The scope of work includes a 215-square-foot single-car garage with an attached carport to the existing 2-car garage; and a 103-square-foot accessory addition to

the garage. A 965-square-foot second floor accessory dwelling unit (ADU) over the garage is also part of this project, however due to State legislation, it is deemed approved, as it has been over 61-days since application. Hence, it is not under their purview for review and consideration by CHC.
