RE: Appeal # 2203-10 (APL 22-02)
3758 California Ave.

Dear Commissioners:

I have taken the time and the interest as a CHHD (District 5) resident (senior/handicapped) to research this Application, Appeal, Location, Improvements and Denial.

Upon both drive-by and walk-by inspections recently, I would conclude that improvements made have resulted in aesthetically-pleasing, historic appropriateness to the District.

I would encourage the CHC to reopen this Appeal and to reconsider your Planning Staff's denial of this Application.

Respectively submitted,

Catherine McCabe
