

Councilmember  
**ROBERTO URANGA**  
Long Beach, Seventh District

**Memorandum**  
**City of Long Beach**  
*Working Together to Serve*

**Date:** August 21, 2018

**To:** Mayor and Members of the City Council

**From:** Councilmember Roberto Uranga, Seventh District *RU*  
Councilmember Daryl Supernaw, Fourth District *DS*  
Councilwoman Stacy Mungo, Fifth District *SM*  
Councilman Al Austin, Eighth District *AL*

**Subject:** Weed and Pest Abatement Policy

---

**RECOMMENDATION:**

Request that City Council amend the City's pest/ weed management policy to eliminate the use of products or materials that contain glyphosate(s), including weed abatement sprays such as "Roundup" and "Ranger Pro." Direct the City Manager to seek alternative organic products for weed and pest abatement for use by City staff in parks, medians and other areas.

**BACKGROUND:**

*Glyphosate* is a widely-used herbicide and is the main ingredient in Monsanto's "Roundup" and "Ranger Pro." The World Health Organization recently found that the chemical *glyphosate* has potential negative health impacts and can be carcinogenic to humans. On March 28, 2017, the California Office of Environmental Health Hazard Assessment (OEHHA) posted a Notice that *glyphosate* would be added to the list of chemicals known to the State of California to cause cancer per Proposition 65. On August 10, 2018, a state court in San Francisco, California ruled that Monsanto products "Roundup" and "Ranger Pro" were not adequately labeled to detail potential negative health impacts.

The City of Long Beach should eliminate the use of products or materials that contain *glyphosate* in order to reduce the community's potential exposure to a carcinogen; to decrease soil chemical contamination by a carcinogen, to bring back nutrient policy that can yield clean, fertile soils; and to reduce the potential risks to community health and the environment.

**FISCAL IMPACT:**

Impacts may include an increase in material costs to City operations. Funding for the anticipated increase in cost for materials could be discussed and included within the FY 2019 budget. City staff could evaluate and identify all fiscal impacts to update this policy.

**City of Long Beach Memorandum**  
*Working Together to Serve*

## REQUEST TO ADD AGENDA ITEM

**Date:** August 15, 2018  
**To:** Monique De La Garza, City Clerk  
**From:** Councilmember Roberto Uranga  
**Subject:** Request to Add Agenda Item to Council Agenda of August 21, 2018

---

Pursuant to Municipal Code Section 2.03.070 [B], the City Councilmembers signing below request that the attached agenda item (due in the City Clerk Department by Friday, 12:00 Noon) be placed on the City Council agenda under New Business via the supplemental agenda.

The agenda title/recommendation for this item reads as follows:

Weed and Pest Abatement Policy
