Title: Recommendation to Receive and file a report on the feasibility of a Long Beach Community Choice Aggregation (CCA);

Defer for two years any decision whether to participate in a CCA, or possibly sooner if new information becomes available solidifying benefits, to allow for increased stability in the California electricity market and reduce potential risk to residents and businesses;

Direct City Manager to perform community outreach regarding the CCA concept along with potential benefits and risks to customers, as well as to gain feedback on how supportive the community might be of a Long Beach CCA;

Direct City Manager to prepare a study that analyzes CCA governance options including forming a stand-alone City enterprise, creating a new Joint Powers Authority (JPA) with another interested public agency, or joining an existing JPA;

Direct City Manager to continue to monitor the energy market and related regulations and report to the City Council annually or sooner if substantial market changes occur; and

Direct City Manager to continue the City's partnership with Southern California Edison to raise awareness of existing programs that provide Long Beach residents and businesses with various options to purchase a greater mix of renewables and utilize energy more efficiently. (Citywide)
