

Junior Lifeguard Rebuild Facility

**May 1, 2019**

# Jr. Lifeguard

- Founded in 1969 by Long Beach Lifeguard Pat Flynn/Dick Miller
  - Dedicated to educate on lifesaving , water safety, first aid and CPR
  - Encourage young people to become lifeguards
- Jr. Lifeguard Program today
  - Program is 6 weeks in the summer
  - 270 total junior lifeguards (50% female)
  - Monday – Friday 9 am-12 pm and 1 – 4 pm
  - Facility operates year round for safety and stingray treatment

02 07 2018

# Site Location Requirements

- Connection to bicycle path (60-75% of junior lifeguards arrive by bicycle)
- Access to restrooms. This is a significant operational constraint at the current location
- Access to both open water and protected water for training and safety purposes
- Access to utilities
- Improve beach wide stingray response time and treatment locations
- Access for lifeguard equipment and vehicles
- Access for parent drop off/ pick up

# Milestones

- September 2016 Community Meeting – Reviewed existing issues
- October 2016 Community Meeting – Claremont location reviewed
- August 2018 Community Meeting – Project design reviewed
- September 2018 Community Meeting – Kitesurfing impacts discussed
- December 2018 Local Entitlements Received
- January 2019 Submitted to Coastal Commission
- May 2019 Community Meeting
