May 4, 2021

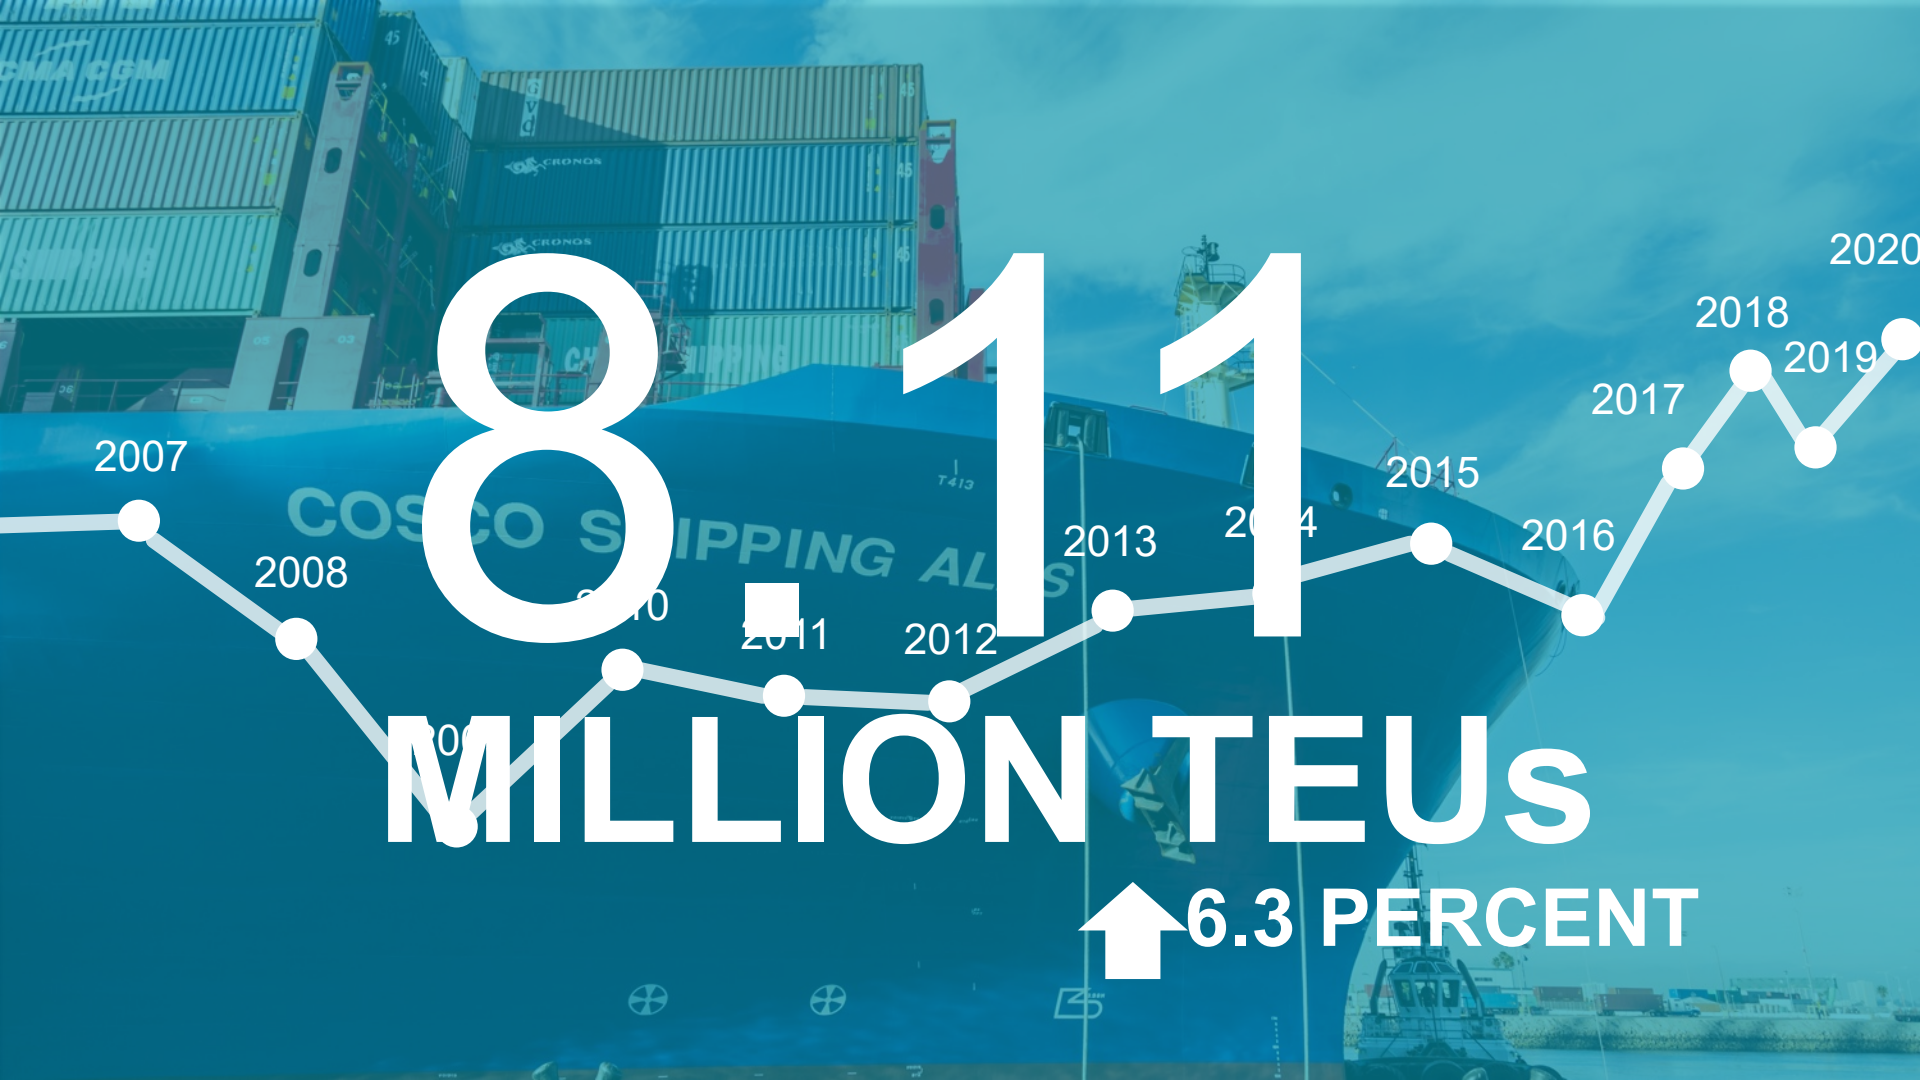

SAN PEDRO BAY PORTS COMPLEX

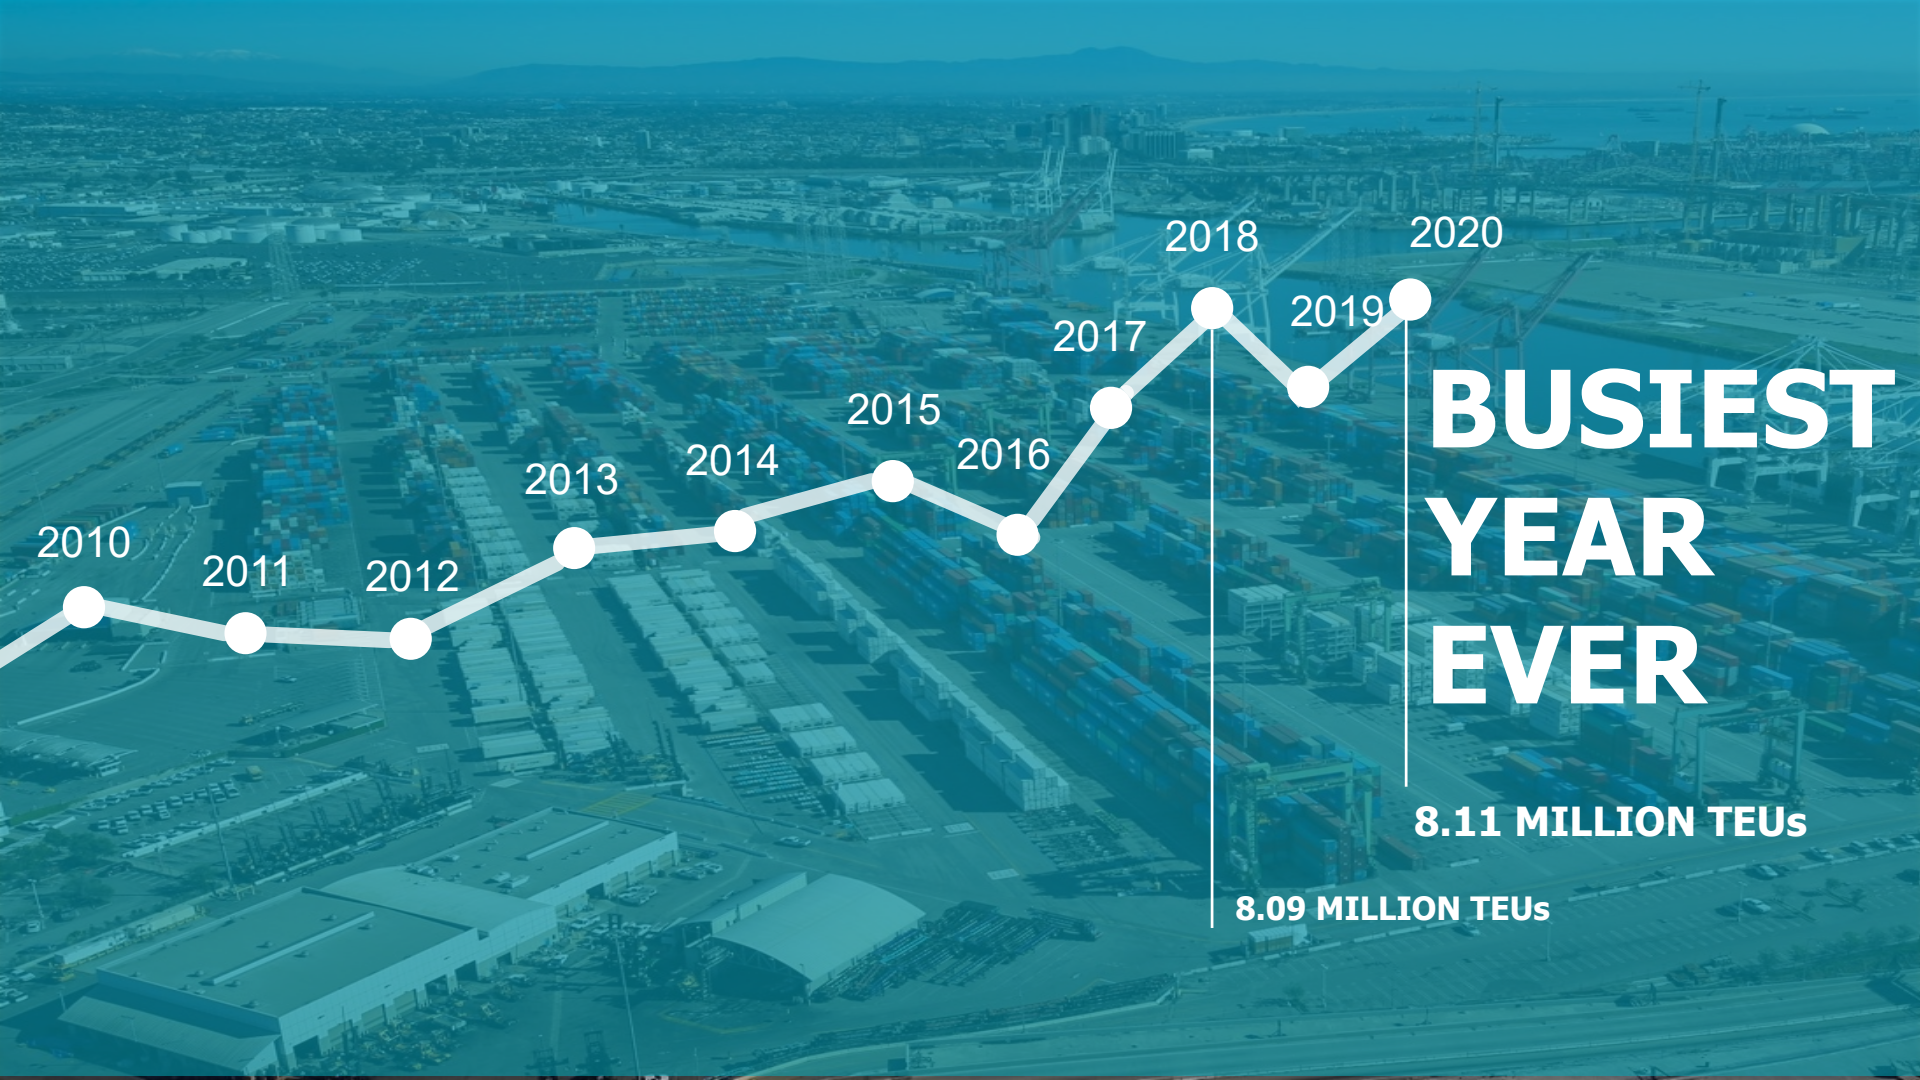

An aerial photograph of the San Pedro Bay Ports Complex in Los Angeles, California. The image shows a large body of water with several piers and docks. Numerous cargo ships and container vessels are moored at the piers. The surrounding area is densely packed with industrial buildings, warehouses, and infrastructure. The water is a deep blue, and the sky is clear.

BUSINESS RECOVERY TASK FORCE

A large blue container ship is sailing on the ocean. The ship is loaded with many colorful shipping containers. In the background, there are port cranes and other ships. A semi-transparent blue box is overlaid on the image, containing the title and a list of tasks.

- Gather and report critical business information
- Anticipate and address operational issues
- Engage and mobilize supply chain partners
- Expedite containers carrying COVID-19 supplies
- Advocate for ports, goods movement and trade
