Launched a new outreach ministry at MacArthur Park in Long Beach in February of this year. We feed the homeless and make new connections with struggling people in the area with the goal of bringing them into God's family. We treat them like family members with support and love developing relationships with life changing effects. We meet every Monday bringing food, clothes, hygiene kits and have partnered with a mobile shower program to offer laundry and showers to people in need.

Notable Success Stories

A women named Laporsche has lived on the streets for 30 years living in prostitution and drug abuse. She has changed her life since we have been loving on her. She is now living in temporary housing while waiting for her own permanent housing. She is receiving counseling and other services to continue her healing process. She comes and volunteers with us at the park every week.

We have brought multiple people to the Long Beach Rescue Mission and supported their recovery. One Man has finished his year-long program there and has been sober for a little over a year now.

Micheal has completely changed his life after meeting us at the park. He is in recovery from alcohol addiction and goes to AA everyday and now is 10 months clean. He is currently living at his church and working as the janitor as well as welcoming anyone on the street to have meals at the church. He was baptized. He has left his gang he was involved with for 48 years. He continues to help others on a daily basis.

We help bridge the gap between government resorsus when all their options are unavailable. We step in and help prevent families from sleeping on the streets with temporary shelter at hotels.

We fully furnished 3 home for families with all they needed for daily living after receiving their housing vouchers.

We gathered at the beach for baptisms after mentoring people for several months

Our current needs are funding for hotel stays for emergency situations such as families losing their housing, hygiene items, weekly meals for our ministry at the park. We have just started raising money for a women and childrens home. To best support us we suggest monthly donations so we can guarantee a monthly mortgage payment. Our website has a wishlist for Amazon.com. For more information visit our website at BeaconForHim.org. Donations can be made on our website.
