Subject: appeal hearing 9/28 for the EIR on the Desmond bridge development

---

cityclerk@longbeach.gov

subj: appeal hearing 9/28 for the EIR on the Desmond bridge development

Please forward this on to all council members in advance of this meeting and make a part of the official record.

to: mayor and city council

I am disappointed that the eir has been certified by the harbor commission without bicycle and pedestrian access. Bike lanes are what is needed to gain access to San Pedro and encourage the alternate forms of transportation that we all need.

Our organization represents many residents of long beach that want to promote more cycling uses.

Please keep me informed of your ideas and certainly please do not deny this appeal and send this project back for revisions.

Thank you
