File #: 07-0537, **Version:** 1

Recommendation to refer the creation of a Second District Parking Advisory Commission to the Economic Development and Finance Committee for review of fiscal impact.

In response to the City Council action of August 1, 2006 (Attachment 1), the following outlines a possible structure for a Second District Parking Advisory Commission (commission). The commission may be composed of seven members, appointed by the Mayor and confirmed by the City Council. The membership could include the following:

one member as a professional from the field of planning or engineering; two members as owners or operators of a business in the Second District; and four members as residents of the Second District. The purpose of the commission would be to advise and make recommendations to the City Council regarding parking issues in the Second District, and to identify potential short and long-term parking and mobility solutions.

This matter was reviewed by Assistant City Attorney Heather Mahood on May 10, 2007, and Budget and Performance Management Bureau Manager David Wodynski on May 9, 2007.

City Council action on this item is requested on May 15, 2007 in order to initiate a request for applications for prospective commissioners by June 2007.

The fiscal impact resulting from the creation of a Second District Parking Advisory Commission will be evaluated during the deliberations of the Economic Development and Finance Committee.

Approve recommendation.

GERALD R. MILLER
CITY MANAGER
