Termination.** OCFA reserves the right to terminate this Agreement at any time, with or without cause, upon thirty (30) days written notice to Contractor, except where continuation would constitute a danger to health, safety or general welfare, the period of notice shall be such shorter time as may be appropriate.

**3.9 Disputes – Contract.** The Parties shall deal in good faith and attempt to resolve potential disputes informally. If the dispute concerning a question of fact arising under the terms of this Agreement is not disposed of in a reasonable period of time by Contractor's

Representative and OCFA's Contract Administrator, such matter shall be brought to the attention of the Purchasing Manager by way of the following process:

- The Contractor shall submit to the Purchasing Manager a written request for a final decision regarding the disposition of any dispute between the Parties arising under, related to, or involving this Agreement, unless OCFA, on its own initiative, has already rendered such a final decision.
- The Contractor's written request shall be fully supported by factual information, and, if the request involves a cost adjustment to the Contract, include statement by a corporate officer indicating that the request is made in good faith, that the supporting data are accurate and complete, and that the amount requested accurately reflects the Contract adjustment for which Contractor believes OCFA is liable.
- Pending the final resolution of any dispute arising under, related to, or involving this Agreement, Contractor agrees to diligently proceed with the performance of this Agreement, including the delivery of goods and/or provision of services. Contractor's failure to diligently proceed shall be considered a material breach of this Agreement.

**3.10 Breach of Contract.** The failure of Contractor to comply with any of the provisions, covenants or conditions of this Agreement shall be a material breach of this Agreement. In such event OCFA may, and in addition to any other remedies available at law, in equity, or otherwise specified in this Agreement:

- Afford Contractor written notice of the breach and ten days or such shorter time that may be specified in this Agreement within which to cure the breach;
- Discontinue payment to the contractor for and during the period in which Contractor is in breach; and
- Withhold any payments to the Contractor for the purpose of set-off or partial payment of the amounts owed to OCFA.

**3.11 Waiver.** No delay or omission in the exercise of any right or remedy of a non-defaulting party on any default shall impair such right or remedy or be construed as a waiver. No consent or approval of OCFA shall be deemed to waiver or render unnecessary OCFA's consent to or approval of any subsequent act of Contractor. Any waiver by either party of any default must be in writing and shall not be a waiver of any other default concerning the same or any other provision of this Agreement.

**3.12 Remedies Not Exclusive.** Except with respect to rights and remedies expressly declared to be exclusive in this Agreement, the rights and remedies of the Parties are cumulative and the exercise by either Party of one or more of such rights or remedies shall not preclude the exercise by it, at the same or different times, of any other rights or remedies for the same default or any other default by the other Party.

**3.13 Legal Action.** In addition to any other rights or remedies, either Party may take legal action, in law or in equity, to cure, correct or remedy any default, to recover damages for any default, to compel specific performance of this Agreement, to obtain injunctive relief, a declaratory judgment, or any other remedy consistent with the purposes of this Agreement.

If either party commences an action against the other party arising out of or in connection with this Agreement or its subject matter, the prevailing party shall be entitled to recover reasonable attorneys' fees and costs of suit from the losing party.

**A1. CONTRACTOR RESPONSIBILITIES**

**A1.1 CONTRACT IMPLEMENTATION**

At the time of award, Contractor shall immediately consult with OCFA to identify all contracted uniform items by size to be stocked at Contractor's local distributor location and backup warehouse. This shall recur annually and prior to any agreement renewals. OCFA and Contractor shall agree to a size/quantity distribution using expected manpower levels in each user department. Changes in OCFA personnel will be captured annually.

**A1.2 ORDERING**

OCFA will place all orders via the Contractor's online ordering platform, eQuip. The eQuip system shall include approval levels. The first level of approver will be the requestor. The online platform will include a "fill-in" type form with size and alteration options provided as drop down menus. **A1.3.2** Contractor shall not use existing sizing data at agreement inception to fill orders. OCFA requestors will have the ability to specify their own sizes when placing online orders; OCFA Service Center will validate prior to approving the order. If the requestor requires fitting services, he or she will select "To be Fitted" and will visit the store for sizing.

**A1.3.3** Individual sizing services will be performed at the store location located at 1249 West Katella Avenue, Orange, CA 92867 between the hours of:

- 9:00 AM – 5:30 PM, Monday through Friday

**A1.6.2** If an item requiring return or exchange is due to an error by OCFA, Contractor will accept returns of new, unused, non-customized items within thirty days of delivery. Galls may provide consideration on customized items.

**A1.6.3** All returns and exchanges must be administered by OCFA Service Center.

#### **A1.7 PROJECT MANAGER**

Contractor must assign a Project Manager to service the OCFA account. The Project Manager must be available between 8:00 A.M. to 5:00 P.M. PST Monday through Friday to provide assistance to OCFA personnel with inquiries such as billing, ordering, or product information.

### **A2. DELIVERABLES**

#### **A2.1 UNIFORMS & ACCESSORIES**

See Exhibit "E" – Specifications: Uniforms & Accessories. OCFA may add, change, or remove line items as necessary throughout the life of the contract.

#### **A2.2 STOCK LEVELS**

Contractor will utilize a minimum/maximum system to aid in maintaining sizes of uniforms for OCFA. OCFA will have the ability to run itemized sales history reports from the online ordering platform which will display prior usage of sizes.

### **A3. OCFA RESPONSIBILITIES**

**A3.1** OCFA will provide Contractor with the names, ranks, locations and employee ID numbers of OCFA personnel authorized to order uniforms. This information is to be loaded into the online ordering platform.

**A3.2** OCFA Service Center will input orders for firefighter academies into the online ordering platform.

### **A4. DUE DATES/SCHEDULES/TIMELINES**

#### **A4.1 LEAD TIME**

Standard turnaround time to receive complete orders, including all embroidery, patching, and alterations, is seven to fourteen days. Expedited orders can be completed within one to five days. Turnaround time may vary based on size and/or complexity of the order.

Contractor must meet the agreed-upon lead time throughout the life of the agreement. In any instance where the lead time will not be met, the Contractor is required to notify OCFA that the deadline will be missed prior to the deadline passing.

Contractor will monitor inventory levels of certain manufacturers, such as Workrite, to support the OCFA uniform program. Contractor will purchase sufficient stock to supply projected OCFA uniform orders. Should a manufacturer experience stock issues, Contractor will communicate and collaborate with OCFA to identify acceptable alternatives.

#### **A4.2 INVOICES**

Invoices should be submitted to OCFA within five business days after receipt of order.

### **A5. REPORTS AND MEETINGS**

#### **A5.1 REPORTS**

The Contractor will provide access to reports detailing the status of open orders. Reports will be available via the online ordering platform on demand. Reportable data will be updated in real time and will include quarterly itemized sales reports and backorder reports.

The Contractor must also maintain and make available to OCFA a sizing database in common electronic file format, such as .XLS, .DOC or .PDF.

#### **A5.2 MEETINGS**

The Contractor will meet with OCFA every two weeks during the first six months of the agreement term for the purpose of communicating project-related information including, but not limited to, timelines, progress milestones, ordering, and service or delivery issues. After six months, OCFA may elect to reduce the frequency of these meetings.

**B4. ADDITIONAL**

All pricing shall be firm, and include all insurance, warranty, and transportation costs, unless otherwise specified herein. The Contractor certifies that the pricing offered is no higher than the lowest price Contractor charges other agencies for similar quantities under similar

conditions. The Contractor further agrees that any reductions in the price of the Goods or Services described in Exhibit "A" will apply to any undelivered balance. The Contractor shall promptly notify OCFA of such price reductions.

Price escalation will only be granted during the 90 day period prior to each annual anniversary of the contract effective date. The Contractor may submit a written request that OCFA increase the prices for an amount for no more than the twelve month change for the month of April in the Producer Price Index for Final Demand Finished Goods Less Foods and Energy, Not Seasonally Adjusted, as published by the U.S. Department of Labor, Bureau of Labor Statistics (<http://www.bls.gov>).

Approval for contract price escalation shall only be granted based on the Producer Price Index (PPI) and/or historic price/cost data supplied by Contractor that clearly and convincingly is verifiable and shows a cost that reflects the same gross profit percent as the base pricing. The Contractor's profit margin shall not be increased during the term of this agreement nor during the term of any renewals or extensions granted. The OCFA shall review the request for adjustment and respond in writing; such response and approval shall not be unreasonably withheld.

At the end of the initial term, pricing may be adjusted for amounts other than inflation based on mutual agreement of the parties after review of appropriate documentation. Renewal prices shall be firm for at least one year, and may be adjusted thereafter as outlined in the previous paragraph. No fuel surcharges will be accepted. No price increases will be accepted without proper request by Contractor and response by the Purchasing Manager.

**EXHIBIT "C"**  
**Insurance Requirements**

- C1.** Compliance with Insurance Requirements. Firm shall obtain, maintain, and keep in full force and effect during the term of this Agreement, at its sole cost and expense, and in a form and content satisfactory to OCFA, all insurance required under this section. Firm shall not commence any Services under this Agreement unless and until it has provided evidence satisfactory to OCFA that it has secured all insurance required under this section. If Firm's existing insurance policies do not meet the insurance requirements set forth herein, Firm agrees to amend, supplement or endorse the policies to meet all requirements herein.
- C2.** Types of Insurance Required. Without limiting the indemnity provisions set forth in this Agreement, Firm shall obtain and maintain in full force and effect during the term of this Agreement, including any extension thereof, the following policies of insurance:
- C2.1** Professional Liability/Technology Errors and Omissions Insurance ("PLI"). Firm shall obtain and maintain PLI insurance applicable to each licensed profession practiced by Firm. Firm shall maintain PLI insurance with per-claim and aggregate limits no lower than one million dollars (\$1,000,000.00) each occurrence and two million dollars (\$2,000,000.00) aggregate. Covered professional services shall specifically include all Services to be performed under the Agreement and the policy shall be endorsed to delete any exclusions that may exclude coverage for claims within the minimum PLI Limits for the Services to be performed under this Agreement.
- C2.1.1** The PLI policy shall be endorsed to delete any Contractual Liability Exclusion. The PLI shall include contractual liability coverage applicable to this Agreement. The policy must "pay on behalf of" the insured, and include a provision establishing the insurer's duty to defend the insured.
- C2.1.2** If the PLI policy of insurance is written on a "claims-made" basis, the policy shall be continued in full force and effect at all times during the term of this Agreement, and for a period of three (3) years from the date of the completion of all Services provided hereunder (the "PLI Coverage Period"). If any PLI policy is replaced, cancelled, non-renewed, discontinued, or otherwise terminated, or if the limits of a PLI policy are reduced or the available coverage depleted below the required minimum coverage amounts for any reason during the PLI Coverage Period, Firm shall immediately obtain replacement PLI coverage meeting the requirements of this Section 6.2.1. Such replacement coverage shall satisfy all requirements herein, and shall include coverage for the prior acts or omissions of Firm during the time period during which any Services were performed. The coverage shall be evidenced by either a new policy evidencing no gap in coverage, or by obtaining separate extended "tail" coverage with the present or new carrier or other insurance arrangements providing for complete coverage, either of which shall be subject to the written approval by the OCFA.
- C2.1.3** If the PLI policy is written on an "occurrence" basis, the policy shall be continued in full force and effect during the term of this Agreement, or until completion of the Services provided for in this Agreement, whichever is later. In the event of

termination of the PLI policy during this period, new coverage shall immediately be obtained, and written evidence of the policy shall be immediately provided to OCFA, to ensure PLI coverage during the entire course of performing the Services.

**C2.1.4** Firm shall not perform any Services at any time during which required types or amounts of PLI insurance are not in effect, and OCFA shall have no obligation to pay Firm for Services performed while required PLI insurance is not in effect.

**C2.2** Commercial General Liability Insurance. Firm shall obtain and maintain, in full force and effect throughout the term of this Agreement, Insurance Services Office (ISO) Form CG 00 01 covering CGL on an "occurrence" basis, including property damage, bodily injury and personal & advertising injury with limits no less than one million dollars (\$1,000,000.00) per occurrence and two million dollars (\$2,000,000.00) aggregate. If a general aggregate limit applies, the general aggregate limit shall be no less than two million dollars (\$2,000,000.00). Coverage for products and completed operations is required with limits no less than two million dollars (\$2,000,000.00) aggregate. CGL insurance shall be provided on an occurrence-based coverage form; a "claims made" CGL policy is not acceptable. Firm shall maintain CGL insurance with per-claim, aggregate and products and operations completed limits no lower than the minimum CGL coverage limits set forth above. Defense costs shall be paid in addition to the limits. The policy shall contain no endorsements or provisions limiting coverage for any of the following: (1) contractual liability; (2) cross liability exclusion for claims or suits by one insured against another; or (3) any other exclusion contrary to this Agreement.

**C2.3** Automobile Liability Insurance. Firm shall obtain and maintain, in full force and effect throughout the term of this Agreement, a policy of Automobile liability insurance written on a per occurrence basis with limits of at least one million dollars (\$1,000,000.00) combined limit for each occurrence covering bodily injury, disease and property damage. Defense costs shall be paid in addition to the policy limits. The policy shall specifically include coverage for owned, non-owned, leased, and hired automobiles, and be endorsed to eliminate any exclusion applicable to any of them.

**C2.4** Workers' Compensation Insurance. Firm shall obtain and maintain, in full force and effect throughout the term of this Agreement, a policy of Workers' Compensation Insurance with limits no less than one million dollars (\$1,000,000.00), and in compliance with all other statutory requirements applicable in the State of California. Firm hereby waives on its own behalf, and shall obtain an endorsement from its workers' compensation insurer waiving on the insurance company's behalf, all rights of subrogation against the OCFA, its board members, officials, officers, employees, agents and volunteers.

**C2.4.1** If subconsultants or subcontractors are used, Firm shall require each of its subconsultants and subcontractors, if any, to waive all rights of subrogation, and to obtain endorsements from the subconsultants'/subcontractors' workers' compensation insurers waiving all rights of subrogation, against the OCFA, its board members, officials, officers, employees, agents and volunteers.

**C2.4.2** Firm and each of its subconsultants and subcontractors shall also maintain, in full force and effect throughout the term of this Agreement, Employer's Liability Insurance with limits of at least one million dollars (\$1,000,000.00) per injury or illness.

**C3.** Acceptability of Insurers. Each insurance policy required by this section shall be issued by a licensed company authorized to transact business by the Department of Insurance for the State of California with a current rating of A-VII or better (if an admitted carrier), or a current rating of A:X or better (if offered by a non-admitted insurer listed on the State of California List of Approved Surplus Line Insurers (LASLI)), by the latest edition of A.M. Best's Key Rating Guide, except that the OCFA will accept workers' compensation insurance from the State Compensation Fund. In the event the OCFA determines that the Services to be performed under this Agreement creates an increased or decreased risk of loss to the OCFA, the Firm agrees that the minimum limits of the insurance policies may be changed accordingly upon receipt of written notice from the OCFA.

**C3.1** Firm shall immediately replace any insurer whose A.M. Best rating drops below the levels specified herein with an insurer that meets the minimum requirements herein.

**C4.** Specific Insurance Provisions and Endorsements. Required insurance policies shall not be in compliance if they include any limiting provision or endorsement that has not been submitted to the OCFA for written approval. Required insurance policies shall contain the following provisions, or Firm shall provide endorsements on forms approved by the OCFA to add the following provisions to the insurance policies:

**C4.1** CGL and Auto Liability Endorsements. The policy or policies of insurance required by this Agreement for CGL and Automobile Liability Insurance shall be endorsed as follows:

**C4.1.1** Additional Insured: The OCFA, its board members, officials, officers, employees, agents and volunteers, shall be additional insureds; and

Additional Insured Endorsements: Additional insured endorsements shall not (1) be restricted to "ongoing operations", (2) exclude "contractual liability", (3) restrict coverage to "sole" liability of Firm, (4) contain any other exclusions contrary to the Agreement; or (5) contain special limitations on the scope of protection afforded to additional insureds.

**C4.1.2** Primary, Non-Contributing. Each CGL and Auto Liability insurance policy shall be endorsed to be primary and any other insurance, deductible, or self-insurance maintained by the OCFA, its board members, officials, officers, employees, agents or volunteers, shall not contribute with the primary insurance.

**C4.2** Notice of Cancellation: Each policy of any type shall be endorsed to provide that coverage shall not be suspended, voided, cancelled, or modified, or reduced in coverage or in limits, except after thirty (30) days prior written notice has been provided to the OCFA. Notwithstanding the foregoing, if coverage is to be suspended, voided, or cancelled because of Firm's failure to pay the insurance premium, the notice

provided by the insurer to OCFA shall be by not less than ten (10) days prior written notice. (A statement that notice will be provided "in accordance with the policy terms" or words to that effect is inadequate to meet the requirements of this Section).

**C4.2.1** Pre-Payment of Policy Premium. If for any reason an insurer declines to issue an endorsement certifying that it will notify OCFA in accordance with section 6.4.2, Firm shall either obtain insurance from another insurer who will provide the required notice endorsement or shall provide evidence satisfactory to OCFA that the entire policy premium for the full term of that policy has been pre-paid such that the risk of non-payment of premiums during the term of the policy has been eliminated.

**C4.3** ACORD Forms Will Not Be Accepted in Lieu of Endorsements. By executing this Agreement, Firm certifies that it has – prior to execution of this Agreement - confirmed that its insurance company will issue each of the endorsements required by this Agreement. Firm also certifies that it understands that "ACORD" Certificate of Liability Insurance forms will not be accepted in lieu of required endorsements.

**C5.** Deductibles and Self-Insured Retentions. Any deductible or self-insured retention must be approved in writing by the OCFA in advance. The decision whether to approve or withhold approval of a deductible or self-insured retention shall be made by the OCFA in the OCFA's sole and absolute discretion. (Firm may request pre-approval from OCFA of a deductible or self-insured retention prior to submitting Firm's Proposal).

**C6.** Waiver of Subrogation. All policies of Commercial General Liability and Automobile Liability Insurance shall contain or be endorsed to waive subrogation against the OCFA, its officials, officers, employees, agents and volunteers; or shall specifically allow Firm or others providing insurance evidence in compliance with the requirements set forth in this section to waive their right to recovery prior to a loss. Firm hereby agrees to waive its own right of subrogation against the OCFA, its officials, officers, employees, agents and volunteers.

**C6.1** Waivers of Subrogation: Subconsultants and Subcontractors. If OCFA approves the use of subconsultants or subcontractors for the performance of any portion of the Services, then Firm shall obtain from each subconsultant and subcontractor, and make available to OCFA upon request, written express waivers by each subconsultant and subcontractor of the right of subrogation against the OCFA, its officials, officers, employees, agents and volunteers, and policy endorsements of each of its subconsultants' and subcontractors' insurance policies waiving any rights of subrogation against the OCFA, its officials, officers, employees, agents and volunteers insurer. All such waivers and endorsements shall be obtained prior to commencement of any Services by each subconsultant or subcontractor.

**C7.** Evidence of Coverage. Concurrently with the execution of the Agreement, Firm shall deliver certificates of insurance together with original endorsements affecting each of the insurance policies required to be maintained by Firm by this Section 5. Firm shall promptly furnish, at OCFA's request, copies of actual policies including all declaration pages,

endorsements, exclusions and any other policy documents OCFA requires to verify coverage.

**C7.1** Required insurance policies shall not be in compliance if they include any limiting provision or endorsement that has not been submitted to the OCFA for written approval.

**C7.2** Authorized Signatures. The certificates of insurance and original endorsements for each insurance policy shall be signed by a person authorized by that insurer to bind coverage on its behalf.

**C7.3** Renewal/Replacement Policies. At least fifteen (15) days prior to the expiration of any policy required by this Agreement, evidence of insurance showing that such insurance coverage has been renewed or extended shall be filed with the OCFA. If such coverage is cancelled or reduced and not replaced immediately so as to avoid a lapse in the required coverage, Firm shall, within ten (10) days after receipt of written notice of such cancellation or reduction of coverage, file with the OCFA evidence of insurance showing that the required insurance has been reinstated or has been provided through another insurance company or companies meeting all requirements of this Agreement.

**C8.** Requirements Not Limiting. Requirement of specific coverage or minimum limits contained in this section are not intended as a limitation on coverage, limits, or other requirements, or a waiver of any coverage normally provided by any insurance. Nothing in this section shall be construed as limiting in any way the indemnification provision contained in this Agreement, or the extent to which Firm may be held responsible for losses of any type or amount.

**C9.** Enforcement of Agreement (Non-Estoppel). Firm acknowledges and agrees that actual or alleged failure on the part of the OCFA to inform Firm of any non-compliance with any of the insurance requirements set forth in this Agreement imposes no additional obligation on the OCFA nor does it waive any rights hereunder.

**C10.** Insurance for Subconsultants. If OCFA approves the use of subconsultants or subcontractors for the performance of any portion of the Services, then Firm shall be responsible for causing each approved subconsultant and subcontractor to procure and maintain insurance in the same types and amounts required for Firm, and in full compliance with the insurance requirements set forth in this Agreement, except as otherwise authorized in writing by the Contract Manager.

**C10.1** Delivery of Evidence of Subcontractor Insurance. Upon request of OCFA, Firm shall deliver to OCFA all certificates of insurance and endorsements required from subcontractors and subconsultants. (Note: Firm's duty to obtain all required insurance for subcontractors and subconsultants required under this Agreement applies whether or not OCFA requests delivery of evidence of such coverage.)

**C11.** Other Insurance Requirements. The following terms and conditions shall apply to the insurance policies required of Firm and its subconsultants and subcontractors, if any, pursuant to this Agreement:

- C11.1** Firm shall provide immediate written notice to OCFA if (1) any of the insurance policies required herein are terminated, cancelled, suspended, or non-renewed (2) the limits of any of the insurance coverages required herein are reduced; (3) any required insurance coverage is reduced below the required minimum limits through claims or otherwise, or (4) the deductible or self-insured retention is increased.
- C11.2** All insurance coverage and limits required under this Agreement are intended to apply to each insured, including additional insureds, against whom a claim is made or suit is brought to the full extent of the policies. Nothing contained in this Agreement or any other agreement relating to the OCFA or its operations shall limit the application of such insurance coverage.
- C11.3** None of the insurance coverages required herein will be in compliance with the requirements of this section if they include any limiting endorsement which substantially impairs the coverages set forth herein (e.g., elimination of contractual liability or reduction of discovery period), unless the endorsement has first been submitted to the OCFA and approved in writing.
- C11.4** Certificates of insurance will not be accepted in lieu of required endorsements, and submittal of certificates without required endorsements may delay the Project. It is Firm's obligation to ensure timely compliance with all insurance submittal requirements as provided herein and Firm agrees to reimburse OCFA for any losses resulting from its failure, or its subconsultants' or subcontractors' failure, to timely comply with the requirements of this Agreement.
- C11.5** Firm agrees to ensure that subconsultants and subcontractors, if any, and any other parties involved with the Project who are brought onto or involved in the Project by Firm, provide the same minimum insurance coverage required of Firm. Firm agrees to monitor and review all such coverage and assumes all responsibility for ensuring that such coverage is provided in conformity with the requirements of this section. Firm agrees that upon request, all agreements with, and evidence of insurance from, subconsultants and subcontractors and others engaged in performing any Services will be submitted to the OCFA for review.
- C11.6** Firm agrees to provide immediate written notice to OCFA of any claim, demand or loss arising out of the Services performed under this Agreement and for any other claim, demand or loss which may reduce the insurance available to an amount less than required by this Agreement.
- C12.** Indemnification: To the fullest extent permitted by law, Firm shall defend (at Firm's sole cost and expense with legal counsel reasonably acceptable to OCFA), indemnify and hold the OCFA, its board members, officials, officers, employees, agents and volunteers, free and harmless from any and all claims, demands, orders, causes of action, costs, expenses, liabilities, losses, penalties, judgments, arbitration awards, settlements, damages or injuries of any kind, in law or in equity, including but not limited to property or persons, including wrongful death, (collectively "Claims") in any manner arising out of, pertaining to, related to, or incident to any alleged acts, errors or omissions, or willful misconduct of Firm, its officers,

directors, employees, subconsultants, subcontractors, agents or invitees in connection with performance under this Agreement, or in any manner arising out of, pertaining to, related to, or incident to an alleged breach of this Agreement, including without limitation the payment of all consequential damages, expert witness fees and attorneys' fees and other related costs and expenses.

Notwithstanding the foregoing, and only to the extent that the Services performed by Firm are subject to California Civil Code Section 2782.8, the above indemnity shall be limited, to the extent required by Civil Code Section 2782.8, to claims that arise out of, pertain to, or relate to the negligence, recklessness, or willful misconduct of the Firm.

Under no circumstances shall the insurance requirements and limits set forth in this Agreement be construed to limit Firm's indemnification obligation or other liability hereunder. Notwithstanding the foregoing, such obligation to defend, hold harmless and indemnify the OCFA, its board members officials, officers, employees, agents and volunteers, shall not apply to the extent that such Claims are caused by the sole negligence or willful misconduct of that indemnified party
