File #: 16-1103, **Version:** 1

Recommendation to authorize City Manager, or designee, to execute a contract, and any subsequent amendments, with the City of Los Angeles Housing and Community Investment Department in the amount of \$39,980, for the provision of fee-for-service, housing-related testing services by the Health and Human Services Department's Public Health Laboratory for the period of October 1, 2016 through September 30, 2017, with an option to extend the term for up to two additional one-year terms subject to the availability of funds. (Citywide)

The City of Long Beach Health and Human Services Department (Health Department) Public Health Laboratory contracts with other public agencies to perform various testing and diagnostic services that augment Health Department revenues. Since 2009, the Health Department has performed fee-for-service housing-related testing services for the City of Los Angeles Housing and Community Investment Department. Testing fees are charged in accordance with the Health Department's current fee schedule, and revenues of up to \$39,980 per-year are anticipated, depending on the sample type, number of tests performed, and the turnaround time requested for each test. This fee-for-service contract will be for a term of one-year, October 1, 2016 through September 30, 2017, with an option to renew for two additional one-year periods.

This matter was reviewed by Deputy City Attorney Linda T. Vu on November 18, 2016 and by Budget Management Officer Rhutu Amin Gharib on November 23, 2016.

City Council action is requested on December 13, 2016. Processing of this agreement was delayed at the City of Los Angeles level. The Health Department will bill for services rendered once the agreement has been approved.

Execution of this contract will result in annual revenues of up to \$39,980, depending upon the sample type, number of tests performed and the requested turn-around time for each test. Fees will be charged in accordance with the Health Department's current fee schedule and will cover the fully loaded City cost to provide these services. Sufficient appropriation currently exists in the Health Fund (SR 130) in the Health and Human Services Department (HE) to provide these services. The option of two additional one-year renewals will be considered with appropriate adjustments to City fees for service.

Approve recommendation.

**KELLY COLOPY
DIRECTOR
HEALTH AND HUMAN SERVICES**

APPROVED:

PATRICK H. WEST
CITY MANAGER
