Recommendation to authorize City Manager to execute a contract with Brycer, LLC, of Warrenville, IL, for use of The Compliance Engine, a web-based service that will allow the City to view inspections, testing, and maintenance services on fire and life safety systems in properties inspected by the Long Beach Fire Department, for a period of three years, with the option to renew for two additional three-year periods, at the discretion of the City Manager, or his designee. (Citywide)

City Council approval is requested to enter into a contract with Brycer, LLC (Brycer), for use of The Compliance Engine, a web-based service that will allow the Long Beach Fire Department (LBFD) to manage inspection, testing, and maintenance services for fire protection and life safety systems within the properties they are responsible for inspecting. This system will increase efficiency, timeliness of inspections, and provide readily accessible information on properties throughout the City.

The LBFD currently accesses this information by way of paper files that are received via email or fax and logged onto a spreadsheet to maintain a record of the reports. To retrieve the reports, staff review the spreadsheets and manually pull the files. The Compliance Engine will improve the efficiency and effectiveness of the current system, by allowing Fire Prevention staff to access this information electronically.

The system is provided at no cost to the City. Brycer charges fees to third-party inspectors who maintain and certify fire protection and life safety systems for owners of properties that are inspected by the LBFD.

This matter was reviewed by Deputy City Attorney Kendra Carney and by Budget

Management Officer Victoria Bell on October 19, 2015.

City Council action on this matter is requested on November 10, 2015 in order to achieve a planned implementation date of December 1, 2015.

There are no costs to the City associated with this agreement, and there is no local job impact associated with this recommendation.

Approve recommendation.

MICHAEL DUREE
FIRE CHIEF

APPROVED:

PATRICK H. WEST
CITY MANAGER
