PUBLIC COMMENT	Michelle Baker	michellebaker199@gmail.com		I am very concerned about several things? No company that has relatvies, spouses or significant others with City Council members should be allowed to do business with the City. ETA Advertising employed Adam Carillo when he was married and the partner of Lena Gonzales. The city gave ETA thousand of dollars in contracts to them. It was a conflict of interest and unethical. Also no spouses or significant others should be appointed to city committes or commissions.	2/8/2021
