DISCUSSION:

The City is currently investing millions of dollars into the new and improved beach concessions and activity hubs at Alamitos Bay, Junipero Beach and Granada Beach; this is a perfect opportunity to create a more inclusive and welcoming experience for all people with the use of accessible matting. This matting, now being used in other CA beach cities like Huntington Beach and Manhattan Beach (as well as other beaches across the country), will allow beach-goers a seamless transition from the pedestrian path to the ocean, giving people with disabilities an opportunity to experience the beach in a way they never have before.

Suggested Action: Approve recommendation.
