# Fire Station 9

This project involves construction of a new building to replace the recently-closed Fire Station #9 and lease of the temporary facility during construction. Through FY 22, \$6,661,792 in Measure A funds have been allocated for these purposes. The project has recently been approved by the Planning Commission. Additionally, Measure A funding in the amount of \$165,000 supported lease costs and utilities for the temporary location for Station 9 in FY 22.

# Fire Station 14

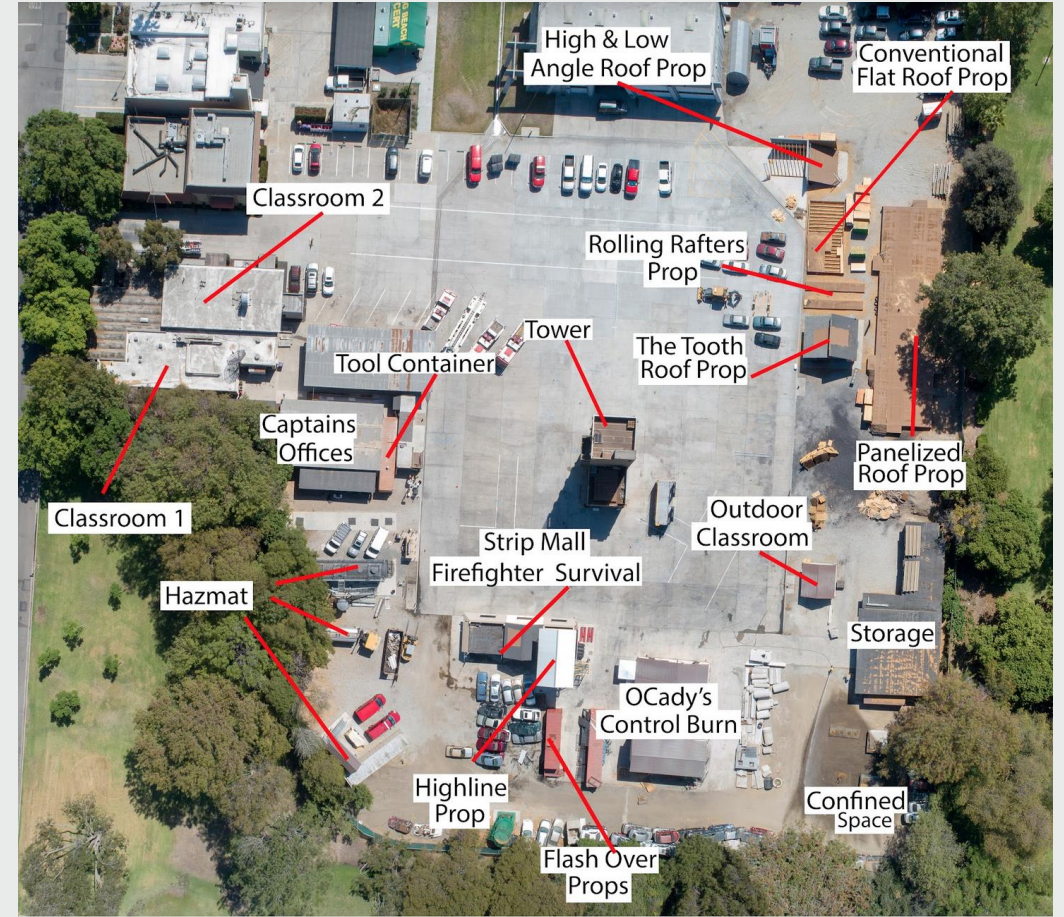

- Workforce privacy
- Much-needed deferred maintenance
- Roof replacement
- Energy efficiency upgrades to reduce greenhouse gases
- New Westnet alarm system
- Through FY 22, \$295,000 in Measure A funds allocated
- Estimated completion date of Summer 2024

# Training Center

Project will involve both new construction and modernization to the existing space. The current Measure A funding of \$1,325,000 (through FY 22) is intended to kickoff scope development and design.

# Engineer Academy and Fire Recruit Academy

## Engineer Academy

- \$500,000 in FY 22 Measure A Funds
- 16 candidates
- 11 successfully passed the Engineer Exam
- 4 weeks of instruction
- 7 instructors

## Fire Recruit Academy

- \$250,000 in FY 22 Measure A funds supported
  - Prospective Recruit Exercise Program (PREP)
  - Unbudgeted Background Investigation costs
  - Unbudgeted Personnel costs

# New 5-Year Infrastructure Plan (FY 23 - FY 27)

## **Fire Station 9 (\$3,199,718)**

- New modern style fire station strategically located to better serve the community

## **Fire Station 11 (\$500,000)**

- Interior and exterior paint
- Plumbing repair and deferred maintenance

## **Fire Station 13 (\$500,000)**

- Kitchen and bathroom renovation
- Deferred maintenance

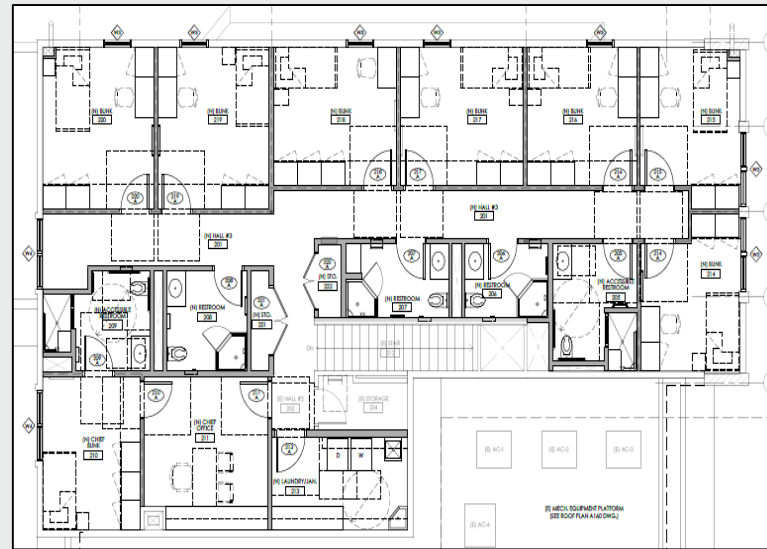

## **Fire Station 14 (\$3,000,000)**

- Workforce privacy renovation
- Deferred maintenance
- Energy efficiency upgrades

## **Fire Training Center (\$1,300,000)**

- Expansion of Training Center
- New classrooms and offices
- Workforce privacy renovation

**Total Investment: \$8,499,718**
