Subject: Oppose Item 29, file number 20-0070 & Oppose Item 30, file number 20-0071

Please include this letter in the public record Feb. 4, 2020 City Council meeting

Dear Decision Makers,

The Zoning Ordinance is a patchwork of old and new rules. Approach needs to be a logical manner instead of a patchwork of amendments to fit a poorly conceived special interest driven project i.e. jury rigging of placing the BBAC Belmont Pool in an illogical location. This is a failure, a haphazard band aid and a sham. This isn't planning with a vision. WHERE is the Honor? This is being fast tracked and lacking transparency.

This sets a precedent for other out of character projects for this area. This is NOT a Best Practice. A better focus and vision is needed for a 21st Century City to go forward. Passing these two Items is piece meal or called segmentation. Please oppose and DO NOT approve these two Items.
