File #: 06-0459, **Version:** 1

Recommendation to authorize City Manager to execute an Assignment Consent Agreement for the Signal Hill Waste Water Lines referenced in Facility/Pipeline Permit No. P-13-50 from Shell Oil Company to Signal Hill Petroleum, Inc., in accordance with Section 15.44.220, Permit-Transfer, of the City of Long Beach Municipal Code. (Districts 3,4,5)

Shell Oil Company is requesting consent to assign its interest in the Signal Hill Waste Water Lines as referenced in Facility/Pipeline Permit No. P-181-94 to Signal Hill Petroleum, Inc. The waste water pipelines range in size from 8-inches to 12-inches with a total combined length of 18,726.05 feet. The routes of the pipelines are shown on the attached vicinity maps.

Since this is only a transfer of ownership with no use modifications, there will be no excavating involved as a result of this action. Liability insurance and bonding for faithful performance, as required by Section 15.44.220, Permit-Transfer, of the Long Beach Municipal Code, will be processed following City Council authorization of the consent for assignment.

This matter was reviewed by Deputy City Attorney J. Charles Parkin on April 14, 2006.

City Council action on this matter is not time critical.

An estimated pipeline permit fee of \$28,000 will be deposited annually (GP) in the Department of Public Works (PW).

Approve recommendation.
