Recommendation to authorize City Manager to execute Facility Use Permits at Facilities Centers with the agencies listed, for a period of five years, with the option of extending each permit annually after the end of the initial term upon a determination by the City that the permittee has fully complied with the terms and conditions of the Permit and is otherwise in good standing with the City. (District 6)

Since 1974, the City of Long Beach has been providing services at three geographically placed Facilities Centers located at: Central Facilities Center, 1133 Rhea Street, Long Beach, CA 90806; North Facilities Center, 6335 Myrtle Avenue, Long Beach, CA 90805; and West Facilities Center, 2125 Santa Fe Avenue, Long Beach, CA 90810. Communitybased services have been provided by the below noted local non-profit agencies that occupy office space at these sites. In order to continue the relationship between the City and these agencies, a Facility Use Permit (Permit) is required. The Permit will be for an initial term of five years and extended at the end of the term upon a determination by the City that the permittee has fully complied with the terms and conditions of the Permit and is otherwise in good standing with the City.

Agencies utilizing space at the centers are required to be non-profit agencies, and they must address a critical need at the local level. Space is provided on a first come first serve basis, based upon availability. All agencies must meet City insurance requirements.

At the September 18, 2007 City Council meeting, Council approved facility use permits for the North and West Facilities Centers, with a request by Councilman Dee Andrews to carry over the permits for the Central Facilities Center to a future council meeting.

The following list describes the agencies housed at the Central Facilities Center requiring Facility Use Permits:

**A. Central Facilities Center, 1133 Rhea Street, Long Beach, CA 90806**

<u>Agency Name</u>	<u>Service Provided</u>
1. Helpline Youth Counseling, Inc.	Provides individual, group and family counseling to Long Beach at-risk youth ages 8-18.
2. Long Beach Unified School District	Provides child care services to children of low income parents, for children age 2-5.

This matter was reviewed by Deputy City Attorney Lori A. Conway on September 25, 2007 and by Budget and Performance Management Bureau Manager David Wodynski on September 7, 2007.

City Council action is requested on October 9, 2007 to allow the Facility Use Permits to begin October 1, 2007, for a five-year term, which may be extended at the end of the term upon a determination by the City that the permittee has fully complied with the terms and conditions of the Permit and is otherwise in good standing with the City.

The Facility Use Permits are granted at no fee or charge to the agencies. As the lead operator, the City is responsible for utilities and facility costs.

Approve recommendation.
