When I was called by Mr. Weithers following my complaint against Chief Luna to the CPCC, he and the investigator were asking questions that I felt they should be asking any of the 300 or so police officers present at the superspreader event, and of course Chief Luna himself. Based on past CPCC performance I have my doubts as to the ability of the Commission to perform the work it is tasked with and of the validity of the commission itself. I hope you'll prove me wrong.</p> <p>Clearly the superspreader event happened. Clearly a number of police officers came down with COVID. Clearly Chief Luna was present as were a number of senior staff. Why, in light of the pandemic and of the directives issued by the health department did the leadership condone, and perhaps directly ordere, the mask-less event? Chief Luna in dereliction of duty put his officers and the public they serve at risk.</p>	4/8/2021
