

MAMA'S NEST

Mama's Nest is adorned by
A flawless arrangement of
Handpicked petals from roses
African violets, orchids
Baby breath and forget-me-nots
Their extraordinary
Beauty, texture and fragrance
Reflect mama's faith, wisdom
Perseverance, courage, joy
And unconditional love
Mama's Nest has thorns beneath
It's soft, green foliage lining
Which prevents harm-seeking prey
Negative influences
From devouring her newborns
Mama guarantees comfort
Nourishment and protection
Until her young learn to fly
And prepare their unique nests
