Aquatics Supervisor I-II
Civil Engineering Assistant Test #02
Fire Engineer (PROMOTIONAL)
Geographic Information Systems Supervisor
Housing Aide I-II
School Guard Test #05

*Senior Librarian Test #04
Stock And Receiving Clerk*

To gain a better understanding on the makeup of the examination results, President Garnica asked staff to provide more information for Administrative Analyst I-IV, Aquatics Supervisor I-II, Housing Aide I-II, Senior Librarian and Stock and Receiving Clerk. Staff provided additional information on the following: the difference between those who applied and those who qualified, provided information on minimum requirements and explained the reasoning as to why applicants and/or candidates were not successful.

For the Aquatics Supervisor examination results, Commissioner Arias wanted to know if the recruitment will be reopened since we normally provide the department with a minimum of five candidates. Ms. McDonald responded that if the department is unable to make a selection, Civil Service will run the recruitment again to meet its obligation.

Commissioner Arias stated that since there have been questions regarding the Administrative Analyst position in the past, she would like to receive a detailed report that provides information regarding the position as well as demographics. Ms. Pizarro Winting stated that once the list has been certified, she will bring back information to the Commission.

A discussion took place with President Garnica, Vice President Dowling and Ms. Pizarro Winting regarding how to best present future examination results in terms of those who applied and those who qualified. It was mentioned that perhaps providing information on candidates who move forward, and not just those that were disqualified, would be a better way to present the examination results. It was discussed that staff will look into the feasibility of changing the way the examination results are presented.

A motion was made by Commissioner Arias, seconded by Vice President Dowling, to approve recommendation. The motion carried by the following vote:
