

Legislation Text

File #: 10-0406, **Version:** 1

Recommendation to authorize City Manager, or designee, to execute all necessary documents and subsequent amendments between the City of Long Beach and the Long Beach Community Foundation, to provide Weed and Seed Youth Leadership Program Services in Central Long Beach in the amount of \$14,000 for the period of March 1, 2010 through August 31, 2010. (Districts 1,6,7)

The Weed and Seed Youth Leadership Program (Program) was designed as a comprehensive approach to leadership training to meet the specific needs of low socioeconomic status youth residing in the Weed and Seed target area. The Program has three main areas of focus: individual growth and opportunity, family support, and community change. The program uses a systems perspective in recognizing that the health and well-being of youth is not independent of a healthy family and community.

The program strives to create a positive impact in multiple systems affecting the lives of youth. The model developed and utilized by the Health Department is based on research and best-practice methods.

Phase I of the program began with funding from the Pacific Gateway Workforce Investment Network Youth Opportunity Center to offer paid work and volunteer experience to forty youth during the summer of 2009. Utilizing the Program's funding from the U.S. Department of Justice, Phase II started in October 2009 with the Leadership Program continuing to emphasize the importance of civic engagement while holding weekly workshops that focused on teaching specific leadership skills and group work. Phase III has now begun and will be funded in part by this grant from the Long Beach Community Foundation.

The grant awarded by the Long Beach Community Foundation will fund efforts towards the following four goals of the Weed and Seed Youth Leadership Program:

- Goal 1: Promote job training and job experience with youth in the Connected Corridor
Phase III Target Area in Central Long Beach
- Goal 2: Create a youth-supportive community in the Phase III Target Area
- Goal 3: Strengthen academic support to youth residing in the Phase III Target Area
- Goal 4: Continue to develop the Youth Leadership Program in the Phase III Target Area.

This matter was reviewed by Deputy City Attorney Linda Trang on March 19, 2010 and by Budget Management Officer Victoria Bell on March 23, 2010.

City Council action on this matter is requested on April 20, 2010, as this agreement became effective on March 1, 2010.

Funding in the amount of \$14,000 is being made available through the Long Beach Community Foundation to be expended from March 1, 2010 through August 31, 2010.

Sufficient appropriations currently exist in the Health Fund (SR 130) and the Department of Health and Human Services (HE) to support this program. There is no City match and no impact to the General Fund.

Approve recommendation.

RONALD R. ARIAS
DIRECTOR, HEALTH AND HUMAN SERVICES
