REGULAR AGENDA	Theresa Hew	lthew1@yahoo.com		Please adopt Final Map 1 as it unites our communities of interest, does not divide California Heights, and allows the airport to be in two districts most affected by airport activity.	11/18/2021
REGULAR AGENDA	Theresa Hew	lthew1@yahoo.com		Please adopt Final Map 1 as it unites our communities of interest, does not divide California Heights, and allows the airport to be in two districts most affected by airport activity.	11/18/2021
REGULAR AGENDA	Birgit De La Torre	delatorre.birgit@verizon.net		<p>Despite a legal requirement to respect geographic factors, the maps attaches physically-disconnected Bixby Knolls/Cal. Heights CD 5.</p> <p>You pitting two very different communities against each other. Please, consider voting on one of the previously proposed maps that keeps Cal. Heights/Bixby Knolls in a CD that is mostly on the westside of the airport.</p> <p>Why push through this contorted district E? If you don't reconsider, please, explain why you think this CD E as currently proposed is a good idea and serves the citizens in that area best.</p> <p>Sincerely, Birgit De La Torre</p> <p>P.S. Please, keep in mind that some of us do not feel safe to come to the in person meeting during this pandemic.</p>	11/18/2021
<p>3. (21-136RC) Recommendation to adopt one the following two options to approve a Proposed Final Map as the Final Map:</p> <p>(A) Adopt resolution approving IRC Proposed Final Map 1 establishing new City Council</p>	Cheri Hawks	cheridvtek@gmail.com		<p>I am a long time resident and homeowner in Bluff Park. I am in complete disagreement with the current proposed maps. At a minimum we are asking for One small change of moving Bluff Park alone into District C does not significantly impact the population, diversity, variance, expanse, or shape of any District, while helping balance our Community of Interest pertaining to the important aspects of its coastal historic districts. Without this it seems that our interests and voices have been ignored by the council. I am hoping you will give serious consideration.</p>	11/18/2021

I live in Bluff Park as do lots of my brown and gay friends. We have melted into our community and have never had issues where we felt the need to be boxed in with any specific LGBTQ community. We participate in the life of our historic district, frequent Belmont Shore, and Naples, and run businesses in those areas. We fight to be a whole. Why are you trying to box us in and single us out? Bluff Park to stay a whole with its historic partners on the east side!!! And Gay and straight to be a whole too!</p>	11/18/2021

I have lived in the Belmont Shore, Belmont Park, Naples, and Belmont Heights area for over thirty-five years. I currently own a home in Bluff Park and our family home is in Belmont Park. All of my shopping and entertainment is on the East side. I have worked with my coastal neighbors over the years on so many common interests including crime, litter, and quality of life. A few years back I was able get our field deputy to put up signs from Bayshore to Livingston on Broadway to prevent oversized business trucks from parking in front of my Mother's and her neighbors homes in Belmont Park. By friends in Naples and Belmont Shore and Belmont Heights helped to support our Lamp Post project here in Bluff Park. We are stronger together. I support with my Bluff Park neighbor's the letter submitted on Nov.16 to the Commission by the BPNA president. Thank you for your valued consideration.</p>	11/18/2021

So many of us stood up to let you know we want to stay whole and together with the other historic neighborhoods we more easily identify with, and with which we have partnered up in a multitude of projects. We stand behind BPNA's letter to the Independent Redistricting Commission dated November 16, 2021 and concur with all it suggests.</p>	11/17/2021

This map, amended over the course of several months and incorporating tens of hours of public testimony from all corners of the city, pulls off something remarkable- it creates balanced district populations in each district while also maintaining the territorial integrity of the vast majority of established neighborhoods.</p> <p>I remind the commission that maintaining previous district lines should NOT be a priority because doing so would only perpetuate past harm from a heavily gerrymandered process. You were entrusted to wipe the slate clean and forge ahead with a more equitable and democratic process.</p> <p>Not everyone got what they wanted in this map- and that's a good thing! Everyone gave up a little, which means the city as a whole gained a lot. Please pass Proposed Final Map 2.</p>	11/17/2021

But Bixby Knolls/Cal Heights and northeast Long Beach are NOT distinct neighborhoods and the airport is a natural dividing line between these neighborhoods.</p> <p>Please, explain your logic, your motive for throwing together these very distinct areas of the city into one huge district. You spent MANY hours manipulating district boundaries in other parts of the city.</p>	11/17/2021

<p>3. (21-136RC) Recommendation to adopt one the following two options to approve a Proposed Final Map as the Final Map:</p> <p>(A) Adopt resolution approving IRC Proposed Final Map 1 establishing new City Council district boundaries; or</p> <p>(B) Adopt resolution approving IRC Proposed Final Map 2 establishing new City Council district boundaries; and</p> <p>Adopt a final report explaining the City Council district boundaries; and</p> <p>Authorize the City Clerk to make any necessary technical adjustments to implement the new City Council district boundaries.</p>	Corliss Lee	corlisslee@aol.com		<p>Both maps submitted as candidates for a final map are near identical and split CD5 (district E) in half, combining the eastside with the westside, which makes very little sense to those of us that live there. District 5 as a neighborhood and as a community have been together since 1991. Almost all of the maps submitted by the public kept the existing boundaries of CD5 in place. The consultant submitted 4 of 5 maps with those same boundaries indicating the public favored it. The eastside of Long Beach and the westside of Long Beach have very little in common. They have different problems and issues. Please do not approve either of the maps put forward for final vote. There is more work to be done to get this right. The first map moved forward as IRC Draft Map 1 with amendments (dividing an airport census block) solves the airport issues while keeping natural neighborhood boundaries in place. Please reconsider the earlier map that got it right for all of us.</p>	11/16/2021

<p>3. (21-136RC) Recommendation to adopt one the following two options to approve a Proposed Final Map as the Final Map:</p> <p>(A) Adopt resolution approving IRC Proposed Final Map 1 establishing new City Council district boundaries; or</p> <p>(B) Adopt resolution approving IRC Proposed Final Map 2 establishing new City Council district boundaries; and</p> <p>Adopt a final report explaining the City Council district boundaries; and</p> <p>Authorize the City Clerk to make any necessary technical adjustments to implement the new City Council district boundaries.</p>	C S Kolding	christiansvaneskolding@gmail.com		<p>We recently moved to Long Beach and now own a house in the Craftsman Village Historic District. We write to appeal to the Independent Redistricting Commission to place the Craftsman Village Historic District back into Council District 2 (located in area B on both of the latest maps under consideration from the November 10, 2021, Redistricting Meeting)</p> <p>As one of the oldest historic districts in Long Beach, we believe the preservationist interests of the Craftsman Village are more in line with the neighboring historic districts adjacent to ours (Rose Park and Carroll Park, for starters) and with current talk of expanding the Craftsman Village Historic District further east, it makes even more sense that the Redistricting Commission take every effort to keep this historic district intact as far as voting districts are concerned.</p> <p>Please note, our neighbors, AOC7 also offers their support to put our historic district back into Area B.</p> <p>Thank You.</p>	11/16/2021

I wish we could do the meetings on Zoom so I could also make my voice heard. So I have to protest this way instead. I moved from Belmont Shore to Bluff Park for a reason and I want these coastal communities to stay whole together. The historic district should not be broken up as proposed. I want to stay in district 3 or C as before. I am an immigrant and having my community stay together as I have gotten to know it is very, very important to me. Please make my comment official and hear me and others out who also feel the same way.</p>	11/15/2021

<p>3. (21-136RC) Recommendation to adopt one the following two options to approve a Proposed Final Map as the Final Map:</p> <p>(A) Adopt resolution approving IRC Proposed Final Map 1 establishing new City Council district boundaries; or</p> <p>(B) Adopt resolution approving IRC Proposed Final Map 2 establishing new City Council district boundaries; and</p> <p>Adopt a final report explaining the City Council district boundaries; and</p> <p>Authorize the City Clerk to make any necessary technical adjustments to implement the new City Council district boundaries.</p>	Wayne Shimabukuro	wayneshima@yahoo.com		<p>Dear Redistricting Commission Members,</p> <p>I urge you to approve Option B approving IRC Proposed Final Map 2 which includes the area between E. San Antonio Drive and Del Amo Boulevard between Atlantic Avenue and Cherry Avenue within the boundary of District E. There are two landmarks within our neighborhood (Bixby Knolls Shopping Center and Bixby Knolls Park) that are an integral part of Bixby Knolls' history and we have a tight knit community and large group of volunteers who coordinate and participate in trash pickup/collection events at Bixby Knolls Park and Bixby Knolls Shopping Center. We value this neighborhood, it's history and the volunteer groups who provide assistance with maintaining these landmarks by keeping these areas litter free.</p> <p>Option B approving IRC Proposed Final Map 2 will also resolve our concerns about the expansion of District E from El Dorado Park to Rancho Los Cerritos. The distance is too far reaching and we will lose our sense of community.</p>	11/13/2021
