Recommendation to receive and file the report discussing implementation of the Independent Study recommendations and consider additional suggestions from the City Manager concerning redevelopment in Long Beach. (Discussion limited to the bullet item on page 2 regarding the process for selection of new Redevelopment Agency Boardmembers.) (Citywide)

To ensure greater community participation in the process of redevelopment, selection of new Redevelopment Agency Boardmembers should be better aligned with those Council Districts that have the highest proportion of defined redevelopment project areas. This approach would help to achieve greater sensitivity concerning those most pressing redevelopment-related issues and challenges that exist in each of the Council Districts.
