Dear Cultural Heritage Commission:

I live in Belmont Shore near the proposed historic restoration project for South of Nick's at 5354 E 2nd Street in Belmont Shore. Nick's is a first-class operation that I have personally enjoyed for many years. I have now resided in Belmont Shore for 11 years and I believe adding a South of Nick's to 2nd Street would be a big win for our community. I believe the restoration of this historic building to its original use as a restaurant will significantly improve the quality of life and business activity in the area. Bringing back historic features of the building will enhance the look and feel of the community. Also, the addition of outdoor dining is very important in the post-pandemic world, so I am fully supportive of that aspect of the project. Please accept my support and feel free to contact me should you have any questions. Thank you.
